FEBRUARY 3, 2004

RE: Docket No. 030851-TP - Implementation of requirements arising from Federal Communications Commission's triennial UNE review: Local Circuit Switching for Mass Market Customers.

ISSUE 1: Should AARP's Motion for Reconsideration be granted?

RECOMMENDATION: No. AARP has not identified a point of fact or law which was overlooked or which the Prehearing Officer failed to consider in rendering his decision. Therefore, the Motion for Reconsideration should be denied.

APPROVED

The Commission, on its own motion, voted to allow intervention by AARP, with the understanding they take the case as they find it.

ISSUE 2: Should this docket be closed?

RECOMMENDATION: No. Irrespective of whether the Commission approves or denies staff's recommendation in Issue 1, the docket should remain open to ascertain whether a requesting carrier is not impaired by lack of access to incumbent local exchange companies' unbundled local switching.

APPROVED

Additionally, on its own motion, the Commission voted to grant BellSouth's motion for extension of time.
