RE: Docket No. 050208-TL - Petition for the Expedited Review of Growth Code Denials by the Number Pooling Administrator for the Jacksonville exchange (Clay Street)

On March 14, 2005 and on March 16, 2005, BellSouth Telecommunications submitted a numbering resource application to NeuStar for additional numbering resources at their Jacksonville exchange, the Clay Street (JCVLFLCLDS0) switch. Specifically, there are two customers, one requesting (1) consecutive 1,000 number block and one requesting two (2) consecutive number blocks. One customer has requested the specific format of (904) NXX-5XXX, to accomodate a hospital, due to their growth. The other customer requests two blocks in the format of (904) NXX-2, 4, 6, or 7XXX, to assist a company which is expanding and requires numbers for approximately 2,000 new employees. Also on March 14, 2005 and on March 16, 2005, NeuStar denied BellSouth's request for additional numbers, based on the criteria of the FCC's month-to-exhaust (MTE) formula.

On March 29, 2005, BellSouth filed a petition requesting that the Commission overturn NeuStar's decision to deny numbering resources in the Clay Street (JCVLFLCLDS0) switch. In accordance with Commission Order PSC-02-0352-PAA-TL (Docket No. 020087-TL), which approved an expedited process for the NeuStar code denials, we have examined the BellSouth petition, along with the confidential supplemental information, and have determined the following:

- CMP _____
- COM _____
- CTR _____
- ECR _____
- GCL _____
- OPC _____
- MMS _____
- RCA _____
- SCR _____
- SEC 1
- OTH _____

- 1) The carrier has demonstrated that it has customers in need of numbering resources;
- 2) The carrier has shown that it is unable to provide services to potential customers because of NeuStar's denial of numbering resources;
- 3) Customers will not be able to obtain the service from the provider of his/her choice because the carrier will not have the numbers available.

DOCUMENT NUMBER - DATE

03398 APR-6 05

FPSC-COMMISSION CLERK

Since the three criteria of Order No. PSC-02-0352-PAA-TL have been met, please prepare an administrative Proposed Agency Action (PAA) Order to be issued within seven business days of this memorandum (April 19, 2005), as outlined in the expedited code denial process orders. NeuStar should be directed to provide BellSouth the needed numbering resources to meet its customer's needs in the Clay Street switch (JCVLFLCLDS0), specifically for one (1) consecutive 1,000 number block in the format of (904)NXX-5XXX and two (2) consecutive 1,000 number blocks, in the format of (904)NXX-2, 4, 6, or 7XXX. Please allow staff to review the Order before it is issued. If you have any questions, please call Catherine Beard (850)413-7080.
