RULES AND REGULATIONS

- 1.0 **GENERAL INFORMATION** - The Company's Rules and Regulations, insofar as they are inconsistent with any Statute, Law, Rule or Commission Order shall be null and void. These Rules and Regulations are a part of the rate schedules and applications and contracts of the Company and, in the absence of specific written agreement to the contrary, apply without modifications or change to each and every Customer to whom the Company renders wastewater service.

In the event that a portion of these Rules and Regulations is declared unconstitutional or void for any reason by any court of competent jurisdiction, such decision shall in no way affect the validity of the remaining portions of the Rules and Regulations for wastewater service unless such court order or decision shall so direct.

The Company shall provide service to all customers requiring such service within the territory described in its certificate upon such terms as are set forth in this tariff pursuant to Chapter 25-9 and 25-30, Florida Administrative Code, and Chapter 367, Florida Statutes.

- 2.0 **POLICY DISPUTE** - Any dispute between the Company and the Customer or prospective customer, or competing utility regarding the meaning or application of any provision of this tariff shall upon written request by either party shall be resolved by the Florida Public Service Commission.
- 3.0 **WASTEWATER SERVICE** - To obtain wastewater service, application should be made at the office of the Company.
- 4.0 **SIGNED APPLICATION REQUIRED** - Wastewater service is furnished only after a signed application or agreement and payment of the initial connection fee are accepted by the Company. The conditions of such application or agreement are binding upon the Customer as well as upon the Company. A copy of the application or agreement for wastewater service accepted by the Company will be furnished to the applicant on request. The Applicant shall furnish to the Company the correct name and street address or lot and block number at which wastewater service is to be rendered.
- 5.0 **APPLICATIONS BY AGENTS** - Applications for wastewater service requested by firms, partnerships, associations, corporations, and others shall be rendered only by duly authorized parties. When wastewater service is rendered under agreement or agreements entered into between the Company and an agent of the principal, the use of such wastewater service by the principal shall constitute full and complete ratification by the principal of the agreement or agreements entered into between the agent and the Company and under which such wastewater service is rendered.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.0)

- 6.0 **WITHHOLDING SERVICE** - The Company may withhold or discontinue wastewater service rendered under application made by any member or agent of a household, organization, or business unless all prior indebtedness to the Company of such household, organization, or business for wastewater service has been settled in full in accordance with Rule 25-30.320, Florida Administrative Code.

Service may also be discontinued for any violation made by the Customer or Consumer of any Rule or Regulation set forth in this tariff.

- 7.0 **PROPERTY GRADE** - On the initial application for wastewater service, the Customer shall furnish the Company with the final grade of the property, and the Company shall set the meter box and meter accordingly. If, when the final grade is made of the Customer's property, the meter and/or the meter box are incorrectly set, due to the Customer's not having given the Company any finished grade at the time of application, or due to the Customer's having given the Company the wrong finished grade, the Company will reset the meter and/or meter box, and the Customer shall pay the actual cost for said work.

- 8.0 **EXTENSIONS** - Extensions will be made to the Company's facilities in compliance with Commission Rules and Orders and the Company's tariff.

The Company will make such extensions to its existing facilities as may be required by one or more Customers provided the revenues to be derived therefrom shall be sufficient to afford a fair and reasonable return on the cost of providing and rendering the water service. Otherwise, the Company will require from the Customer or future Customer pre-payments, cash advances, minimum guarantees, service guarantees, contribution in aid of construction, or other arrangements with the Customer, whereby the Company will be enabled to earn a fair and reasonable return on the cost of providing and rendering the required water service. Required pre-payments, cash advances, other guarantees or contribution in aid of construction will be approved by the Commission.

- 9.0 **FILING OF CONTRACTS** - Whenever a Developer Agreement or Contract, Guaranteed Revenue Contract, or Special Contract or Agreement is entered into by the Company for the sale of its product or services in a manner not specifically covered by its Rules and Regulations or approved Rate Schedules, a copy of such contracts or agreements shall be filed with the Commission prior to its execution in accordance with Rule 25-9.034 and Rule 25-30.550, Florida Administrative Code. If such contracts or agreements are approved by the Commission, a conformed copy shall be placed on file with the Commission prior to its effective date.

