Dear Ms. Flynn:

I wanted to write and address a few issues which you raised in your letter of January 22, 2004. I had discussed with Mr. Melsom, the fact that we do not object to your putting all of the correspondence docket under one index tab as long as each page is separately numbered.

We don't need duplicates of documents so long as they are identical.

Finally, we understand that discovery that was not filed with the Commission cannot be included. However, we do wish to include any substantive discovery which was filed, such as part of an exhibit to a motion or as part of a motion to compel. We also believe that all discovery that was considered by the Commission or Staff should be included in the record. We are reviewing the transcripts and docket and, if necessary, will move to supplement the record to ensure that such items are included.

Thank you for your assistance.

Sincerely,

Cecilia Bradley
