RE: Docket No. 030454-WS; Application for Name Change from CM Utility Systems, L.L.C. d/b/a Colonies Water Company to CC Utility Systems, L.L.C. d/b/a Coral Cay Water & Sewer Company

On May 19, 2003, CM Utility Systems, L.L.C. d/b/a Colonies Water Company filed an application to request approval of a name change for Certificate Nos. 481-W and 417-S to CC Utility Systems, L.L.C. d/b/a Coral Cay Water & Sewer Company a Delaware limited liability company. The application was filed pursuant to statute, Section 367.1214, Florida Statute and Rule 25-30.039, Florida Administrative Code, which provides for changes in name only, with no change in the ownership or control of the utility or its assets. The application states that the purpose of the name change is to be consistent with the name change of the Colonies of Margate manufactured home community to Coral Cay Plantation.

The application included a copy of the certificate issued by the Florida Department of State showing its acceptance of the Delaware limited liability company. The application also included the owner's affidavit that ownership and control of the utility and its assets will not change under the new name. A copy of the proposed notice to be sent to the customers of the utility informing them of the change in utility name was included with the application, as well as revised water and wastewater tariffs reflecting the name change. Staff has verified that there are no substantive changes in the tariffs other than the proposed name change. The name change will be effective upon approval by the Commission.

Section 2.07(C)(3) of the Administrative Procedure's Manual grants the Director of the Division of Records and Reporting, in coordination with the appropriate industry division and the Division of Legal Services, the authority to approve changes of names of regulated utilities where no change of ownership or control or transfer of assets is involved. Staff finds the request for a name change is in compliance with the governing statute Section 367.1214, Florida Statutes, and Rule 25-30.039, Florida Administrative Code, and recommends that an administrative order be issued within 30 days approving the change of name on Certificate Nos. 481-W and 417-S to CC Utility Systems, L.L.C. d/b/a Coral Cay Water & Sewer Company. The utility should be required to give notice to customers as soon as practicable after the order is issued. The tariff filing should be approved and effective for services rendered or connections made on or after the stamped approval date. Finally, upon issuance of the order, the docket should be closed.
