16 ¹Identify type and reason for change(s) in Section 1.4(e).

17 ²A list of the current Code Administrator(s) who can provide assistance in completing this form is available upon request from NANPA.

18 ³The NXX field is required for any code request in which there is a change or the NXX is being returned.

19 ⁴Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments may contact NECA (973-884-8355) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignment should direct questions regarding appropriate OCN usage to the TelcordiaTM Routing Administration (TRA) on 732-699-6700.

20 ⁵This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls.

⁹Code applicants should request an effective date that is at least 66 calendar days from the submission of this form. It should be noted that interconnection arrangements and facilities need to be in place prior to activation of a code. Such arrangements are outside the scope of these guidelines.

¹⁰Requests for code assignment should not be made more than six months prior to the requested effective date.

¹¹The Pool Administrator will indicate if the NXX being requested will be used for thousands-block number pooling.

¹²Applicant is not required to submit Part 2 of the code request form if it is doing its own Telcordia™ Business Integrate Routing and Rating Database System (BIRRDS) entries, or if the applicant has arranged for a third party to input the Part 2 forms data on its behalf.

¹³WARNING! It is the code applicant's responsibility to arrange input of Part 2 information into BIRRDS. The 45 calendar day nationwide minimum interval cut-over for BIRRDS will not begin until input into BIRRDS has been completed.
