Re: Docket No. 020640-SU- Application for certificate
to provide wastewater service in Lee County by
Gistro, Inc.

Dear Mr. Bayo:

This is just a simple short letter to let you know that,
I along with many others, who live in our community here in
Bonita Preserves, hope that you do not certify Gistro, Inc.
to operate and charge the people of this community for
wastewater collection. Mr. Holzberg, who is in charge of
this operation, has not in the past ever given proof that
he owns or has a legitimate license to operate the waste-water
treatment system. Not only, has he not proven this, but,
he has continued to let it seep from the ground and manhole
covers throughout the community, which is a big health
hazard to all of us. Mr. Holzberg has continuously cost
our community be taking this through the court system for
years. We as a community would like this to go away and
let it get turned over to our Bonita Springs Utility Co.
then we will know who owns it and it will be properly and
safely managed.

Please consider our communities plight and do not certify
Gistro, Inc.

Thank you for your cooperation.

Sincerely

James H. Kin
