**FDN COMMUNICATION'S OBJECTIONS TO
BELLSOUTH TELECOMMUNICATIONS, INC.'S FIRST SET OF
INTERROGATORIES (NOS. 1-13)**

Florida Digital Network, Inc., d/b/a FDN Communications ("FDN"), pursuant to Rule 28-106.206, Florida Administrative Code and Rules 1.340 and 1.280, Florida Rules of Civil Procedure, hereby submits the following Objections to BellSouth Telecommunications, Inc.'s First Set of Interrogatories (Nos. 1 - 13) dated October 15, 2003, and served electronically, after 5:00 p.m. on October 15.

The objections stated herein are preliminary in nature and are made at this time to comply with the 7-calendar day requirement set forth in Order No. PSC-03-1055-PCO-TP issued on September 22, 2003, by the Florida Public Service Commission ("Commission"). Should additional grounds for objection be discovered as FDN prepares its answers to the above-referenced Interrogatories, FDN reserves the right to supplement, revise, or modify its objections at the time it serves its responses.

GENERAL OBJECTIONS

1. FDN objects to each Interrogatory to the extent that it seeks to impose an obligation on FDN to respond on behalf of subsidiaries, affiliates, or other persons that are not parties to this case on the grounds that such

Interrogatory is overly broad, unduly burdensome, oppressive, and not permitted by applicable discovery rules.

2. FDN objects to each Interrogatory to the extent that it is intended to apply to matters other than those directly at issue in this proceeding. FDN objects to each such Interrogatory as being irrelevant, overly broad, unduly burdensome, and oppressive.

3. FDN objects to each Interrogatory to the extent that it requests information that is exempt from discovery by virtue of the attorney-client privilege, work product privilege, or other applicable privilege.

4. FDN objects to each Interrogatory to the extent that it is vague, ambiguous, overly broad, imprecise, or to the extent that it utilizes terms that are subject to multiple interpretations but are not properly defined or explained for purposes of these Interrogatories. Answers, if any, provided by FDN in response to these Interrogatories will be provided subject to, and without waiver of, the foregoing objection.

5. FDN objects to each Interrogatory to the extent that it is not reasonably calculated to lead to the discovery of admissible evidence and is not relevant to the subject matter of this action. FDN will attempt to note in here and/or in its responses each instance where this objection applies.

6. FDN objects to providing information to the extent that such information is already in the public record before the Commission or in the possession of the party propounding the discovery.

7. FDN objects to each Interrogatory to the extent that it seeks to impose obligations on FDN that exceed the requirements of the Florida Rules of Civil Procedure or Florida Law.

8. FDN objects to each Interrogatory to the extent that responding to it would be unduly burdensome, expensive, oppressive, or excessively time consuming.

9. FDN objects to each Interrogatory to the extent that it is not limited to any stated period of time and, therefore is overly broad and unduly burdensome.

10. FDN is a small corporation with employees located in different locations in Florida. In the course of its business, FDN creates documents that are not subject to Commission or FCC retention of records requirements. These documents may be kept in different locations and may be moved from site to site as employees change jobs or as the business is reorganized. Therefore, it is possible that not every document will be identified in response to these requests.

To the extent an Interrogatory or Request is not otherwise objectionable, FDN will conduct a search of the files that are reasonably expected to contain the requested information. To the extent that the Interrogatories and Request purport to require more, FDN objects on the grounds that compliance would impose an undue burden or expense.

11. In certain circumstances, FDN may determine upon investigation and analysis that information responsive to certain discovery requests to which objections are not otherwise asserted are confidential and proprietary and should not be produced at all or should be produced only under an appropriate confidentiality agreement and protective order. By agreeing to provide such information in response to such a discovery request, FDN is not waiving its right to insist upon appropriate protection of confidentiality by means of a confidentiality agreement and protective order. FDN hereby asserts its right to require such protection of any and all documents that may qualify for protection under the Florida Rules of Civil Procedure and other applicable statutes, rules and legal requirements.

12. FDN objects to any discovery requests to the extent any definitions or instructions purport to expand FDN's obligations under applicable law. FDN will comply with applicable law.

13. FDN objects to the discovery requests to the extent they purport to require FDN to conduct any analysis or create information not prepared by FDN or its consultants in preparation for this case. FDN will only comply with its obligations under applicable law.

14. FDN objects to the discovery requests to the extent the requests require information for operations outside the State of Florida.

15. For each specific objection FDN may pose to the discovery here or hereafter, FDN incorporates all of the foregoing general objections.

Respectfully submitted, this 17 day of October 2003.
