Mr. Michael O. Dunn, CEO
Transcommunications Incorporated (TG851)
6125 Preservation Drive
Chattanooga, TN 37416-3638

Dear Mr. Dunn:

The Regulatory Assessment Fee (RAF) is due by January 30th of each year for the preceding calendar year. For certificate holders, the RAF is owed even if a telecommunications company may not have started operations or had any revenues. Since payment has not been made, statutory penalty and interest charges are now applicable.

Our records show that the 2004 RAF return notice was mailed on December 10, 2004, and a delinquent notice was mailed on February 18, 2005. As of this date, our records do not show receipt of the RAF return or payment. A copy of the 2004 RAF return form is enclosed. Our records also show that you have a small past due balance for a prior year's fee or statutory penalty and interest charges, which must be paid. A breakdown is enclosed. If full payment, including penalty and interest charges, along with the RAF return form, are not received by August 19, 2005, a docket may be established. Your company may be fined or your certificate cancelled if you do not respond. Please note that once a docket has been established, **just paying the delinquent RAF amount will not prevent your certificate from being cancelled.**

If the company owes the minimum amount, it will owe \$66.00 for 2004, plus the \$9.00 past due amount for a **total due of \$75.00.** If you wish to cancel your certificate voluntarily and leave in good standing with the Commission, your company should pay the past due amount in full, complete the 2004 RAF return form, either pay the 2005 RAF or provide a date certain it will be paid, and comply with the requirements of Rule 25-24.514, Florida Administrative Code, copy enclosed. Any unpaid RAFs, including penalty and interest charges, are turned over to collections. When returning payment and a copy of the completed 2004 Regulatory Assessment Fee return form, please use the enclosed blue envelope, which will insure prompt processing.

If you have any questions, please contact me at (850) 413-6502, by fax at (850) 413-6503, by e-mail at pisler@psc.state.fl.us, or by writing to me at the address below.

25-24.514 Cancellation of a Certificate.

(1) The Commission may cancel a company's certificate for any of the following reasons:

(a) Violation of the terms and conditions under which the authority was originally granted.

(b) Violation of Commission rules or orders;

(c) Violation of Florida Statutes; or,

(d) Failure to provide service for a period of six (6) months.

(2) If a certificated company desires to cancel its certificate, it shall request cancellation from the Commission in writing and shall provide the following with its request:

(a) Statement of intent and date to pay Regulatory Assessment Fee.

(b) Statement of why the certificate is proposed to be cancelled.

(3) Cancellation of a certificate shall be ordered subject to the holder providing the information required by subsection (2).

From: Paula Isler
Sent: Wednesday, June 08, 2005 2:39 PM
To: 'jholstine@transcard.com'
Subject: Transcommunications Incorporated (TG851 and TI370)

Dear Mr. Holstine:

On March 14, 2005, this Commission received a letter from your company's consultant, Andrew O. Isar, requesting cancellation of the company's payphone and IXC certificates. On March 24th, I wrote Mr. Isar and explained that before staff could recommend a voluntary cancellation, the company needed to pay the 2004 and 2005 Regulatory Assessment Fees and the 2002, 2003, and 2004 late payment charges on the payphone certificate and pay the 2005 fee and 2001 late payment charges on the IXC registration. As of this date, all charges remain outstanding.

The alternative to a voluntary cancellation is an involuntary cancellation. This is when the Commission cancels a company's certificate(s) on its own motion for a rule, statute, or Order violation. Could you please review this and let me know by June 24th how the company wishes to proceed. I will be happy to provide you any additional information you need. Thanks.