- 10.0 **TAX CLAUSE** - A municipal or county franchise tax levied upon a water or wastewater public utility shall not be incorporated in the rate for water or wastewater service but shall be shown as a separate item on the Company's bills to its Customers.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.1)

- 11.0 **LIMITATION OF USE** - Wastewater service purchased from the Company shall be used by the Customer only for the purposes specified in the Application for Wastewater service. Wastewater service shall be rendered to the Customer for the Customer's own use and shall be collected directly into the Company's main wastewater lines.

In no case shall a Customer, except with the written consent of the company, extend his lines across a street, alley, lane, court, property line, avenue, or other way in order to furnish wastewater service to the adjacent property through one meter, even though such adjacent property may be owned by him. In case of such unauthorized extension, remetering, sale, or disposition of service, the Customer's wastewater service will be subject to discontinuance until such unauthorized extension, remetering, sale or disposition of service is discontinued and full payment is made to the Company for wastewater service rendered by the Company (calculated on proper classification and rate schedules) and until reimbursement in full is made in full to the Company for all extra expenses incurred for clerical work, testing, and inspections.

- 12.0 **CONTINUITY OF SERVICE** - The Company will at all times use reasonable diligence to provide continuous wastewater service and, having used reasonable diligence, shall not be liable to the Customer for failure or interruption of continuous wastewater service. The Company shall not be liable for any act or omission caused directly or indirectly by strikes, labor troubles, accidents, litigations, breakdowns, shutdowns for emergency repairs, or adjustments, acts of sabotage, enemies of the United States, Wars, United States, State, Municipal or other governmental interference, acts of God or other causes beyond its control.

If at any time the Company shall interrupt or discontinue its service, all customers affected by said interruption or discontinuance shall be given not less than 24 hours written notice, unless interruption is caused by sudden, accidental and/or unforeseen occurrence.

- 13.0 **TYPE AND MAINTENANCE** - The customer's pipes, apparatus and equipment shall be selected, installed, used and maintained in accordance with standard practice and shall conform with the Rules and Regulations of the Company and shall comply with all Laws and Governmental Regulations applicable to same. The Company shall not be responsible for the maintenance and operation of the Customer's pipes and facilities. The customer expressly agrees not to utilize any appliance or device which is not properly constructed, controlled and protected or which may adversely affect the wastewater service, and the Company reserves the right to discontinue or withhold wastewater service to such apparatus or device.

- 14.0 **CHANGE OF CUSTOMER'S INSTALLATION** - No changes or increases in the Customer's installation, which will materially affect the proper operation of the pipes, mains, or stations of the Company, shall be made without written consent of the Company. The Customer shall be liable for any change resulting from a violation of this Rule.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.2)

- 15.0 **INSPECTION OF CUSTOMER'S INSTALLATION** - All Customer's wastewater service installations or changes shall be inspected upon completion by a competent authority to ensure that the Customer's piping, equipment, and devices have been installed in accordance with accepted standard practice and such local Governmental or other rules as may be in effect. Where Municipal or other Governmental inspection is required by local Rules and Ordinances, the Company cannot render wastewater service until such inspection has been made and a formal notice of approval from the inspecting authority has been received by the Company.

Notwithstanding the above, the Company reserves the right to inspect the Customer's installation prior to rendering wastewater service, and from time to time thereafter, but assumes no responsibility whatsoever for any portion thereof.

- 16.0 **INDEMNITY TO COMPANY** - The Customer shall indemnify, hold harmless and defend the Company from and against any and all liability, proceedings, suits, cost or expense for loss, damage, or injury to persons or property, in any manner directly or indirectly connected with, growing out of the transmission and use of water by the Customer at or on the Customer's side of the Point of Delivery.

