I. Description of Discontinuance

1. Name and address of carrier

Winstar Communications, LLC
520 Broad Street
Newark, NJ 07102

Winstar was granted authority to provide local and interexchange telecommunications throughout Florida pursuant to the Commission's Order No. PSC-02-0321-PAA-TP issued in Docket No. 020054-TP on March 12, 2002. Winstar does not seek to surrender its certificate at this time.

Winstar's toll-free customer service telephone number for customer inquiries concerning this discontinuance is 1-800-778-3757.

2. Date of planned service discontinuance

The anticipated date for the discontinuance of service is August 31, 2004, or as soon thereafter as the necessary state and federal regulatory authorizations have been obtained.

3. Points of geographic areas of service affected

Winstar proposes to discontinue the provision of certain services to non-federal governmental customers located primarily in the Fort Myers, Jacksonville, Miami, Orlando, and Tampa areas. This discontinuance will affect approximately 50 commercial customers in 72 locations in Florida.

4. Brief description of the type of service affected

Winstar proposes to discontinue the provision of local exchange and intrastate long distance service to three commercial customers and frame relay and Winstar switched private line services to 47 commercial customers in Florida. Winstar is also discontinuing interstate and international long distance, toll free and other high-speed data transmission services to commercial customers. As with previous discontinuances, Winstar's federal government customers, Winstar's fixed wireless services and offerings supporting mobile carrier infrastructures, cable, Wi-Fi and other backhaul systems, private circuits, closed networks and Winstar's spectrum lease offerings remain unaffected by this Notification.

5. Brief description of the dates and methods of notice to all affected customers

Written notice to all affected customers substantially in the form of the sample letters attached as Exhibits A, B or C was mailed to customers on June 15, 2004, June 18, 2004 and June 30, 2004, respectively. The notice letter provided in Exhibit A was mailed to commercial customers that receive frame relay and/or Winstar switched private line services and are within

WilTel Communications LLC's ("WilTel") service areas. Along with the notice letter and FAQ (Frequently Asked Questions), Winstar included an informational letter, price quote, and sample contract from WilTel. These documents explain that WilTel is interested in being the customer's new provider, the terms and conditions of WilTel's services, and how to obtain services.

The notice letter provided in Exhibit B was mailed to commercial customers that receive frame relay and/or Winstar switched private line services but are not within WilTel's service area. The notice letter, therefore, did not speak of WilTel, but instead advised customers that they needed to find a new provider as soon as possible.

The notice letter provided in Exhibit C was mailed to commercial customers that receive local exchange, domestic and international long distance, toll free, and/or high-speed data transmission services.² Again, the notice letter advised customers that they needed to find a new provider as soon as possible.

The customer notice letters were prepared in accordance with the requirements of Section 63.71(a) of the FCC's Rules.

6. Ongoing Efforts to Provide for Continuity of Service

Winstar will work with the customer's chosen new carrier to effectuate a seamless transition of the affected customer to the new carrier's network. Winstar will release to its customer all pertinent end-user circuit information required to transfer service to another carrier.

As described above, Winstar has advised certain affected customers that WilTel will work with the customers to convert their Winstar service(s) to comparable WilTel service(s). To the extent WilTel is not able to serve a particular customer or a customer otherwise chooses an alternative carrier, Winstar will also work with the alternative carrier to effectuate a seamless transition of the affected customer to the alternative carrier's network. Winstar will release to its customer all pertinent end-user circuit information required to transfer service to another carrier.

II. Circumstances of Discontinuance

As part of Winstar's plan to refocus its business plan in order to maintain long term profitability, Winstar has determined to discontinue the provision of certain services in a number of locations nationwide, including locations in Florida. This includes the discontinuance of local exchange, long distance, toll free, frame relay, Winstar switched private line services, and certain high-speed data transmission services in Florida. This discontinuance Notification does not affect Winstar's federal governmental customers, Winstar's fixed wireless services and offerings supporting mobile carrier infrastructures, cable, Wi-Fi and other backhaul systems, private circuits, closed networks or Winstar's spectrum lease offerings.

