COMMISSION

CLERK

We the undersigned feel that it is very unfair for our community well to be sold without ^{us} ever being notified of this sale until we receive a letter from this lawyer firm that Raintree Utilities were going to buy it.

We are in possession of a letter from RTG Properties that when we bought our lot #3 in Silver Oaks Subdivision that there would be no water fee for this lot. Letter dated, signed and witnessed the 26th of February 1988.

At the time of our lot purchase we paid a lump sum for the maintenance of said well.

Expecting to be completely retired and living on a fixed income in the very near future, this will certainly pose a hardship for us.
