BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Fuel and purchased power cost recovery) Docket No. 050001-EI
clause with generating performance incentive)
factor.) Filed: January 27, 2005
_____)

**PROGRESS ENERGY FLORIDA'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Progress Energy Florida, Inc., ("Progress Energy" or "Company"), pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, submits this Request For Confidential Classification of certain information provided in response to Staff's Fourth Request for Production of Documents propounded on Progress Energy. In support of this Request, Progress Energy states:

1. In response to Staff's Fourth Request for Production of Documents (Nos. 8-10), Progress Energy provided documents containing information that is "proprietary business information" under Section 366.093(3), Florida Statutes.

2. On January 6, 2005, the Company timely filed with the Commission its Notice of Intent to Request Confidential Classification of the documents described in paragraph 1 above. This formal Request for Confidential Classification is now being filed within the time period specified in Rule 25-22.006(3)(a), Florida Administrative Code.

3. The following exhibits are included with this request:

(a) Exhibit A is a table which identifies by page and line the information for which Progress seeks confidential classification and the specific statutory bases for seeking confidential treatment.

(b) Composite Exhibit B is a package containing two copies of redacted versions of the documents for which the Company requests confidential classification. The specific information for which confidential treatment is requested has been blocked out by opaque marker or other means.

(c) Composite Exhibit C is a package containing unredacted copies of all the documents for which Progress seeks confidential treatment. Composite Exhibit C is being submitted separately in a sealed envelope labeled "CONFIDENTIAL." In the unredacted versions, the information asserted to be confidential is highlighted by yellow marker.

4. As indicated in Exhibit A, the information for which Progress Energy requests confidential classification is "proprietary confidential business information" within the meaning of Section 366.093(3), F.S. Specifically, most of the information relates to bids and other contractual data, such as pricing, and other contractual terms, the disclosure of which would impair the efforts of the Company or its affiliates to negotiate fuel supply contracts on favorable terms. *See* § 366.093(3)(d), F.S. Furthermore, the information relates to the competitive interests of Progress Energy and its fuel suppliers, the disclosure of which would impair their competitive businesses. *Id.* § 366.093(3)(e). Accordingly, such information constitutes "proprietary confidential business information" which is exempt from disclosure under the Public Records Act pursuant to Section 366.093(1), F.S.

5. In addition, some of the redacted information includes bank account information which the company and its counter-parties routinely protect for each other. Confidentiality of such information is an important matter of commercial security because publication of bank account information could facilitate unauthorized access to those accounts and other abuses. The

Commission previously has granted confidential treatment to such information. *See, e.g.*, Order No. 03-1421-CFO-EI issued December 16, 2003 in Docket No. 030001-EI

6. The information identified in Exhibit "A" is intended to be and is treated as confidential by the Company. The information has not been disclosed to the public.

7. Progress Energy requests that the information identified in Exhibit A be classified as "proprietary confidential business information" within the meaning of section 366.093(3), F.S., that the information remain confidential for a period of at least 18 months as provided in section 366.093(4), F.S., and that the information be returned as soon as it is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, Progress Energy Florida, respectfully requests that this Request for Confidential Classification be granted.

RESPECTFULLY SUBMITTED this 27th day of January, 2005.