- 17.0 **PROTECTION OF COMPANY'S PROPERTY** - The Customer shall exercise reasonable diligence to protect the Company's property on the Customer's premises and shall knowingly permit no one, but the Company's agents or persons authorized by law, to have access to the Company's pipes and apparatus.

In the event of any loss or damage to property of the Company caused by or arising out of carelessness, neglect, or misuse by the Customer, the cost of making good such loss or repairing such damage shall be paid by the Customer.

- 18.0 **ACCESS TO PREMISES** - The duly authorized agents of the Company shall have access at all reasonable hours to the premises of the Customer for the purpose of installing, maintaining, inspecting, or removing Company property; reading the meter; temporarily shutting off service at the meter or at any point of the Company's property while repairs or investigations are performed; or for performance under or termination of the Company's agreement with the Customer; and in so doing, the Company shall not be liable for trespass. This shall include the right of access to individual units, for any of the purposes stated above, where the meter is or will be located within a unit of a condominium, apartment, cooperative or multi-family complex.

- 19.0 **RIGHT OF WAY OR EASEMENTS** - The Customer shall grant or cause to be granted to the Company, and without cost to the Company, all rights, easements, permits, and privileges which are necessary for the rendering of wastewater service.

- 20.0 **EVIDENCE OF CONSUMPTION** - The initiation or continuation or resumption of water service to the Customer's premises shall constitute the initiation or continuation or resumption of wastewater service to the Customer's premises regardless of occupancy.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.3)

- 21.0 **BILLING PERIODS** - Bills for wastewater service will be rendered - Monthly, Bimonthly, or Quarterly - as stated in the rate schedules and are due when rendered and shall be considered as received by the Customer when delivered or mailed to the service address or some other place mutually agreed upon. Non-receipt of bills by the Customer shall not release or diminish the obligation of the Customer with respect to payment thereof.
- 22.0 **ADJUSTMENT OF BILLS** - When a Customer has been overcharged or undercharged as a result of incorrect application of the rate schedules, incorrect reading of a water meter, or other similar reasons, the amount may be credited or billed to the Customer as the case may be in pursuant to Rule 25-30.350, Florida Administrative Code.
- 23.0 **BACKBILLING** - The Company may backbill Customers for a period of no greater than twelve (12) months for any undercharge in wastewater billing which is the result of the Company's mistake. The Company shall allow the Customer to pay for the unbilled wastewater service over the same time period as the time period during which the underbilling occurred or some other mutually agreeable time period.
- 24.0 **MULTIPLE SERVICE ON SINGLE SERVICE** - When one wastewater service is to supply more than one house and/or store, as subdivided by partitioning walls, billing will be in accord with existing Commission's orders, Rules or Regulations, or rate schedules filed by the Company.
- 25.0 **REIMBURSEMENT FOR EXTRA EXPENSES** - The Customer shall reimburse the Company for all extra expenses (such as special trips, inspections, additional clerical expenses, etc.) incurred by the Company on account of the Customer's violation of the contract for service or of the Company's rules and regulations.
- 26.0 **DELINQUENT BILLS** - Bills are due when rendered. However, the Company shall not consider the Customer delinquent in paying any bill until the twenty-first (21) day after the Company has mailed or presented the bill to the Customer for payment. Wastewater service may then be discontinued only after the Company has mailed or presented within five (5) working days a written notice to the Customer in accordance with Rule 25-30.320, Florida Administrative Code. Wastewater service shall be restored only after the Company has received payment for all past-due bills and penalties, and reconnect charges from the Customer.
- There shall be no liability of any kind against the Company for the discontinuance of wastewater service to a Customer for that Customer's failure to pay the bills on time.
- 27.0 **NO PARTIAL PAYMENT** - Partial payment of a bill for wastewater service rendered will not be accepted by the Company, except by the Company's agreement thereof or by direct order from the Commission.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.4)

- 28.0 **PAYMENT OF WATER AND WASTEWATER SERVICE BILLS CONCURRENTLY** - When both water and wastewater service are provided by the Company, payment of any water service bill rendered by the Company to a customer shall not be accepted by the Company without the simultaneous or concurrent payment of any wastewater service bill rendered by the Company. The Company may discontinue both water service and wastewater service to the Customer's premises for non-payment of the water service bill or wastewater service bill or if payment is not made concurrently.

