COMMISSION
CLERK

Re: Docket No.

Dear Ms. Bayo:

Under the terms of the FCC's Order approving the Bell Atlantic/GTE merger (*Application of GTE Corp.*, 15 FCC Rcd 14032, June 16, 2000), The Ultimate Connection, L.C. d/b/a DayStar Communications is adopting in Florida the negotiated terms of Amendment No. 2 to the Interconnection Agreement between Cooperative Communications, Inc. and Verizon New Jersey Inc., f/k/a Bell Atlantic-New Jersey, Inc. Enclosed are an original and five copies of the adoption request and amendment.

Verizon is filing this request for the Commission's acknowledgment, consistent with Order number PSC-01-0603-FOF-TP, issued March 13, 2001. As the Commission observed there, the FCC's merger conditions confer no jurisdiction on the Commission to approve or deny adoptions, so acknowledgment is the appropriate course. Service has been made as indicated on the attached certificate.

If there are any questions regarding this matter, please contact me at 813-483-1256.

Very truly yours,

Richard A. Chapkis

Re: Requested Adoption Under the FCC Merger Conditions

Dear Mr. Sanders:

Verizon Florida Inc. ("Verizon"), a Florida corporation, with principal place of business at 201 N. Franklin Street, Tampa, FL 33602-5167, has received your letter stating that, pursuant to paragraph 31(a) of the BA/GTE Merger Conditions ("Merger Conditions"), released by the FCC on June 16, 2000 in CC Docket No. 98-184, The Ultimate Connection, L.C. d/b/a DayStar Communications ("DayStar Communications"), a Florida corporation, with principal place of business at 18215 Paulson Drive, Port Charlotte, FL 33954, wishes to provide services to customers in Verizon's service territory in the State of Florida by adopting the voluntarily negotiated terms of Amendment 2 to the Interconnection Agreement between Cooperative Communications, Inc. ("CCI") and Verizon New Jersey Inc., f/k/a Bell Atlantic - New Jersey, Inc. ("Verizon New Jersey") that was approved by the New Jersey Board of Public Utilities as an effective agreement in the State of New Jersey, as such agreement exists on the date hereof after giving effect to operation of law (the "Verizon New Jersey Combinations Terms").

I understand that DayStar Communications has a copy of the Verizon New Jersey Combinations Terms which, in any case, are attached hereto as Appendix 1. Please note the following with respect to DayStar Communications' adoption of the Verizon New Jersey Combinations Terms.

1. By DayStar Communications' countersignature on this letter, DayStar Communications hereby represents and agrees to the following four points:

DOCUMENT NUMBER DATE

03728 APR 23 8

- (A) DayStar Communications agrees to be bound by and adopts in the service territory of Verizon, the Verizon New Jersey Combinations Terms, as they are in effect on the date hereof after giving effect to operation of law, and in applying the Verizon New Jersey Combinations Terms, agrees that DayStar Communications shall be substituted in place of Cooperative Communications, Inc. and CCI in the Verizon New Jersey Combinations Terms wherever appropriate.
- (B) Notice to DayStar Communications and Verizon as may be required or permitted under the Verizon New Jersey Combinations Terms shall be provided as follows:

To DayStar Communications:

Attention: Dennis Osborn
Director of Administrative Services
18215 Paulson Drive
Port Charlotte, FL 33954
Telephone number: 941/206-7816
Facsimile Number: 941/629-4452
Internet Address: d.osborn@daystar.net

To Verizon:

Director-Contract Performance & Administration
Verizon Wholesale Markets
600 Hidden Ridge, HQEWMNOTICES
Irving, TX 75038
Telephone Number: 972/718-5988
Facsimile Number: 972/719-1519
Internet Address: wmnotices@verizon.com

with a copy to:

Vice President and Associate General Counsel
Verizon Wholesale Markets
1515 North Court House Road, Suite 500
Arlington, VA 22201
Facsimile: 703/351-3664

- (C) DayStar Communications represents and warrants that it is a certified provider of local telecommunications service in the State of Florida, and that its adoption of the Verizon New Jersey Combinations Terms will only cover services in the service territory of Verizon in the State of Florida.

