RE: Docket No. 040323-TI - IXC Telecommunications Registration

On April 7, 2004, Nonnye Grant received a fax from Barbara Graves of Electric Lightwave informing her that Electric Lightwave, Inc. had changed its name from Electric Lightwave, Inc. to Electric Lightwave, LLC. The company also had been given authorization to operate in Florida by the Secretary of State/Division of Corporations. She then requested a name change, a request to establish docket was submitted and a docket was opened to process the request.

Staff proceeded to process the request administratively (memo w/ corporations registration) and the memo was denied by my supervisor, Jackie Gilchrist. She was of the opinion this request should have been and IXC Telecommunications Registration instead of a name change because there was no written notation with the corporations registration indicating a name change by the company, which does appear from time to time with other companies.

Staff then called Ms. Graves in Utah to get an understanding of what exactly was going on with the request. Staff was informed by Ms. Graves that Electric Lightwave, Inc. and Electric Lightwave, LLC is one and the same. Electric Lightwave, Inc. reorganized, (changed some employees, their duties, etc.,) withdrew its corporations registration and re-filed under the name Electric Lightwave, LLC. (See attachment.)

Therefore, per Jackie's request, please change the docket title to read, "Acknowledgement of registration as an intrastate interexchange of telecommunications company effective April 7, 2004, by Electric Lightwave, LLC.

I am requesting information on changing our tariff on file to reflect the new name.

Thank you for your help.

Hi, Kay and Hong! **Initially, the above docket was opened for a request for a name change from Electric Lightwave, Inc. to Electric Lightwave, LLC. The "Inc." company withdrew it's application from corporations and the "LLC" started a new company. An IXC packet has been sent for the "LLC" to apply for IXC registration. Once that application comes in, I would like to use this same docket number if it is possible.**
