Re: Attached application

To Whom it may Concern

I would like to say I object to the attached proposal for the following reasons:

It's unfair to charge a flat rate for water usage when the size of famalies and amount of water usage varies a lot. I think we should be charged according to amount used.

When Colinas Group took over we were told everyone would be metered and new meters installed (which has not happened). They don't even read existing meters.

I'm a widow on a fixed income and since Colinas took ~~over~~ have been paying about three times more than I have ever paid for water since I have lived here. I have always paid my bills on time and don't think it's fair that we pay for those that don't pay and aren't metered.

Sincerely,

Helen L. Snyder
