IN RE: Application of  
**UTILITIES, INC. OF FLORIDA**  
for approval of a pass-through service  
availability charge for bulk wastewater  
service from the City of Sanford

---

Docket No. 030602-50

**APPLICATION FOR APPROVAL OF**  
**A PASS-THROUGH SERVICE AVAILABILITY CHARGE FOR BULK**  
**WASTEWATER SERVICE FROM THE CITY OF SANFORD**

UTILITIES, INC. OF FLORIDA ("UIF"), by and through its undersigned attorneys, and pursuant to Section 367.091, Florida Statutes, and Rule 25-9.004, Florida Administrative Code, files this Application for Approval of a pass-through service availability charge for bulk wastewater service from the City of Sanford, and in support thereof states:

1. The exact name of the Company and the address of its principal business office is:

UTILITIES, INC. OF FLORIDA  
200 Weathersfield Avenue  
Altamonte Springs, Florida 32714

2. The name and address of the person authorized to receive notices and communications in respect to this application is:

Martin S. Friedman, Esquire  
Rose, Sundstrom & Bentley, LLP  
600 South North Lake Boulevard, Suite 160  
Altamonte Springs, Florida 32701  
(850)877-6555  
(850)656-4029 fax  
[mfriedman@rsbattorneys.com](mailto:mfriedman@rsbattorneys.com)

3. The Applicant and the City of Sanford, Florida (“City”), have entered into a written agreement (“Agreement”) pursuant to which, among other matters, the City will provide wastewater utility service to approximately 240 existing ERCs and 200 proposed ERCs in the Lincoln Heights subdivision in Section 34, Township 19 South, Range 30 East, Seminole County, Florida (“Lincoln Heights”). A true and correct copy of the Agreement is attached to this Application as Exhibit “A”. Lincoln Heights is within UIF’s certificated service area pursuant to PSC Order No. 7562. Attached to the Agreement is a description of Lincoln Heights, as it appears in Order No. 7562.

4. The purpose of the Agreement is to provide wastewater service to Lincoln Heights. Prior to 2000, UIF was providing wastewater service to Lincoln Heights through its local wastewater facilities. In 2000, the Department of Transportation condemned most of the property on which the wastewater treatment facilities serving Lincoln Heights were located, forcing UIF to dismantle the wastewater treatment plant. UIF had no reasonable alternative for providing wastewater service other than to obtain wastewater service from the City of Sanford, Florida, and entered into the Agreement to ensure continuous and uninterrupted service for its customers at Lincoln Heights. The City’s fees and charges should be passed on to UIF’s Lincoln Heights customers.

5. The Agreement provides that UIF will pay the City for “impact fees” or service availability fees for residences of \$2,125 per ERC (\$1,700 + 25% surcharge for connections outside the City limits). Attached as Exhibit “B” is a copy of a letter from the City stating the current service availability fee for residential connections. UIF has paid this charge for all existing connections. A copy of UIF’s check is attached as Exhibit “C”.

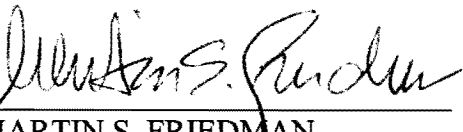

6. The provision of this service to UIF will not materially impact any of UIF’s monthly rates or service availability charges other than those affecting UIF’s Lincoln Heights customers

7. Attached as Exhibit "D" to this Application are the original and two copies of the revised tariff sheets reflecting the provision of wastewater service by the City to UIF's Lincoln Heights customers.

8. Attached as Exhibit "E" is an affidavit that the notice of actual application was given in accordance with Section 367.091(2), Florida Statutes, by regular mail to the chief executive officer of the governing body of each county within the service area included in this request.

Respectfully submitted on this 10<sup>TH</sup> day of July, 2003, by:

**Bulk Wastewater Service Agreement**

Exhibit "A"

**AGREEMENT FOR PURCHASE OF  
WASTEWATER TREATMENT SERVICE**

THIS AGREEMENT, made and entered into this 24<sup>th</sup> day of August, 2000, by and between THE CITY OF SANFORD, a municipal corporation of the State of Florida, hereinafter referred to as "City" and UTILITIES INC. OF FLORIDA, hereinafter referred to as "Utility".

