Please contact Ruth and to get our copies of the petition. Also, compile a list of all UI subs in Florida, including WSC. Start with the 2002 annual report for any of the subs, which should contain a complete list as of 2002. Then get with someone in Patti Daniel's section (Tom, Stephanie, etc.) to see what systems were purchased by UI since the end of 2002. Then get the list over to Ruth today asap.

Let me know if you have any questions. Thanks.

Hi. Tricia. I have a new docket,

Petition by Utilities, Inc. for establishment of approved allowance for funds used during construction (AFUDC) rate for its Florida subsidiaries, including Water service Corp. (this above is what is actually in the style of pleading)

Q 1. They don't have the subsidiaries listed, and I really need to know what subsidiaries they are referring to since we regulate them all, these utilities will need to be placed in the docket section for company codes.

Q 2. In the petition, after reading paragraph 2, it seems to me that they are only requesting AFUDC for WSC. If this is so, the docket title will need to be corrected and I'll also indicate the effective date of request for AFUDC rate, with the county involved.

This is the current docket title:

Petition by Utilities, Inc., for approval of allowance for funds used during construction (AFUDC) rate for its Florida subsidiaries including Water Service Corp.

PS. There is no one here to guide me, Kay, Sandy, and Nonnye are all gone this afternoon. I would really appreciate you helping me in this to get the petition correct on the website.

Thanks, 413-6758, or please come by to pick up your copy.

The correct name for Lake Utilities, Inc. is Lake Utilities Services, Inc., which is combined with Lake Groves. I was told that the other three are not PSC regulated.

Docket # 030106-SU

Dear Sirs:

This letter is to register our complaint in reference to Docket No. 030106-SU. The letter we received from EPS of Pine Island, FL in reference to new sewer connections & related fees was dated Nov. 8, 2003. According to the letter, protest to these fees was to be made by Oct 28, 2003 & as we didn't receive the letter until Nov. 20, 2003, this was impossible.

We feel that the increase in the sewer fees that are proposed in this document represent a 500% increase & cause undo hardships to the homeowners.

Having no chance to express
our feelings in this matter
by the stated deadline, we
feel something should be done
to rectify this matter & we
request the Commission to
turn down the rate increase
proposed by EPS of Pine Island, Inc
& require them to adjust the
rates to a more acceptable &
affordable fee structure.

We have been living in

& have never had a problem
until now.

Thank you for your consideration
of our request.
