RE: Hurricane Katrina

Dear Ms. Bayo:

Pursuant to the requirements of Section D(1) of BellSouth Telecommunications, Inc.'s Extended and Modified Service Guarantee Program approved by the Florida Public Service Commission, (See Order No. PSC-05-0440-PAA-TL in Docket No. 050095-TL, dated April 25, 2005), BellSouth filed a letter on August 26, 2005, declaring a service emergency in South Florida (Dade, Broward, and Monroe Counties) as of August 25, 2005, due to Hurricane Katrina.

BellSouth attached the list of NPA/Nxxs as the service emergency geographic area, however, BellSouth inadvertently left out the 305 area code and associated NXXs (attached).

- CMP _____
- COM _____
- CTR _____
- ECR _____
- GCL _____
- OPC _____
- RCA _____
- SCR _____
- SGA _____
- SEC 1
- OTH _____

It will take some time for BellSouth to recover and regain normal installation and repair activities in these areas. However, BellSouth will provide updates to our recovery efforts and advise the Commission when the service emergency period is concluded. BellSouth is making public service announcements to inform customers of the fact that indefinite commitments for installation and repair services are being made within the service emergency geographic area.