**WITNESSETH:**

WHEREAS, Utility is a valid holder of a Florida Public Service Commission ("PSC") certificate of authorization ("Certificate") to provide wastewater utility services within the unincorporated area of Seminole County ("County") in accordance with Exhibit "A" attached hereto ("Certificated Territory"), and;

WHEREAS, Pursuant to § 180.02, F.S., City is a provider of wastewater utility service to various customers outside the City Limits, and within the unincorporated jurisdiction of the County, and;

WHEREAS, Utility desires to purchase wastewater service from City and City desires to provide such service to Utility;

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, it is agreed as follows:

1. Sale of Wastewater Service. City shall sell wastewater service to Utility, and Utility shall purchase and pay for said service, in accordance with the terms of this Agreement. City shall continuously ensure an adequate transmission of wastewater from the metered outlet of the Utility pursuant to this Agreement subject to natural disasters, unexpected line breaks or stoppages, and all other causes not the fault of the City, and shall continuously ensure future

service based upon Utility's estimated future demand over a five-year planning period, which will be updated from time to time. The initial estimated demand for wastewater service is outlined in Exhibit "B" attached hereto. The estimates in Exhibit "B" are strictly for planning purposes, and Utility shall not be penalized for differences between estimates and actual demand.

2. Connection Point.

A. Utility shall connect its system to the City wastewater system at a City manhole located at the intersection of Bevier Road and Jewett Lane, as shown on Exhibit "C" attached hereto. Additional connection points may be provided when mutually agreed. Utility shall pay the cost of construction of a lift station near said point or points of connection to pump Utility's wastewater to the Connection Point. Utility shall own, operate and maintain said lift station, and do so in accordance with all regulations.

B. Utility shall construct a flow metering system to register the wastewater flows to the City. Said metering system shall be selected, designed and constructed pursuant to City's reasonable specifications and requirements. The Connection Point shall be clearly shown on the engineering design drawings for the metering system.

C. Any new metering systems replacing this original metering system shall be at the Utility's expense, and must be mutually consented to in advance of construction. Said consent shall not be unreasonably withheld.

3. Metering, Charges and Payment.

A. At least annually, the Utility shall retain the services of a meter calibration company qualified or certified by the meter manufacturer, to calibrate and if necessary correct the wastewater meter. Meter accuracy errors in excess of the manufacturer's specifications shall be adjusted for a period of no more than three (3) months of billing. Credits due to errors shall be

applied to the following month's bill. The City may also choose to retain a qualified meter calibration company to check the meter's accuracy at any time, and shall be given access to the meter for said purpose. If Utility's calibration company certifies, in writing, meter error in excess of the manufacturer's specifications, the City shall either: 1) Accept the calibration and error for adjustment of the bill, or, 2) arrange for its own calibration and bill adjustment pursuant to this Agreement within thirty (30) days of Utility's certification of meter error.

B. Utility shall pay City monthly for wastewater service provided pursuant to this Agreement based on readings obtained from the metering system. Utility shall pay all wastewater bills rendered by City within twenty-one (21) days after receipt of same.

C. The City's wastewater facilities impact fee ("Impact Fee") with respect to Utility and its existing and prepaid customers shall be \$ \_\_\_\_\_ for a total of 241 Equivalent Residential Connections ("ERC"). This is based on the current lawful connection fee established by the City. A list of the customers served is shown on Exhibit D. Each new customer connecting to Utility's system after the execution of this Agreement shall be required to pay the current City wastewater impact fee to City, unless a reserve capacity/connection fee has already been paid to Utility or a contract to pay the reserve capacity/connection fee to Utility already existed. A summary of prepaid connections is presented on Exhibit D, and is part of the total fee stated above.

D. City shall give Utility not less than ninety (90) days advance written notice of all increases in monthly charges.

E. The Utility's existing sewage collection system shall be reasonably free of defects that would allow excessive infiltration or inflow to be pumped to the City's system. The City has inspected the Utility's system and finds it reasonably free of defects at the date of execution of this Agreement, however, the City shall have the right to inspect the utility's

collection system in the future to ensure continued compliance with this Agreement. The utility agrees to correct any problem found in their system at their expense. The utility shall abide by all City regulations, especially those concerning wastewater quality and pollutants being discharged to the City.

4. Property of Utility. All mains, lines and equipment installed on Utility's side of the metering point shall be the property of Utility whether installed by Utility or acquired by purchase, gift or contribution.

5. Termination. This Agreement shall remain in force and effect for an initial period of ten (10) years, automatically renewable for subsequent ten (10) year periods unless either party provides notice of termination or modification within two (2) years of the termination date of the current ten (10) year period or subsequent ten (10) year periods.

6. Attorney's Fees and Costs. In any litigation arising out of this Agreement, the prevailing party (City or Utility) in such litigation shall be entitled to recover reasonable attorney's fees and costs.

7. Assignment. Any clauses herein referring to "Utility" shall be presumed to apply also to any successors or assigns of Utility. This agreement shall be freely assignable by Utility to any other utility that receives Utility's Certificate by lawful PSC transfer.

