COMMISSION
CLERK

Dear Commission Members and Director:

I am writing in opposition to the addition of territory to MSM utilities, LLC water certificate No. 611-W and wastewater certificate No. 527-S. I request this objection be filed as necessary to comply with the appropriate rules.

Our home was destroyed in the hurricanes of August 2004. In order to rebuild, I was required by the State of Florida and Charlotte County agencies to upgrade the septic system before we could obtain an occupancy permit for my new home, located on Marylu Dr. Punta Gorda, Fl. The water and sewage systems were permitted by the state and county and complied with all the standards set forth by these government agencies. We should not face a double financial burden to pay for the private development company's requested services; particularly the requirements another landowner faces to upgrade his property to meet those same standards since by the established state and county standards. The work we did was very taxing physically and emotionally on both me and my husband but we complied so that our system would meet the requirements to re-enter our home. We have not even been able to completely re-settle in our home because the process was so lengthy.

CMP _____ Please do not grant this request. It will cause us a considerable burden financially; we are on a limited fixed income.

COM _____

CTR _____ The property owners in this area have suffered financially because of the hurricanes last year.

ECR 1 _____ This annexation would add significant cost to these properties and more tax liability. The new

GCL 1 _____ tax assessment we recently received has already caused us a concern about the ability to continue

DPC _____ to reside in Florida and this obligation would definitely create an unwarranted and needless burden.

RCA _____

SCR _____ Please deny the request of MSM Utilities LLC. Thank you in advance for your careful consideration of these concerns.
