Re: Docket No. 040384 Application of Sanlando Utilities for an Amendment of Water (No. 247-W) and Wastewater (No. 189-S) Certificate Amendments in Seminole County, Florida

Dear Ms. Bayo:

This letter will serve as formal notice to the Florida Public Service Commission (FPSC) of Seminole County's (County's) objection to the above-referenced. This effort by Sanlando Utilities **"to correct inconsistencies and consolidate legal descriptions"** contains infringements to the County's service area.

The County is objecting to only those portions of the amendment affecting the County's service area. These areas are not described within the current certificates and should not be allowed to be added as a result of the requested amendment. Additionally, we are requesting the FPSC provide the County notice of actions related to this item (Docket No. 04384) as the process moves forward.

Sincerely,

J. Kevin Grace
