Kay, just talked with LaVera Blanco about this. They filed an ALEC application with a IXC tariff and I wanted to know what type of certificate they wanted. They ALEC application was an error so I told them I would use the ALEC application in place of the IXC application and request that the docket title be changed to an IXC certificate. She is faxing me a letter to confirm this. sooooo could you change the docket title to reflect this docket as an IXC instead of a ALEC.