The Company shall not reestablish or reconnect water service and/or wastewater service until such time as all water and wastewater service charges and all the other expenses or charges established or provided for by these Rules and Regulations are paid.

- 29.0 **TEMPORARY DISCONTINUANCE OF SERVICE** - If service is terminated and resumed at the same address to the same Customer within twelve (12) months or less from the date of termination, a monthly standby charge equivalent to the Base Facility Charge, will be collected by the Company as a condition precedent to restoration of service to that Customer. If the Base Facility rate structure is not in effect, one half of the approved minimum bill will be charged for each billing period. The standby charge will be collected for each month, not to exceed twelve (12) months.

During a period that service is not being furnished to the premises, upon application to the Company by the Customer, as confirmed by the Company, a standby charge will be made.

- 30.0 **CHANGE OF OCCUPANCY** - When a change of occupancy takes place on any premises supplied by the Company with wastewater service, written notice thereof shall be given at the office of the Company not less than three (3) days prior to the date of change by the outgoing Customer. The outgoing Customer shall be held responsible for all wastewater service used on such premises until such written notice is so received by the Company and the Company has had reasonable time to discontinue the wastewater service. However, if such written notice has not been received, the application of a succeeding occupant for wastewater service will automatically terminate the prior account. The Customer's deposit may be transferred from one service location to another, if both locations are supplied wastewater service by the Company; the Customer's deposit may not be transferred from one name to another.

Notwithstanding the above, the Company will accept telephone orders, for the convenience of its Customers, to discontinue or transfer wastewater service from one service address to another and will use all reasonable diligence in the execution thereof. However, oral orders or advice shall not be deemed binding or be considered formal notification to the Company.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.5)

- 31.0 **UNAUTHORIZED CONNECTIONS - WASTEWATER** - Connections to the Company's wastewater system for any purpose whatsoever are to be made only by employees of the Company. Any unauthorized connections to the Customer's wastewater service shall be subject to immediate discontinuance without notice. Wastewater service shall not be restored until such unauthorized connections have been removed and until settlement is made in full to the Company for all wastewater service estimated by the Company to have been used by reason of such unauthorized connection.
- 32.0 **STOPPAGE IN WASTEWATER SERVICE LINE** - The Customer is responsible for cleaning and maintaining the wastewater service line to the wastewater main. The Company is not responsible for roots from trees, shrubbery or any foreign matter entering the wastewater lateral at any point prior to entering the main line.
- 33.0 **STORM AND WELL WATER** - The Customer shall not drain or dispose of any storm water or any water from water wells into the wastewater system installed by the Company or service lines installed by the Customer.
- 34.0 **CUSTOMER DEPOSITS - ESTABLISHMENT OF CREDIT** - Before rendering wastewater service, the Company will require an Applicant for service to establish credit satisfactorily, but such establishment of credit shall not relieve the Customer from complying with the Company's rules for prompt payment of bills. Credit will be deemed so established, in accordance with Rule 25-30.311(1), Florida Administrative Code, if:
- (a) the Applicant for service furnishes a satisfactory guarantor to secure payment of bills for the service requested,
 - (b) the Applicant pays a cash deposit,
 - (c) the Applicant for service furnishes an irrevocable letter of credit from a bank or a surety bond.

The amounts of initial deposit are shown in the Schedule of Customer Deposits in Section VII.

