ORIGINAL

You got it, I'll do the same name as your IXC. By copy of this I will inform Record to remove the d/b/a from the docket title and leave Smart Network Solutions Communications Corp. as your name.

Sorry about the confusion, I thought it was our ficticious name, there might be an error, not matter what we would like to proceed with the CLEC license for Smart Network Solutions Comm. Corp if that is good with you

Thank you so much indeed

>> Sandra, in reviewing your application you have listed two corporations that you intend to business under. We can not accept a corporation as a d/b/a. If you intend to do business in Florida then you need to use only one of your registered corporations, either Smart Network Solutions Communications Corp or S & S Communications Corp. Let me know which one so I can continue to process your application. I can be reached at (850) 413-6586
