COMMISSION
CLERK

Dear Mr. Ustica:

I appreciate your letter, dated July 31, 2004, concerning raising the threshold of Class C utilities up to the \$200,000 level used in the NARUC Uniform System Of Accounts. Per our telephone conversation today, the change which you desire can only occur through legislation to change Chapter 367.0814, Florida Statutes. The Commission has requested this statutory change for the last several years with no success. From our conversation, I also understand that you do not wish to hold up the present rulemaking from going forward.

Thanks again for your letter. Please let me know if you have further questions.

Sincerely,

Marshall Willis
Bureau Chief