Mr. Andrew O. Isar, Consultant to:
Transcommunications Incorporated (TG851 & TI370)
7901 Skansie Avenue, Suite 240
Gig Harbor, WA 98335

Dear Mr. Isar:

The Commission received your letter requesting cancellation of the company's pay telephone and IXC certificates. Before staff can recommend a voluntary cancellation, the 2004 and 2005 Regulatory Assessment Fees for the payphone certificate and the 2005 fee for its IXC certificate need to be paid. The appropriate returns are enclosed. In addition, our records show that the company has a small past due balance (\$9) for late payments of the 2002 and 2003 Regulatory Assessment Fees on its payphone certificate. Also, the company has a \$7.06 balance on its IXC certificate. Breakdowns are enclosed. This means a total of \$172.06 is due.

As soon as the returns and payment are received, staff will go forward with the company's request for a voluntary cancellation. The effective date of the cancellation will be March 14, 2005, the date we received your letter. When returning payment and the 2004 and 2005 Regulatory Assessment Fee return forms, please use the enclosed blue envelope, which will insure prompt processing.

In the meantime, if you have any questions, just let me know. I can be reached at (850) 413-6502-phone, (850) 413-6503-fax, by internet e-mail at PIsler@psc.state.fl.us, or at the address below.

Sincerely,

RE: Transcommunications Incorporated, Docket Nos. 011326 and 950237 *dm*
Certificates Nos. 7971 & 4028 - Notice of Service Discontinuance

Dear Ms. Bayo:

Transcommunications Incorporated ("Transcommunications" or "Company"), by its regulatory consultants, hereby informs the Florida Public Service Commission of its intent to discontinue provision of discretionary prepaid, interexchange telecommunications service in the State of Florida, effective May 1, 2005. Transcommunications respectfully requests that Certificate Nos. 7971 and 4028 and its tariff be cancelled, accordingly.

Transcommunications has provided a discretionary prepaid calling card service that supplements, but does not replace, conventional presubscribed, post-paid telecommunications services. Transcommunications services have been provided to a very limited, targeted segment of telecommunications users in the transportation industry - long haul truck drivers - primarily through card distribution arrangements with trucking companies who supply cards to their drivers from centrally located distribution points in certain states. Transcommunications had originally obtained intrastate operating authority to engage in in-state retail sales, although it no longer sells discretionary prepaid calling card services through retail outlets. The Company does not serve residential subscribers.

In anticipation of discontinuing the provision of its service, Transcommunications ceased making new prepaid calling cards available on November 8, 2004. The Company has allowed existing users to deplete their prepaid calling card accounts through normal usage. User accounts are also deactivated on the one year anniversary of account activation. Users were informed that the service remains available through the shorter of account depletion or one year account activation anniversary at the time of purchase and account activation. Users are also informed of the estimated number of minutes of use that remain on the user's accounts when accessing Transcommunications' network and entering the account identification number.

DOCUMENT NUMBER-DATE

FPSC-COMMISSION CLERK

Ms. Blanca Bayo
March 10, 2005
Page 2

Transcommunications has entered into a management agreement with Innovative Processing Solutions, LLC ("IPS"), a Nevada Limited Liability Company, for the continued provision of service to the limited Customers accounts that may remain active. Under Transcommunications management agreement with IPS, IPS further assumes responsibility for honoring outstanding service commitments to remaining users and underlying carriers after Transcommunications ceases to provide service. IPS will continue to maintain Transcommunications' customer service number upon Transcommunications' market exit, to field any potential remaining user calls.

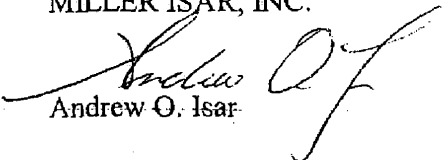

In light of the fact that Transcommunications has provided prepaid calling card services, which inherently limited in duration, and that user identity is unknown, no further written notice is practical or possible.

Pursuant to Part 63.71(a) of the Code of Federal Regulations,⁸ a copy of Transcommunications' federal *Section 63.71 Application* is served with the instant notice of service discontinuance.

Thank you for your attention to this matter. Questions may be directed to the undersigned.

Sincerely,

MILLER ISAR, INC.