- (D) In the event an interconnection agreement between Verizon and DayStar Communications is currently in effect in the State of Florida (the "Original ICA"), this adoption shall be an amendment and restatement of the Combinations terms and conditions of the Original ICA, and shall replace in their entirety the Combinations terms of the Original ICA. This adoption is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. Any outstanding payment obligations of the parties that were incurred but not fully performed under the Original ICA shall constitute payment obligations of the parties under this adoption.
2. DayStar Communications' adoption of the Verizon New Jersey Combinations Terms shall become effective on April 4, 2003. Verizon shall file this adoption letter with the Florida Public Service Commission ("Commission") promptly upon receipt of an original of this letter, countersigned by an authorized officer of DayStar Communications. The term and termination provisions of the CCI/Verizon New Jersey agreement shall govern DayStar Communications' adoption of the Verizon New Jersey Combinations Terms. DayStar Communications' adoption of the Verizon New Jersey Combinations Terms is currently scheduled to expire on April 23, 2003.
 3. As the Verizon New Jersey Combinations Terms are being adopted by DayStar Communications pursuant to the Merger Conditions, Verizon does not provide the Verizon New Jersey Combinations Terms to DayStar Communications as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Verizon New Jersey Combinations Terms does not in any way constitute a waiver by Verizon of any position as to the Verizon New Jersey Combinations Terms or a portion thereof. Nor does it constitute a waiver by Verizon of any rights and remedies it may have to seek review of the Verizon New Jersey Combinations Terms, or to seek review of any provisions included in these Verizon New Jersey Combinations Terms as a result of DayStar Communications' election pursuant to the Merger Conditions.
 4. DayStar Communications' adoption of the Verizon New Jersey Combinations Terms pursuant to the Merger Conditions is subject to all of the provisions of such Merger Conditions. Please note that the Merger Conditions exclude the following provisions from the interstate adoption requirements: state-specific pricing, state-specific performance measures, provisions that incorporate a determination reached in an arbitration conducted in the relevant state under 47 U.S.C. Section 252 and provisions that incorporate the results of negotiations with a state commission or telecommunications carrier outside of the negotiation procedures of 47 U.S.C. Section 252(a)(1). Verizon, however, does not oppose DayStar Communications' adoption of the Verizon New Jersey Combinations Terms at this time, subject to the following reservations and exclusions:

- (A) Verizon's standard pricing schedule for interconnection agreements in Florida (as such schedule may be amended from time to time) (attached as Appendix 2 hereto), which includes (without limitation) rates for reciprocal compensation, shall apply to DayStar Communications' adoption of the Verizon New Jersey Combinations Terms. DayStar Communications should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Verizon New Jersey Combinations Terms or that are otherwise not part of this adoption. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon's rights under the Merger Conditions.
 - (B) DayStar Communications' adoption of the Verizon New Jersey Combinations Terms shall not obligate Verizon to provide any interconnection arrangement or unbundled network element unless it is feasible to provide given the technical, network and Operations Support Systems attributes and limitations in, and is consistent with the laws and regulatory requirements the State of Florida and with applicable collective bargaining agreements.
 - (C) Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any provision in the Verizon New Jersey Combinations Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commissions, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Verizon New Jersey Combinations Terms.
 - (D) Terms, conditions and prices contained in tariffs cited in the Verizon New Jersey Combinations Terms shall not be considered negotiated and are excluded from DayStar Communications' adoption.
 - (E) DayStar Communications' adoption does not include any terms that were arbitrated in the Verizon New Jersey Combinations Terms.
5. Verizon reserves the right to deny DayStar Communications' adoption and/or application of the Verizon New Jersey Combinations Terms, in whole or in part, at any time:
- (A) when the costs of providing the Verizon New Jersey Combinations Terms to DayStar Communications are greater than the costs of providing them to CCI;
 - (B) if the provision of the Verizon New Jersey Combinations Terms to DayStar Communications is not technically feasible;

- (C) if the Verizon New Jersey Combinations Terms were negotiated between CCI and Verizon New Jersey on or before June 30, 2000; and/or
 - (D) if Verizon otherwise is not obligated to permit such adoption and/or application under the Merger Conditions or under applicable law.
6. Should DayStar Communications attempt to apply the Verizon New Jersey Combinations Terms in a manner that conflicts with paragraphs 3-5 above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.