- 35.0 **ADDITIONAL DEPOSIT** - Under Rule 25-30.311(7), Florida Administrative Code, the Company may require a new deposit, where previously waived or returned, or an additional deposit, in order to secure payment of current bills. The Company shall provide the Customer with reasonable written notice of such deposit of not less than 30 days, such request or notice being separate and apart from any bill for service. The total amount of the required deposit shall not exceed an amount equal to the average actual charge for wastewater service for two monthly billing periods for the 12-month period immediately prior to the date of notice. In the event the Customer has had service less than 12 months, the Company shall base its new or additional deposit upon the average actual monthly billing available.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.6)

36.0 **INTEREST ON DEPOSIT** - The Company shall pay interest at a rate of 6% per annum (8% for Stonecrest in Marion County) on Customer deposits pursuant to Rule 25-30.311(4), Florida Administrative Code. The Company shall pay interest at a rate of 7% per annum (9% for Stonecrest in Marion County) on deposits of non-residential customers qualifying under Rule No. 37.0 below when the Company elects not to refund such a deposit after 23 months. The deposit interest shall be simple interest in all cases, and payment of interest shall be made once each year as a credit on regular bills or, when service is discontinued, as a credit on final bills. No Customer depositor will receive interest on his or her deposit until and unless a Customer relationship and the deposit have been in existence for a continuous period of six (6) months. At such time, the Customer depositor shall be entitled to receive interest from the day of the commencement of the Customer relationship and the placement of the deposit.

37.0 **REFUND OF DEPOSIT** - Pursuant to rule 25-30.311(5), Florida Administrative Code, after a Customer has established a satisfactory payment record and has had continuous service for a period of 23 months, the Company shall refund the residential Customers' deposits and shall, at its option, either refund or pay the higher rate of interest specified above in Rule No. 36.0 for non-residential deposits, providing the customer has not, in the preceding 12 months:

- (a) made more than one late payment of a bill (after the expiration of 20 days from the date of mailing or delivery by the Company),
- (b) paid with a check refused by a bank,
- (c) been disconnected for non-payment,
- (d) at any time, tampered with the meter, or
- (e) at any time, used service in a fraudulent or unauthorized manner.

Nothing in this rule shall prohibit the Company from refunding at any time a Customer's deposit with any accrued interest.

Pursuant to rule 25-30.311(6) Florida Administrative Code, upon termination of service, any remaining deposit and accrued interest may be credited against the final account, and the balance, if any, shall be returned to the Customer no later than fifteen (15) days after service is discontinued.

38.0 **RATES** - The Company reserves the right to revise the rates and charges for wastewater service as approved by the Commission.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.7)

39.0 **MISCELLANEOUS SERVICE CHARGES** - The Company may charge the following miscellaneous service charges in accordance with the terms stated herein. If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company require multiple actions.

A. INITIAL CONNECTION - This charge would be levied for service initiation at a location where service did not exist previously.

B. NORMAL RECONNECTION - This charge would be levied for transfer of service to a new customer account at a previously served location or reconnection of service subsequent to a customer requested disconnection.

C. VIOLATION RECONNECTION - This charge would be levied each time service has to be disconnected or reconnected for existing customers who have been disconnected for cause according to Rule 2530.320(2), Florida Administrative Code, including a delinquency in bill payment.

D. PREMISES VISIT CHARGE (IN LIEU OF DISCONNECTION) - This charge would be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.

These charges are shown in the Miscellaneous section.