Enclosure

⁸ 47 CFR §63.71(a)

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554

_____)	
In the Matter of)	
)	
Transcommunications Incorporated)	File No. _____
)	
Application for Authority to Discontinue)	
Certain U.S. Domestic and International)	
Telecommunications Services)	
_____)	

SECTION 63.71 APPLICATION

Transcommunications Incorporated ("Transcommunications"), pursuant to Section 214(a) of the Communications Act of 1934, as amended, 47 U.S.C. §214(a), and Section 63.71 of the rules of the Federal Communications Commission ("FCC" or "Commission"), 47 C.F.R. §63.71, hereby requests authority to discontinue the provision of discretionary prepaid resold domestic U.S. interstate interexchange and international telecommunications services throughout its U.S. service territory. Transcommunications' request stems from an affirmative business decision to cease providing resold discretionary prepaid international and domestic interstate interexchange telecommunications services. Transcommunications is a non-dominant carrier with respect to the interexchange and international services being discontinued. Transcommunications currently serves less than 10,000 active card accounts, and has made arrangements for remaining users to continue receiving service until users' prepaid calling account balances have been depleted or upon the one year anniversary of account activation, whichever occurs first.

Transcommunications therefore requests authority to discontinue the provision of discretionary, prepaid telecommunications services and terminate any continuing obligation to provide service. In support of its Application, Transcommunications states as follows.

I. INFORMATION PURSUANT TO SECTION 63.71(a)

Pursuant to section 63.71(a) of the rules of the FCC, 47 C.F.R. §63.71, Transcommunications provides the following information:

- 1) **Name and address of carrier** (47 C.F.R. §63.71(b)(2), 47 C.F.R. §63.71(a)(1)):

Transcommunications Incorporated
6025 Lee Highway, 402 Executive Park
Chattanooga, TN 37421
423.954.9961

- 2) **Date of planned service discontinuance** (47 C.F.R. §63.71(b)(2), 47 C.F.R. §63.71(a)(2)):

Transcommunications plans to discontinue services immediately upon a grant of the instant Application. As discussed further *infra.*, Transcommunications has entered into a management arrangement with Innovative Processing Solutions, LLC for the ongoing provision of service to the few remaining users who maintain account balances on their prepaid calling card accounts until the accounts are depleted or until completion of the one year anniversary of account activation.

- 3) **Geographic areas affected** (47 C.F.R. §63.71(b)(2), 47 C.F.R. §63.71(a)(3)):

Transcommunications plans to discontinue its provision of discretionary prepaid resold domestic interexchange and international services throughout its geographic service areas in the United States and U.S. dependencies.

4) **Brief description of type of services affected (47 C.F.R. §63.71(b)(2), 47 C.F.R. §63.71(a)(4)):**

Transcommunications seeks authority to discontinue the provision of discretionary prepaid resold domestic interstate interexchange and international telecommunications services to commercial subscribers. Transcommunications has never served residential subscribers.

5) **Brief description of the dates and methods of notice to all affected users (47 C.F.R. §63.71(b)(3)):**

Transcommunications has provided a discretionary prepaid calling card service that supplements, but does not replace, conventional presubscribed, post-paid telecommunications services. As a matter of convention and practical consideration, no written notification of service discontinuance is provided when prepaid calling card accounts are depleted, as would otherwise be required for post-paid, presubscribed telecommunications services, because users recognize that service access is available only so long as funds remain in the card account or until a card expiration date. Further, User identity is unknown. Transcommunications maintains that the requirement of 47 C.F.R. §63.71(a) for notice of service discontinuance to "all affected customers" is inapplicable in this instance, and respectfully requests that it be exempt from the provisions of this section for purposes of the instant Application.