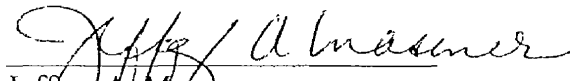

In the event that a voluntary or involuntary petition has been or is in the future filed against DayStar Communications under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (i) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and DayStar Communications' adoption of the Verizon New Jersey Combinations Terms shall in no way impair such rights of Verizon; and (ii) all rights of DayStar Communications resulting from DayStar Communications' adoption of the Verizon New Jersey Combinations Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

AMENDMENT NO. 2

to the

INTERCONNECTION AGREEMENT

between

**VERIZON NEW JERSEY INC.
F/K/A BELL ATLANTIC – NEW JERSEY, INC.**

and

COOPERATIVE COMMUNICATIONS, INC.

This Amendment No. 2 (this “Amendment”) is made this 24th day of March 2001 (the “Effective Date”) by and between Verizon New Jersey Inc., Bell Atlantic – New Jersey, Inc., a New Jersey corporation (“Verizon”), and Cooperative Communications, Inc., a New Jersey corporation (“CCI”). (Verizon and CCI may be hereinafter referred to, each individually, as a "Party" and, collectively, as the "Parties".)

WITNESSETH:

WHEREAS, Verizon and CCI are Parties to an Interconnection Agreement under Sections 251 and 252 of the Telecommunications Act of 1996 dated March 24, 2000 (the "Interconnection Agreement");

WHEREAS, the Federal Communications Commission (the “FCC”) issued an order on November 5, 1999 in CC Docket No. 96-98 (the “UNE Remand Order”), and issued a supplemental order on November 24, 1999 in the same proceeding, which orders became effective in part as of February 17, 2000 and fully effective as of May 17, 2000; and

WHEREAS, Verizon is prepared to provide network elements and collocation in accordance with, but only to the extent required by, Applicable Law.

NOW, THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Interconnection Agreement as follows:

1. Amendment to Interconnection Agreement. Effective as of the date first set forth above, the Interconnection Agreement is amended hereby as follows:

(A) Combinations. Notwithstanding anything set forth in the Interconnection Agreement and subject to the conditions set forth in Section 1(B) of this Amendment, Verizon shall be obligated to provide a combination of network elements (a “Combination”) only to the extent provision of such Combination is required by Applicable Law. To the extent Verizon is required by Applicable Law to provide a Combination to CCI, Verizon shall provide such Combination in accordance with, and subject to, requirements established by Verizon that are consistent with Applicable Law (such requirements, the “Combo Requirements”). Verizon shall make the Combo Requirements publicly available in an electronic form.

(B) Limitations. Notwithstanding anything else set forth in the Interconnection Agreement or this Amendment:

(1) Nothing contained in the Interconnection Agreement or this Amendment shall be deemed to constitute an agreement by Verizon that any item identified in the Interconnection Agreement or this Amendment as a network element is (i) a network element under Applicable Law, or (ii) a network element Verizon is required by Applicable Law to provide to CCI on an unbundled basis. Nothing contained in the Interconnection Agreement or this Amendment shall limit Verizon’s right to appeal, seek reconsideration of or otherwise seek to have stayed, modified, reversed or invalidated any order, rule, regulation, decision, ordinance or statute issued by the New Jersey Board of Public Utilities, the FCC, any court or any other governmental authority related to, concerning or that may affect Verizon’s obligations under the Interconnection Agreement, this Amendment or Applicable Law.

