.Ms. Rosanne Gervasi

Florida Public Service Commission

Dear Ms. Gervasi

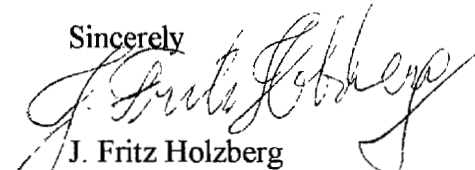

I am sorry to give you trouble again, but my engineer missplaced your last letter with the last 4 or 5 questions. If you would be so kind and mail me another copy of this letter, so I could finally complete the application document.

In referance to your question of the outcome of the hearing on March 7. Nothing has changed ( your letter March 6, 2001).The Judge did not issue a ruling , but strictly recomended to mediate.This is where we are right now. I believe your last letter was the one from March 1, 003.which included those questions ,or before.

I did mention to you that on October 10, 002 our sewer system was damaged  
A man with a backhoe was digging for FPL and hit our sewer pipe close to the liftstation.  
it took us until the end of beginning of March to get everything under controll, and almost \$ 20.000, we still have not received any payments. Their excuse, we did not belong to the Sunshine One State, in fact we did not have to , the law has changed by January 1 2003  
From this day we have to be a member of Sunshine state One Call

We hope to get closer to the certificate, but the fight with Frst Home of Florida goes on, a very dirty fight.

Sincerely

  
J. Fritz Holzberg
