COMMISSION CLERK

DATE: August 14, 2003
TO: Jason Rojas, Attorney, Office of the General Counsel
FROM: Shevie Brown, Regulatory Analyst, Division of Competitive Markets and Enforcement
RE: Docket No. 030753-TL, BellSouth Telecommunications Inc. (BellSouth) Petition for Expedited Review of Growth Code Denials by NeuStar for the Miami (Red Road -2) and Keys (Key Largo Main) Exchanges.

On August 4, 2003, BellSouth filed a petition requesting that the Commission overturn NeuStar's decision to deny numbering resources in the Red Road - 2 (MIAMFLRRDS0) and Key Largo Main (KYLRFLMARS0) switches, located in the Miami and Keys exchanges. Specifically, BellSouth requested three (3) 1,000 consecutive number blocks in order to meet the customer's request for 3,000 numbers in the range of NPA NX2 which is the range that will meet the customer's dialing patterns in the Red Road - 2 switch. BellSouth also requested two (2) 1,000 consecutive number blocks in order to meet the customer's request for 2,000 numbers in the range of NPA NX4-1XXX and NPA NX4-3XXX which is the range that will meet the customer's dialing patterns in the Key Largo Main switch. In accordance with Commission Order PSC-02-0352-PAA-TL which approved an expedited process for code denials, we have examined the BellSouth petition, along with the confidential supplemental information, and have determined the following:

- 1) The carrier has demonstrated that it has a specific customer in need of immediate numbering resources;
2) The carrier has shown that it will be unable to provide services to the potential customer because of NeuStar's denial of numbering resources; and
3) The potential customers cannot obtain service from the provider of its choice because the carrier does not have numbers available to fulfill the customers' needs.

Since the three required criteria of Order PSC-02-0352-PAA-TL have been met, please prepare an administrative Proposed Agency Action (PAA) Order to be issued within seven business days of this memorandum (August 25, 2003) as outlined in the expedited code denial process order.

NeuStar should be directed to provide BellSouth the numbering resources to meet its customer's needs, specifically, three (3) 1,000 consecutive number blocks in order to meet the customer's request for 3,000 numbers in the range of NPA NX2 which is the range that will meet the customer's dialing patterns in the Red Road - 2 switch. Also NeuStar should provide BellSouth with two (2) 1,000 consecutive number blocks in order to meet the customer's request for 2,000 numbers in the range of NPA NX4-1XXX and NPA NX4-3XXX which is the range that will meet the customer's dialing patterns in the Key Largo Main switch. Please be sure that in the Order, NeuStar is directed to provide the numbers, not NANPA. Also, please allow staff assigned to the docket to review the Order before it is issued. If you have any questions, please call Shevie Brown at 413-6638.