(2) To the extent that Verizon is required by a change in Applicable Law to provide a network element on an unbundled basis to CCI, the terms, conditions and prices for such network element (including, but not limited to, the terms and conditions defining the network element and stating when and where the network element will be available and how it will be used, and terms, conditions and prices for pre-ordering, ordering, provisioning, repair, maintenance and billing) shall be as provided in an applicable tariff of Verizon (a “Verizon UNE Tariff”). In the absence of a Verizon UNE Tariff, to the extent that Verizon is required by Applicable Law to provide a network element to CCI, the terms, conditions and prices for such network element (including, but not limited to, the terms and conditions defining the network element and stating when and where the network element will be available and how it will be used, and terms, conditions and prices for pre-ordering, ordering, provisioning, repair, maintenance, and billing) shall be as provided in this Amendment and the Interconnection Agreement, as amended by this Amendment. In the absence of a Verizon UNE Tariff and if there is a conflict between the terms and provisions of this Amendment or the Interconnection Agreement and Applicable Law governing the provision of a network element, prior to Verizon’s provision of such network element and upon the written request of either Party, the Parties will negotiate in good faith an amendment to the Interconnection Agreement so that the Interconnection Agreement includes terms, conditions and prices for the network element (including, but not limited to, the terms and conditions defining the network element and stating when and where the network element will be available and how it will be used, and terms, conditions and prices for pre-ordering, ordering, provisioning, repair, maintenance and billing)

that are consistent with such Applicable Law.

(3) Verizon shall be required to provide a network element on an unbundled basis only where necessary facilities are available.

(4) Verizon shall not provide CCI, and CCI shall not request from Verizon, access to a proprietary advanced intelligent network service.

(C) Notwithstanding anything set forth in the Interconnection Agreement, the terms “Loop”, “Link”, “ULL”, “Unbundled Local Loop”, “Local Link Transmission” and like terms as used in the Interconnection Agreement and this Amendment mean a transmission path that extends from a main distribution frame, DSX panel or functionally comparable piece of equipment in a Customer’s serving end office to the rate demarcation point (or NID if installed at the rate demarcation point) in or at the Customer’s premises and such terms may be used interchangeably in this Amendment and the Interconnection Agreement. The actual transmission facilities used to provide a Loop may utilize any of several technologies.

(D) Notwithstanding anything set forth in the Interconnection Agreement, the terms “Network Interface Device” and “NID” as used in the Interconnection Agreement and this Amendment mean an interface provided by a telecommunications carrier, including all features, functions and capabilities of such interface, and terminating such carrier’s telecommunications network on the property where a Customer’s service is located at a point determined by such carrier. The NID contains an FCC Part 68 registered jack from which inside wire may be connected to Verizon’s network.

(E) Notwithstanding anything else set forth in the Interconnection Agreement or this Amendment and subject to the conditions set forth in Section 1(B) of this Amendment, Verizon shall provide access to Combinations subject to charges based on rates and/or rate structures that are consistent with Applicable Law (rates and/or rate structures for access to Combinations, the “Rates” and, individually, a “Rate”). Certain of these Rates are set forth in Exhibit A, which Rates Verizon shall charge CCI and CCI agrees to pay to Verizon. CCI acknowledges, however, that certain Rates are not set forth in Exhibit A as of the Effective Date but that Verizon is developing such Rates and Verizon has not finished developing such Rates as of the Effective Date. When Verizon finishes developing the Rates not included in Exhibit A as of the Effective Date, Verizon shall notify CCI in writing of such Rates in accordance with, and subject to, the notices provision of the Interconnection Agreement and thereafter shall bill CCI, and CCI shall pay to Verizon, for services provided under this Amendment on the Effective Date and thereafter in accordance with such Rate. Any notice provided by Verizon to CCI pursuant to this Section 1(E) shall be deemed to be a part of Exhibit A immediately after Verizon sends such notice to CCI and thereafter. Exhibit A may also include, for illustrative purposes only, rates and/or rate structures, as of the date hereof, for certain other unbundled Network Elements and/or combination of Network Elements that CCI may order after (but, for the avoidance of any doubt, not before) the Parties execute another amendment to the Interconnection Agreement (or execute a new interconnection agreement, as the case may be) setting forth terms and conditions for provision of such other unbundled Network Elements and/or combinations of Network Elements;

