RE: Docket No. 040368-TP, BellSouth Petition for Expedited Review of Growth Code Denial by the NeuStar Pooling Administrator for the Jacksonville rate center (Beachwood).

On April 27, 2004, BellSouth filed a petition requesting that the Commission overturn NeuStar's decision to deny numbering resources for the Beachwood switch (JCVLFLWDSO) located in the Jacksonville rate center. In accordance with Commission Order PSC-02-0352-PAA-TL, which approved an expedited process for code denials, we have examined the BellSouth petition, along with the confidential supplemental information, and have determined the following:

- 1) The carrier has demonstrated that it has a switch in a multi-switch rate center which has a MTE of less than six months;
- 2) The carrier has shown that it is unable to provide services to customers from a switch in a multi-switch rate center because its supply of numbers is less than six months; and
- 3) Customers will not be able to have a choice of providers because a provider will run out of numbers for that switch in a multi-switch rate center within six months.

CMP _____ Since the three required criteria of Order PSC-02-0352-PAA-TL have been met, please
COM _____ prepare an administrative Proposed Agency Action (PAA) Order to be issued within seven