SERVICE AVAILABILITY POLICY

TERMS & ABBREVIATIONS

- 1.0 **"ACTIVE CONNECTION"** - Means a connection to the Company's system at the point of delivery of service, whether or not service is currently being provided.
- 2.0 **"BACK FLOW PREVENTOR"** - Means a valve or device installed in order to prevent contamination of the potable water in the lines of the Company by virtue of a cross connection or flow from the Customers' property into the Company's system.
- 3.0 **"CONTRIBUTION(S)-IN-AID-OF-CONSTRUCTION" (CIAC)** - Means any amount or item of money, services, or property received by the Company from an Applicant, any portion of which is provided at no cost to the Company, which represents an addition or transfer to the capital of the Company, and which is utilized to offset the acquisition, improvement, or construction costs of the Company's property, facilities, or equipment used to provide utility services to the public. The term includes plant capacity charges, main extension charges, meter and service installation charges.
- 4.0 **"CONTRIBUTOR"** - Means a person, builder, developer or other entity who makes a contribution-in-aid-of-construction.
- 5.0 **"CUSTOMER CONNECTION CHARGE"** - Means any payment made to the Company for the cost of installing a connection from the company's water or wastewater lines, including but not limited to the cost of piping and the meter installation fee.
- 6.0 **"CUSTOMER INSTALLATION"** - Means all pipes, shut-offs, valves, fixtures, and appliances or apparatus of every kind and nature which are located on the Customer's side of the "Point of Delivery" and used in connection with or forming part of the installation necessary for rendering water service to the Customer's premises regardless of whether such installation is owned by the Customer or used by the Customer under lease or other agreement.
- 7.0 **"DEVELOPER'S AGREEMENT"** - Means a written agreement setting forth in detail the terms and conditions under which the Company will render services to a developer's property.
- 8.0 **"ECONOMIC FEASIBILITY"** - Means a test by which the operating income of the Company to be earned from prospective customers within the area to be served by a proposed expansion of facilities is divided by the investment in such facilities to determine if the Company will earn a fair return on its investment in the proposed extension.
- 9.0 **"EQUIVALENT RESIDENTIAL CONNECTION" (ERC)** - Means (a) 2 00 g allons per day, (b) the number of gallons the Company demonstrates is the average daily flow for a single residential unit, or (c) the number of gallons which has been approved by the Department of Environmental Regulation for a single residential unit.

TERMS & ABBREVIATIONS (Cont.)

(Continued from Section IV Sheet No. 2.0)

- 10.0 **"GUARANTEED REVENUE AGREEMENT"** - Means a written agreement by which an applicant agrees to pay a charge designed to cover the Company's costs including, but not limited to, the cost of operation, maintenance, depreciation, and any taxes, and to provide a reasonable return to the Company, for facilities that are subject to the agreement, a portion of which may not be used and useful to the Company or its existing customers.
- 11.0 **"HYDRAULIC SHARE"** - Means the pro rata share of the capabilities of the Company's facilities to be made available for service to the contributor. The pro rata share is multiplied by the unit cost (per gallon) of providing the facilities to determine the proportional share of the cost to be borne by the contributor.
- 12.0 **"INSPECTION FEE"** - Means either the actual or the average cost to the Company of inspecting, or having inspected, the facilities constructed by a contributor or by an independent contractor for connection to the facilities of the Company.
- 13.0 **"MAIN EXTENSION CHARGE"** - Means a charge made by the Company for the purpose of covering all or part of the Company's capital costs in extending its off-site water or wastewater facilities to provide service to specified properties. The charge is determined on the "Hydraulic Share" basis or other acceptable method reasonably related to the cost of providing the service.
- 14.0 **"OFF-SITE FACILITIES"** - Means either the water transmission mains and facilities or the wastewater collection trunk mains and facilities, including, but not limited to, manholes, wastewater force mains and wastewater pumping stations, the purpose of which is either to provide water service to properties within the service territory of the service Company or to collect wastewater received from properties within the territory.
- 15.0 **"ON-SITE FACILITIES"** - Means the portion of the water distribution system or the wastewater collection and treatment system that has been, or is to be, located wholly within the property to which service is to be extended. If off-site facilities cross the property of the Customer via an easement, the on-site facilities shall mean the water distribution system or the wastewater collection system that is located on the Customer's property, exclusive of the off-site facilities.
- 16.0 **"REFUNDABLE ADVANCE"** - Means money paid or property transferred to the Company by the Applicant for the installation of facilities which may not be used and useful for a period of time. The advance is made to temporarily defray the Company's costs so that the proposed extension may be rendered economically feasible and, in turn, so that service may be obtained. As additional Customers connect to the system, portions of the advance will be returned to the Applicant over a specified period of time in accordance with a written agreement.
- 17.0 **"SERVICE AVAILABILITY POLICY"** - Means the section of the Company's tariff which sets forth a uniform method of determining the plant capacity charge or other charges to be paid and conditions to be met, by Applicants for service in order to obtain water or wastewater service.