provided, however, that in such case, the rates and/or rates structures for such other unbundled Network Elements and/or combinations shall be Verizon's applicable rates and/or rate structures therefor as in effect from time to time.

2. Conflict between this Amendment and the Interconnection Agreement. This Amendment shall be deemed to revise the terms and provisions of the Interconnection Agreement to the extent necessary to give effect to the terms and provisions of this Amendment. In the event of a conflict between the terms and provisions of this Amendment and the terms and provisions of the Interconnection Agreement, this Amendment shall govern, *provided, however*, that the fact that a term or provision appears in this Amendment but not in the Interconnection Agreement, or in the Interconnection Agreement but not in this Amendment, shall not be interpreted as, or deemed grounds for finding, a conflict for purposes of this Section 2.

3. Counterparts. This Amendment may be executed in one or more counterparts, each of which when so executed and delivered shall be an original and all of which together shall constitute one and the same instrument.

4. Captions. The Parties acknowledge that the captions in this Amendment have been inserted solely for convenience of reference and in no way define or limit the scope or substance of any term or provision of this Amendment.

5. Scope of Amendment. This Amendment shall amend, modify and revise the Interconnection Agreement only to the extent set forth expressly in Section 1 of this Amendment, and, except to the extent set forth in Section 1 of this Amendment, the terms and provisions of the Interconnection Agreement shall remain in full force and effect after the date first set forth above.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be duly executed and delivered by their duly authorized representatives as of the date first set forth above.

¹ Certain of the rates and charges set forth within, as indicated by a "diamond" (♦), are arbitrated rates taken from the previously arbitrated interconnection, Resale and Unbundling Agreement between GTE and AT&T Communications, which was approved by the Commission in an Order dated January 17, 1997, in Docket Nos. 960847-TP, 960980-TP, and Order PSC-97-0064-FOF-TP. Verizon has agreed to use and to incorporate herein such arbitrated rates subject to the following. The Parties expressly agree (1) that such arbitrated rates shall not be deemed to have been voluntarily negotiated by the Parties and such arbitrated rates are not subject to interstate MFN obligations under Appendix D, Sections 31 and 32, of the Merger Order, and (2) that, if applicable, for purposes of calculating Reciprocal Compensation Traffic, the arbitrated rates shall not apply to Internet Traffic. The foregoing shall not, in any way, limit any other term, condition, limitation or reservation of right in the New Jersey Combinations Terms that applies to rates. The Parties further agree that the Commission's Order in Docket Nos. 960847-TP and 960980-TP, and Order PSC-97-0064-FOF-TP to the extent such Order established the arbitrated rates, shall be deemed an "arbitration decision associated with this Agreement."

Design Change Charge - EELs and Transport	\$ 27.00	\$ 27.00	N/A	N/A
CLEC Account Establishment (per CLEC)	\$166.32	\$166.32	N/A	N/A

Application of NRCs

Preordering:

CLEC Account Establishment is a one-time charge applied the first time that DayStar Communications orders any service from the New Jersey Combinations Terms.

Customer Record Search applies when DayStar Communications requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, 4-Wire Analog, Standard Sub-Loop Distribution, Standard Sub-Loop Feeder, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution, Non-load Sub-Loop Feeder, Loop Conditioning, Customized Routing, ISDN BRI Digital Line Side Port and Line Sharing.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to UNE-P and EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

EELs

The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, CDT, Multiplexing and Clear Channel Capability.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if DayStar Communications requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if DayStar Communications requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if DayStar Communications requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.