8. Agreement Is Entire This Agreement supersedes all previous agreements or representations, either oral or written, in effect or implied, heretofore in effect between City and Utility, made with respect to the matters herein contained, and when duly executed, constitutes the entire Agreement between City and Utility. No additions, alterations or variations of the terms of this Agreement shall be valid nor shall provisions of this Agreement be waived by either party unless such additions, alterations, variations, or waivers are expressed in writing and duly signed

by both parties.

9. Contingencies. Notwithstanding any provision in this Agreement to the contrary, all obligations of Utility under this Agreement shall be contingent upon: (a) approval of this Agreement by the PSC; (b) the acquisition by Utility of all easements necessary for the extension of its wastewater system to the City, as aforesaid; (c) the issuance to Utility by the City, the PSC, Seminole County, the State of Florida, or the applicable governmental entity; commission, board, agency or official, of all necessary approvals, authorizations, franchises, certificates, tariff provisions and permits as are now or thereafter may be required by statute, ordinance, resolution, regulation, rule or ruling.

10. Force Majeure. In the event that performance of this Agreement by any party is prevented or interrupted as a result of any cause beyond the control of said party including but not limited to Acts of God or of the public enemy, war, national emergency, allocation of or other governmental restriction upon the use or availability of labor or materials, rationing, civil insurrection, riot, racial or civil disorder or demonstration, strike, embargo, flood, tidal wave, fire, explosion, bomb detonation, nuclear fallout, windstorm, hurricane, earthquake or other casualty or disaster or catastrophe, failure or breakdown of pumping, transmission or other facilities, exercise of the power of Eminent Domain, moratorium, governmental rules, acts, orders, restrictions, regulations, or requirements, act or action of any government or public or governmental authority, commission, board, agency, agent, official or officer, the enactment or passage or adoption heretofore or hereafter or the enforcement of any statute or resolution, decree, judgement, restraining order or injunction of any court, said party shall not be liable for such non-performance.

11. Performance Enforceable Without Waiver of Rights. Except as otherwise provided in this Agreement, the parties hereto hereby agree that in the event of failure of performance

hereunder, this Agreement shall be specifically enforceable without waiver of any rights which either party may elect by law.

12. Section Headings for Convenience Only. The section headings used in this agreement are for convenience only and have no significance in the interpretation of the body of this Agreement, and the parties hereto agree that they shall be disregarded in construing the provisions of this Agreement.

13. Document Is the Result of Mutual Draftsmanship. The terms and conditions in this Agreement are the product of mutual draftsmanship by both parties, each being represented by counsel, and any ambiguities in this Agreement or any documentation prepared pursuant to it shall not be construed against any of the parties because of authorship. The parties acknowledge that all the terms of this Agreement were negotiated at arms's length, and that each party, being represented by counsel, is acting to protect its own interest.

14. Interest. Payments due and unpaid under this agreement shall bear interest from the date due at the prevailing rate.

15. Default. Upon the occurrence of an Event of Default by the Utility, the City shall have the right to liquidated damages which, due to the difficulty of measurement and the unacceptable consequences of disconnection, the parties agree shall be equal to fifty percent (50%) of the fees and charges provided for in paragraph three (3) hereof. Said damages shall commence with the occurrence of an Event of Default and shall accrue daily and continue until said default is cured. An Event of Default shall occur upon the Utility being adjudged to be in default or bankrupt, or the failure of Utility to pay when due any amount hereunder, which non-payment shall not have been cured by Utility within ten (10) days following Utility's receipt of written notice of such non-payment, with such notice mailed as Certified Mail, return receipt requested. It

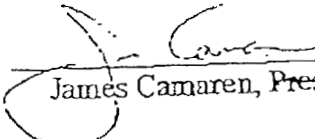

is further provided, however, that Utility's payment to the City of any disputed amounts shall not impair its rights to dispute or litigate any such said amounts. The remedies indicated by this paragraph shall be in addition to any other remedy at law or in equity, which the City might have or which might be provided in this Agreement.

16. Upon the connection of the Utility to the City, the Utility shall be allowed to discharge the wastewater and activated sludge fluids from the Utility's wastewater treatment plant at no additional charge as part of that facility's abandonment plan, so long as the fluid is reasonably clear of grit and debris and within the normal waste strength of domestic sewage defined as 200 mg/L BOD. The Utility shall coordinate the dates and times of this discharge with the City's wastewater treatment plant so as to reasonably minimize any potential impact to that facility. This approved discharge shall specifically exclude sludge from ponds.

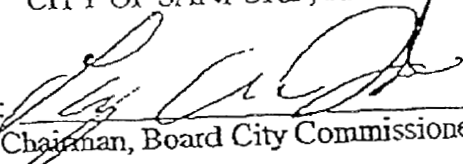

IN WITNESS WHEREOF, the parties hereto have set their hands and seals, the day and year first above written.

