LONGWOOD City FLORIDA State 32779 Zip Code

The undersigned hereby advises the Commission that amendment of Water Certificate No. 339-W and/or Wastewater Certificate No. --- is/are approved pursuant to Rule 25-30.036(2), Florida Administrative Code, for the following reasons:

- A. The proposed new territory will not exceed ONE (1) equivalent residential connections at the time the territory is built out.
- B. To the best of my knowledge: ATTACHMENT I, II, III
  - (1) There is no other utility in the area of the proposed new territory willing and capable of providing reasonably adequate service to the territory.
  - (2) The person(s) or business(es) requesting water or wastewater service have demonstrated to the utility that service is necessary because:
    - (a) a private well is contaminated or dry,
    - (b) a septic tank has failed, or
    - (c) service is otherwise not available.
- C. A completed **Follow-Up Application** will be filed in accordance with Rule 25-30.036(3), F.A.C., within 45 days after completing the noticing requirements specified in Rule 25-30.030, F.A.C.

## INITIAL APPLICATION FOR "QUICK TAKE" AMENDMENT OF CERTIFICATE

3. To the best of my knowledge:

- (1) there is no other utility in the area of the proposed new territory willing and capable of providing reasonably adequate service to the territory.

To appropriately explain our situation, it is necessary to detail what has transpired in the past. Paul E. Day, my father, was the sole owner of Brendenwood Water System, Inc., since 1988 (and after incorporation). It was incorporated in September 2002, with him having 100% ownership. I worked for my father for about ten years while he was developing Brendenwood Subdivision, then returned in 2002 when my father's health began to fail. He died in August 2004 and Brendenwood Water System was transferred to me.

To the best of my knowledge (because I was no longer working with him at the time) this is what happened with the property (one residential home) for which we are requesting a "Quick Take" Amendment.

A new home was being built with the address 36305 S. Fish Camp Rd., Grand Island, Florida. The home would be adjacent to the Jeremy's subdivision which we service with water. Brendenwood Water System had a 2" stand pipe on Fish Camp Road just past Jeremy's where this home was to be built. From the attached note (Attachment II) written by my father on 5/6/99, it appears he contacted Public Service Commission and was with the understanding that he could connect this home into Brendenwood Water System. He was friends with the new homeowner's father, Bill Spears, and they asked him to service them with water.

I assume that the City of Eustis provided water service in the general area but have no details regarding their ability to provide service to that property.
