

FLORIDA PUBLIC SERVICE COMMISSION

VOTE SHEET

FEBRUARY 1, 2005

RE: Docket No. 040033-EG - Petition for approval of numeric conservation goals by Tampa Electric Company.

Issue 1: Should the Commission approve Tampa Electric Company's 2005-2014 Demand-Side Management Plan and associated tariff sheets, including approval for cost recovery?

Recommendation: Yes, except for the continuation of the existing Prime Time residential load management program because it is no longer cost-effective. Staff recommends that TECO allow existing Prime Time participants to stay on the program but discontinue the program for new participants. All other programs contained in TECO's DSM Plan meet the policy objectives of Rule 25-17.001, Florida Administrative Code, and FEECA. Consistent with past Commission practice, staff should be allowed to administratively approve the program participation standards at a later date if TECO's DSM Plan is approved.