Prepaid calling card services are inherently discretionary. Such services supplement, but do not replace, post-paid presubscribed telecommunications services. Transcommunications users readily understand that the Company's prepaid calling card services are strictly temporary in nature, usable so long as funds remain in user prepaid calling accounts or upon the first year anniversary of account activation. Users clearly

recognize that once their prepaid card accounts are depleted or after a year of account activation, service access is no longer available. Once account funds are depleted or upon the first year anniversary of account activation, Transcommunications network access is terminated, as opposed to service being "discontinued" in a conventional sense. As such, notice of service discontinuance is not provided as it would for ongoing post-paid presubscribed services.¹ Further, Transcommunications prepaid calling card services were sold as a commodity to companies who distributed Transcommunications cards to employees. The identity and address of each user is unknown, making written notice of prepaid service discontinuance both impractical, and effectively impossible.

Transcommunications services have been provided to a very limited, targeted segment of telecommunications users in the transportation industry – long haul truck drivers – primarily through card distribution arrangements with trucking companies who supply cards to their drivers. Transcommunications does not sell its discretionary prepaid calling card services through retail outlets. In anticipation of discontinuing the provision of its service, Transcommunications has allowed users to deplete their prepaid calling card accounts through normal usage. When a user's prepaid account becomes depleted, the subscriber is no longer capable of placing calls utilizing Transcommunications' network. Additionally, user accounts are deactivated and network access is no longer available to users on the one year anniversary of account activation. Users are informed that the service remains available through the shorter of account depletion or one year account activation anniversary at the time of purchase and account activation.

¹ As discussed further below, Users do receive verbal notice of the amount of remaining time available on their prepaid calling card accounts when accessing Transcommunications' network and entering an account identification number.

Users are further informed of the estimated number of minutes of use that remain on the users' accounts when accessing Transcommunications' network and entering the account identification number. No further written notice would be practical or possible.

Notwithstanding the foregoing, Transcommunications has entered into a management agreement with Innovative Processing Solutions, LLC, a Nevada limited liability company, to continue providing service to the few user accounts that may remain active for a limited period of time until user account balances are depleted, or the one year anniversary of card account activation. Transcommunications ceased making prepaid calling cards available November 8, 2004.

A grant of this Application will have no effect on former users.

6) Non-dominance of the carrier with respect to the service to be discontinued (47 C.F.R. §63.71(b)(4)):

Transcommunications is non-dominant with respect to the telecommunications services it proposes to discontinue.

7) Service

In accordance with Sections 63.71 and 63.90(d) and (e)² of the Commission's Rules, Transcommunications certifies that a copy of this application is being submitted to the Governor and state utility commission of each affected jurisdiction, and to the Special Assistant for Telecommunications for the Secretary of Defense, contemporaneously with the filing of this Application.

² 47 CFR §§ 63.71 and 63.90(d) and (e).

II. CIRCUMSTANCES OF DISCONTINUANCE

In 2003, Transcommunications made an affirmative business decision to conclude its discretionary prepaid international and domestic interstate telecommunications service offerings.

Transcommunications maintains that its request for service discontinuance is consistent with the public interest, in no way impacts former users or the public, and should be granted. Transcommunications therefore requests authority to discontinue service.

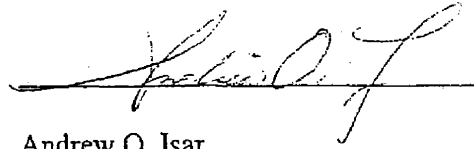

III. CONCLUSION

Transcommunications maintains that the proposed discontinuance is reasonable, necessary, and consistent with the public interest. Transcommunications has taken all reasonable action, to the extent it is able, to ensure that the discontinuance of service is not disruptive to the present or future public convenience and necessity. For the foregoing reasons, Transcommunications respectfully requests, pursuant to Section 214(a) of the Communications Act of 1934, as amended, 47 U.S.C. §214(a), and Section 63.71 of the Commission's Rules, that the Commission approve Transcommunications' Section 63.71 application to discontinue the provision of domestic interexchange and international services in the jurisdictions specified herein.

(Signature on Following Page.)

Respectfully submitted this 10th day of March 2005.
