Okay. I'm going to put this e-mail in the docket file, because I don't think we have any kind of explanation in the record now of what happened to that particular rule.

Thanks.

Marlene, we have the notice of adoption of Rule 25-4.085. In checking through the rules that were included in the docket to start with (checking to get ready for next rule supplement), we don't find that 25-4.039 is/was addressed anywhere. can you advise what happened with 4.039?

Thanks.

Kay
