SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.12 Taxes and Fees, (cont'd.)

2.12.3 (cont'd.)

A. Public Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company's service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the “#” symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Rate per call: \$0.54 (I)

5.29 Dedicated Saver Program - This service is no longer available to new customers.

(M)

The Dedicated Saver Program is offered to qualified current Lightyear Customers for outbound or inbound (toll-free) calling via dedicated access lines. Only current Lightyear long distance customers who have less than six (6) months remaining on their current term plan, if applicable, and who are considered in good standing, are eligible for this program. For purposes of the Saver Program, customers in good standing are defined as those who have paid their bills no later than fifteen (15) days past the date due for three consecutive months. Saver Program customers who lose good standing status must move either to their previous plan or to another plan of their choosing and for which they qualify. For purposes of this Program, a customer will be considered to have lost good standing status if more than one bill within a three (3) month period is not paid by fifteen (15) days past the date due.

The minimum term of service for dedicated Saver Program customers is eighteen (18) months. Saver Program customers must have at least six (6) months' service under their current plan before becoming eligible for a lower rate under the Saver Program. Rates are based on the Customer's total monthly usage commitment, as demonstrated at the time the Customer qualifies for this service. The Company reserves the right to verify projected usage after three months of billing. If the Customer's usage is greater or less than the original projection, the Customer will be given the option to continue service at the appropriate rate level or to change to a different Lightyear service.
