Third Revised Sheet 23. Second Revised Sheets 23.1 – 23.2, First Revised Sheets 23.3 – 23.7 sets forth language regarding Americatel's presubscribed residential and commercial calling plans in detail.

First Revised Sheets No. 23.8 – 23.64 are pre-existing services language contained in Americatel's current tariff on file with the Florida Public Service Commission that have been moved to accomodate the new language referenced above.

Fourth Revised Sheet 24 and Original Sheets 24.1 – 24.4 set forth rates for Americatel's presubscribed and commerical calling plans.

Finally, Americatel will no longer be utilizing its dba 10 123 Americatel and it should be deleted from the Commission's records. Accordingly, the revised tariff pages submitted herein reflect this change in the headers. We have enclosed labels to be affixing to the remaining pages currently on file with the Commission.

Any questions regarding this filing should be directed to me at (850) 425-5657. Please acknowledge our filing of Americatel's revised tariff on the enclosed copy of this letter and return it to us.

Sincerely,

HOLLAND & KNIGHT LLP

3.4.1.C. Interim Calling Option

Any Customer who has enrolled in an optional calling plan described in Section 3.4.1.A. shall be charged at the rates for presubscribed Message Telecommunications Service elected through such plan for all calls carried by Americatel, including, for a period of 90 days from the date of enrollment in such plan, those calls that are initiated by dialing Americatel's dial around code (10-10-123). In order to obtain the rate described under this option, the customer must specifically agree to contact its local exchange carrier (LEC) to request that its primary interexchange carrier be changed to Americatel, in the event that Americatel is unable to effect such customer's election without the customer's direct authorization to the LEC.

3.4.1.D. Optional Dial Around Plan

Any Customer who agrees to pay the monthly fee set forth in any optional Calling Plan may select one (1) destination from the list of destinations and charges in the corresponding Optional Calling Plan, and will be charged the applicable per minute rate for calls to that destination when such calls are initiated by dialing Americatel's dial around code (10-10-123). Calls to all other destinations will be charged at the basic rates for presubscribed Message Telecommunications Service.

3.4.2 Directory Assistance:

A Directory Assistance Charge applies to all calls made from points within the State to Intrastate Directory Assistance. This charge applies whether or not the Directory Assistance bureau furnishes the requested telephone number (e.g. where the requested telephone number is unlisted, non-published, or no record can be found). Americatel Global Prepaid Phone Cards are available in various denominations ranging from \$5 to \$20, or as otherwise specified by Americatel. The rates and charges applicable to Americatel Global Prepaid Phone Card Service are contained in Section 4.5.9 below.

All calls must be charged against an Americatel Global Prepaid Phone Card that has sufficient available balance.

The chargeable time for an Americatel Global Prepaid Phone Card call is determined by the duration of the call. Chargeable time begins when the called party answers the call and two-way communications is established. Chargeable time ends when the calling or called station hangs up or otherwise terminates the call. Per minute rate charges are based on the terminating location of the call. Calls in progress will be terminated once the available balance on the Card is insufficient to continue the call. When the value remaining on the Card is less than twice the lowest per minute rate, the Card will be retired and the unused balance forfeited.

Each Americatel Global Prepaid Phone Card expires once the value has been exhausted, or 180 days after its initial use, or as stipulated on the back of the card, if the value has not been fully exhausted prior to that time. The Card is not reusable once the value has been exhausted or the Card has expired.

3.4.9.D Credit Allowances for Interruptions

(M)

Credit is applicable to the portion of the call that is interrupted due to cut off, poor transmission or one way transmission. Americatel will not grant credit for reaching the wrong number. The customer will receive credit on a per minute basis, plus the maintenance charge if applicable. No more than 2 credit allowances will be granted to the same PIN number. To receive the proper credit, the customer must notify immediately the company at the designated customer service number printed on the back of the card and furnish the called number, the trouble experienced [e.g. cut off, noisy circuit], and the approximate time the call was made. The customer service representative will check the validity of the complaint by reviewing the PIN history.

Credit allowances do not apply for interruption not reported to the company, interruption due to failure of power, equipment or systems not provided by Americatel.

charges applicable to Prepaid Collection Card are contained in Section 4.5.15 below. (M)

All calls must be charged against an Prepaid Collection Card that has sufficient available balance.

The chargeable time for an Prepaid Collection Card call is determined by the duration of the call. Chargeable time begins when the called party answers the call and two-way communications is established. Chargeable time ends when the calling or called station hangs up or otherwise terminates the call. Per minute rate charges are based on the terminating location of the call. Calls in progress will be terminated once the available balance on the Card is insufficient to continue the call. When the value remaining on the Card is less than twice the lowest per minute rate, the Card will be retired and the unused balance forfeited.

Each Prepaid Collection Card expires once the value has been exhausted, or 180 days after its initial use, or as stipulated on the back of the card, if the value has not been fully exhausted prior to that time. The Card is not reusable once the value has been exhausted or the Card has expired. (M)

3.4.15.D Credit Allowances for Interruptions

(M)

Credit is applicable to the portion of the call that is interrupted due to cut off, poor transmission or one way transmission. Americatel will not grant credit for reaching the wrong number. The customer will receive credit on a per minute basis, plus the maintenance charge if applicable. No more than 2 credit allowances will be granted to the same PIN number. To receive the proper credit, the customer must notify immediately the company at the designated customer service number printed on the back of the card and furnish the called number, the trouble experienced [e.g. cut off, noisy circuit], and the approximate time the call was made. The customer service representative will check the validity of the complaint by reviewing the PIN history.

Credit allowances do not apply for interruption not reported to the company, interruption due to failure of power, equipment or systems not provided by Americatel.

3.4.16. Prepaid Collection Card No Connection Fee Service

3.4.16.A. General

Prepaid Collection Card No Connection Fee Service is a prepaid communications service that allows persons to purchase in advance a specified dollar value of long distance service represented by an Prepaid Collection Card No Connection Fee, and then use such prepaid communications service by placing calls through the access number and Authorization Code printed on the Card.
