Re: Docket No. 020745-SU - Application for certificate to provide wastewater service in Charlotte County by Island Environmental Utility, Inc.

Dear Mr. Wade:

Thank you for your letter to Ms. Blanca Bayó dated November 13, 2003, in which you request that you be granted intervenor status in the above-referenced docket, on behalf of yourself personally and on behalf of the property owners whom you represent as President of The Preserve of Don Pedro Owners Association (Association). A copy of your letter was filed in the docket on November 17, 2003, and your name has been added to the docket as an interested person pending the Commission's decision on your request.

Please be advised that if the Commission grants you intervenor status in this matter, you will be permitted to represent only yourself and not the Association unless you are an attorney or a qualified representative in accordance with Rule 28-106.106, Florida Administrative Code. The Association may wish to hire an attorney to represent it in this matter.

Regardless of whether you intervene in the docket, you, and all potential customers of Island Environmental Utility, Inc., will be given an opportunity to testify before the Commission at the customer service portion of the hearing which is scheduled to be held on April 13, 2004, in or around the utility's proposed service area. If you are granted intervenor status, you will become a party of record. Parties of record are expected to file a prehearing statement and attend the prehearing in Tallahassee, which is currently scheduled to be held on March 29, 2004. Additionally, parties of record are permitted to cross-examine witnesses at the technical hearing scheduled to be held on April 13-14, 2004, and are expected to file written briefs in the docket after the conclusion of the hearing.