III. Public Interest Considerations

Winstar's disconnection of services to certain customers, while regrettable, is necessary and appropriate, and will not adversely affect the public convenience and necessity. The public will not be unduly harmed by the discontinuance of the services described above because customers have been given notice that affords them an opportunity to transfer to a new carrier. As indicated herein, Winstar has undertaken a customer notification initiative that is aimed at providing affected customers with sufficient notice and opportunity to select another provider. Further, Winstar is making a concerted effort to ensure an orderly transition of service for all affected customers.

IV. Conclusion

Winstar believes that the proposed discontinuance is reasonable and necessary. Winstar will take all reasonable steps, to the extent it is able, to assure that the discontinuance of service is not unduly disruptive to the present or future public convenience and necessity. For the foregoing reasons, Winstar respectfully requests that the Commission notify Winstar if it has any questions regarding the proposed transaction or believes that further action is required. An original and seven (7) copies of this Notification are enclosed. Please date-stamp and return the enclosed extra copy of this letter. Please do not hesitate to contact us if you have any questions regarding this filing.

RE: **Frame Relay, ATM or PRIVATE LINE Account # /ALL SERVICE LOCATIONS**

Dear Winstar Customer:

We regret to inform you that Winstar plans to reconfigure and redesign the services it offers in your geographic area. As a result, we have determined that we can no longer provide your Frame Relay, ATM or Private Line services. We have also informed the Federal Communications Commission of this development. **Accordingly, Winstar will discontinue all FRAME RELAY, ATM, PRIVATE LINE AND ALL OTHER TELECOMMUNICATIONS AND DATA COMMUNICATIONS SERVICES** that you receive in your current service location(s). **Subject to regulatory approval, the anticipated date for the discontinuance of your Frame Relay, ATM or Private Line service is Tuesday, August 31, 2004. This notification does not alter any prior notification dates of other service discontinuance.**

YOUR ACTION IS REQUIRED! YOU MUST CONTRACT WITH A NEW SERVICE PROVIDER AS QUICKLY AS POSSIBLE, BUT NOT LATER THAN JULY 15, 2004 OR YOU MAY LOSE YOUR SERVICES.

Select a new carrier as soon as possible to avoid any interruption of service. Please do not delay in arranging for a new service provider, as some carriers may require several weeks to install new services. To help avoid service disruption, please check carefully that all service types you currently have with Winstar (Frame Relay, ATM, Private Line and all other telecommunications and data communications services) are moved to your new carrier. Once you have contracted with your new provider, Winstar will work with the carrier you have selected to assist in the transition of your service. **WilTel Communications LLC**, a nationwide telecommunication provider, has advised us that it would welcome the opportunity to work with you to convert your service to a comparable WilTel service. WilTel has already begun working with Winstar to make your transition as smooth as possible should you select WilTel, and has attached a price quote for replacement of your existing service. It is important to note that WilTel's quote is for end-to-end service, including the local access to your service location. Your current Winstar invoice may not include all local access charges being billed to you. A copy of WilTel's contract terms and conditions is also provided for your review, but you must complete the new agreement with WilTel. You may contact WilTel with questions about your quote or to discuss the services WilTel offers at **1-800 448-4046**, or email questions to winstarproject@wiltel.com. You must contract with a new provider by July 15, 2004 or it is likely you will lose all services on August 31, 2004.

The Federal Communications Commission ("FCC") permits customers to object to discontinuance of their service by a telecommunications provider. As provided in the FCC's rule 47 CFR 63.71:

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments within 15 days after receipt of this notification. Address them to the Federal Communications Commission, Washington, D.C. 20554, referencing the Section 63.71 Application of Winstar Communication, LLC. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.
