triennial UNE review: Local Circuit Switching)
for Mass Market Customers.) Filed: December 24, 2003
_____)

BELLSOUTH TELECOMMUNICATIONS, INC.'S OBJECTIONS TO SPRINT'S THIRD INTERROGATORIES (NOS. 6 and 7)

BellSouth Telecommunications, Inc. ("BellSouth"), pursuant to Rule 28-106.206, Florida Administrative Code, and Rules 1.340 and 1.280, Florida Rules of Civil Procedure, hereby files the following General Objections to Sprint Communications Limited Partnership and Sprint-Florida's (hereinafter "Sprint"), Third Set of Interrogatories (Nos. 6 and 7), dated December 19, 2003.

The objections stated herein are preliminary in nature. Should additional grounds for objection be discovered as BellSouth prepares its answers to the above-referenced interrogatories and request for production of documents, BellSouth reserves the right to supplement, revise, or modify its objections at the time it serves its responses.

GENERAL OBJECTIONS

1. BellSouth objects to the interrogatories and requests for production to the extent they seek to impose an obligation on BellSouth to respond on behalf of subsidiaries, affiliates, or other persons that are not parties to this case on the grounds that such interrogatories and requests for production are overly broad, unduly burdensome, oppressive, and not permitted by applicable discovery rules. Specifically, Sprint defines BellSouth to include, in relevant part, "subsidiaries, and affiliates, including, but not limited to, Cingular Wireless" BellSouth

will not be responding to discovery that seeks information from affiliate companies or from Cingular, an entity in which BellSouth Corporation is a shareholder.

2. BellSouth objects to the interrogatories to the extent they are intended to apply to matters other than those subject to the jurisdiction of the Commission. BellSouth objects to such interrogatories as being irrelevant, overly broad, unduly burdensome, and oppressive.

3. BellSouth objects to each and every interrogatory and instruction to the extent that such request or instruction calls for information that is exempt from discovery by virtue of the attorney-client privilege, work product privilege, or other applicable privilege.

4. BellSouth objects to each and every interrogatory insofar as the interrogatories and requests are vague, ambiguous, overly broad, imprecise, or utilizes terms that are subject to multiple interpretations but are not properly defined or explained for purposes of these interrogatories. Any answers provided by BellSouth in response to the interrogatories will be provided subject to, and without waiver of, the foregoing objection.

5. BellSouth objects to each and every interrogatory insofar as it is not reasonably calculated to lead to the discovery of admissible evidence and is not relevant to the subject matter of this action. BellSouth will attempt to note in its responses each instance where this objection applies.

6. BellSouth objects to providing information to the extent that such information is already in the public record before the Commission.

7. BellSouth objects to Sprint's discovery requests, instructions and definitions, insofar as they seek to impose obligations on BellSouth that exceed the requirements of the Florida Rules of Civil Procedure or Florida law.

8. BellSouth objects to each and every interrogatory insofar as any of them are unduly burdensome, expensive, oppressive, or excessively time consuming as written.

9. BellSouth is a large corporation with employees located in many different locations in Florida and in other states. In the course of its business, BellSouth creates countless documents that are not subject to Commission or FCC retention of records requirements. These documents are kept in numerous locations that are frequently moved from site to site as employees change jobs or as the business is reorganized. Therefore, it is possible that not every document has been identified in response to these requests. BellSouth will conduct a search of those files that are reasonably expected to contain the requested information. To the extent that the requests purport to require more, BellSouth objects on the grounds that compliance would impose an undue burden or expense.

10. BellSouth objects to each and every interrogatory to the extent that the information requested constitutes "trade secrets" pursuant to Section 90.506, Florida Statutes. To the extent that Sprint requests proprietary confidential business information, BellSouth will make such information available in accordance with a protective agreement, subject to any other general or specific objections contained herein.

11. BellSouth objects to any discovery request that seeks to obtain "all" of particular documents, items, or information to the extent that such requests are overly broad and unduly burdensome. Any answers provided by BellSouth in response to this discovery will be provided subject to, and without waiver of, the foregoing objection.

12. BellSouth also objects to any interrogatory or request to the extent that it seeks confidential information that BellSouth cannot disclose under the FCC's Customer Proprietary Network Information ("CPNI") rules, 47 CFR §64.2007 or under protective agreements with

CLECs to which BellSouth is a party. BellSouth will only provide CPNI and CLEC confidential information consistent with the FCC's rules and BellSouth-executed protective agreements.

Respectfully submitted this 24th day of December, 2003.
