Re: Mad Hatter Utility, Inc.; Docket No. 041342-WU
Our File No. 28023.01

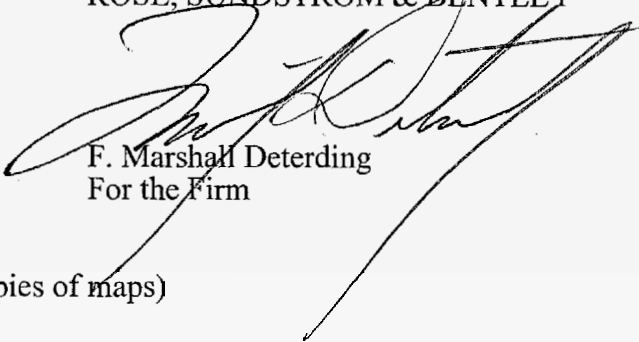

Dear Ms. Bayo:

As a follow up to my filing of the application in the above-referenced matter on November 24, 2004, I am attaching hereto 15 copies of two letters from both of the property owners concerned in this small extension application expressing the reasons for their need to obtain such service. I am also enclosing a map showing the relative location of their properties and the existing territory of Mad Hatter. I only have a few copies of this map, but I am providing two large and two small versions directly to Patti Daniel in the Division of Economic Regulation. I believe this may be of further assistance to the staff in processing our application. These should be made a part of Exhibit "A" to the application.

If you or any members of the staff have any questions, please let me know.

Sincerely,

ROSE, SUNDSTROM & BENTLEY

Mr. Larry G. DeLucenay, Pres.
Mad Hatter Utility, Inc.
1900 Land O Lakes Blvd.
Land O Lakes, Fl. 33549

Mr. DeLucenay,

I am writing to request that your company investigate the possibility of providing water service to my property. I am located on the west side of Livingston Rd. behind the Kingdom Hall of Jehovah's Witnesses. We are in Pasco County.

I am quite sure that you have water service to property located on the east side of Livingston, where a new subdivision is currently being developed.

The water quality from my well at present is unspeakable. Having resided here for some 16 years, I can attest to a time when the well water was more than adequate for all uses. Whether from continued development or whatever reasons, my current well water is terrible. It is cloudy and iron filled and stains everything it comes in contact with. We have been purchasing bottled water for cooking and drinking for several years now.

I look forward to your response to this letter. We would welcome the opportunity to have you provide your water to us. Feel free to contact me for any other questions that you have to expedite this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Philip D. Lee', written over a light gray rectangular background.

RE: Requested Water Service

Dear Mr. DeLucenay,

Being adjacent to your water system, please let this letter act as our formal "Request for Water Service" for our address. Our area has very poor quality water resulting in increased chemicals, service and testing due to the contaminants in our well. The above causes an undue hardship on my small business and as an owner, my priority should not have to be water. Your attention to our request is greatly appreciated.

Respectfully,
Sam Collura
