Thanks. I left you a message about the language in rec. Is the fact 1353 wasn't included in the issue/rec language a problem?

Hi Kay - Thanks for catching that. The revised order is attached.

**Importance:** High

Marlene, we discovered when preparing this order for issuance that in the attached rule language Rule 7.1353 is included. However, that rule wasn't in the docket title, wasn't in the rec language (though it was in the staff analysis part of the rec), and isn't mentioned in the notice itself.

Can we simply have language added to the notice to reference that particular rule, and correct the docket title, or will the docket need to go back to ag for a vote on 7.1353?

I'm holding the notice till I hear from you.

Kay