EXHIBIT "A"

Description of Service Territory

As determined from PSC Order No. 7562:

Township 19, South, Range 30 East.

Section 34

From a Point of Beginning at the center of Section 34, run North along the West property line of Lots 7, 8, 9, 10 and 11 to the Northwest corner of said Lot 11, 3<sup>rd</sup> Ravenna Park Section of Loch Arbor; thence run East along the North boundary line of said subdivision to the Northeast corner of Lot 14; thence South to the North right-of-way line of Beth Drive; thence West and crossing Beth Drive run South along East property line of Lot 15, East and South along North and East property line of Lot 23 to the North right-of-way line of Tangelo Drive; thence run East along Tangelo Drive and crossing Tangelo Drive run South to the North right-of-way line of Hughey Street; thence East along Hughey Street to the Southwest corner of Lot 24 of 1<sup>st</sup> addition to Lockharts Subdivision; thence North and along West boundary line of Lincoln Heights Subdivision to the Northwest corner of Lot 1, Block 1, Section Two, Lincoln Heights Subdivision; thence run East along the boundary of said subdivision to the East line of Section 34; thence South to Hughey Street; thence run West along Hughey Street to the Southeast corner of Southeast 1/4 of Northeast 1/4 of Section 34; thence run South along Westerly boundary line of Ravenna Park Subdivision to the North right-of-way of Country Club Road and West along said road to the Southwest corner of Lot 14, in the Idyllwilde Subdivision; thence run North and East along the boundary of said subdivision to Vihlen Road; thence crossing Vihlen Road run North and East along the Westerly and Northerly boundaries of Ravenna Park Subdivision to a point on South line of the North 1/2 of Section 34 and the Point of Beginning.

EXHIBIT "B"

Initial Capacity Projections

<b>Existing Connections</b>	<b>Connections under Developer contract</b>	<b>Connections Requested by Developers</b>
241 ERCs (1)	Unknown (2)	200 ERCs (2)

(1) This figure does not include the Equivalent Residential Connections (ERCs) for service to the school, which the City has agreed that Utilities, Inc. need not pay a connection charge. The connections are listed by customer on Exhibit "D".

(2) There is a 1961 agreement (copy provided) that may obligate Utilities, Inc., to provide service to undeveloped portions of Lincoln Heights, by reference to property descriptions rather than ERCs. The apparent present assignee has recently requested service to 200 single family homes to be built on some date yet unknown. This customer will be required to reserve capacity from the City when they are ready to confirm service availability. Utilities, Inc. will keep Sanford informed of the developer's progress, if any, as well as future requests for service under this agreement, or otherwise.

Mr. Donald Rasmussen  
Vice President  
Utilities, Inc. of Florida  
200 Weathersfield Avenue  
Altamonte Springs, Fl 32714

Re: Lincoln Heights STP Connection to Sanford

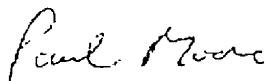

Dear Mr. Rasmussen:

This letter is a follow-up to our telephone conversation concerning the sewer impact fees due for connection of the Lincoln Heights system to the City's sanitary sewer system. You stated that all the connections to the Lincoln Heights facility are single family homes with the exception of the elementary school which is exempt from payment of impact fees. For each single family home connected to our sewer system the impact fee would be \$2125.

Should additional information be needed, please contact me at 407/330-5640.

Sincerely,

CITY OF SANFORD

Paul R. Moore, P.E.  
Utility Director

STATE OF FLORIDA

COUNTY OF SEMINOLE

Before me, the undersigned authority, authorized to administer oaths and take acknowledgments, personally appeared Michele Parks, who, after being duly sworn on oath, did depose on oath and say that she is the secretary of Martin S. Friedman, attorney for UTILITIES, INC. OF FLORIDA and that on July 10, 2003, pursuant to Section 367.091(2), Florida Statutes, she did send by regular U.S. Mail a copy of the Application for Approval of a Pass-Through Service Availability Charge for Bulk Wastewater Service from the City of Sanford to Daryl G. McLain, Chairman of the Seminole County Board of County Commissioners.

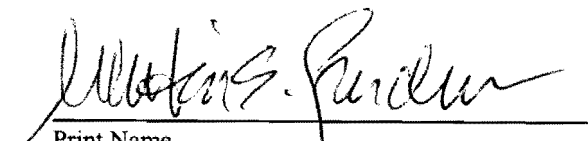

FURTHER AFFIANT SAYETH NAUGHT.

  
Michele Parks

Sworn to and subscribed before me this 9<sup>th</sup> day of July, 2003, by Michele Parks, who is personally known to me.