SERVICE AVAILABILITY POLICY

- I. **PURPOSE** The Company is implementing this Service Availability Policy (hereinafter "Policy") to set forth the terms and conditions under which the Company will be the sole provider of service from Company facilities to individual or developer Applicants within its certificated area; and describes the charges which are intended to defray portions of the costs associated with existing and new facilities of the Company in a fair and nondiscriminatory manner.

- II. **APPLICABILITY** The provisions of this policy are applicable to all customers and potential customers within the Certificated Service Area of the Company, except Buenaventura Lakes in Osceola County. Buenaventura Lakes is governed by the Service Availability Policy set forth in Paragraph VIII below.

- III. **GENERAL PROVISIONS** The following provisions apply, except where Order No. 22307 mandates the Company to honor commitments to lots sold by Deltona Corporation, as outlined in Sub-section IV - SPECIAL PROVISIONS, to all extensions to the Company's facilities. No service will be provided until the Company receives the Commission's approval, as provided below, and where applicable, all terms of Section 367.045, Florida Statutes are met. The Applicant must agree to pay all costs associated with a request for service that requires an expansion of the Company's exclusive service area which is set forth in its Certificate of Authorization.
 1. **Commission Approval** The terms and conditions of the Company's Service Contracts, Developer's Agreements and Refundable Advance Agreements are subject to the approval of the Commission as outlined below:
 - a. Extensions that are in accordance with the standard Service Contract, Standard Developer's and/or Standard Refundable Advance Agreements, approved by the Commission for use with this Service Availability Policy, will not need additional Commission approval.
 - b. Where situations exist that are not provided for in the Company's standard agreements, the Company may enter into a Special Service Availability Contract with a developer provided, however, that the Commission approve said Special Service Availability Contract before any extension is made.
 - c. Approval of a developer's agreement does not preclude the Commission from affecting its provisions in the future if, pursuant to Commission approval, the terms and conditions of the Company's service availability policy are changed.

(Continued from Section IV Sheet No. 3.0)

2. **Extension Only Within Certificated Service Areas** The Company will make extensions to its facilities, to all customers within its certificated service area as may be required by one or more customers, provided the revenues to be derived therefrom shall be sufficient to afford a fair and reasonable return on the Company's investment in providing the service. To this end the Company will require, depending upon the specific circumstances, conveyance of title as described in Section V-3-b of this Service Availability Policy, service availability charges, refundable advances, contributions-in-aid-of-construction (CIAC), and/or allowance for funds prudently invested (AFPI) charges be paid by the Applicant.

3. **Extensions Where Economically and Operationally Feasible** If service is requested for property not in the Company's existing Certificated Service Area, the Company may agree to provide service where economically and operationally feasible subject to appropriate approval(s) from regulatory authorities.

4. **Obligations of the Company** As provided in this policy, the Company's obligations are to extend its existing facilities within its Certificated Service Area, and to provide service to all customers within its certificated area under the terms and conditions herein. The Company will respond to each Applicant within 30 days. Where a proposed main extension is involved, only those services specifically provided for in the Company's Commission-approved Service Contracts, Developer's Agreements or Refundable Advance Agreements, which are properly executed by the Applicant and the Company, shall obligate the Company to perform any task, or furnish any service to an Applicant or any other party.

5. **General Application for Service** The Commission requires that all Applicants for utility services within its certificated area shall make a written request (Application) for the service desired from the Company. (The Company's Application Form is in SECTION VII - MISCELLANEOUS of this tariff). This application is notice to the Company that service is desired and an expression of the Applicant's willingness to conform to the Company's policies, tariffs, rules and regulations which are in effect and on file with the Commission.

6. **On-Site Facilities** The Company shall be entitled to inspect all connections (including on-site facilities) to Company facilities. The Applicant shall reimburse the Company for all costs associated with the performance of these inspections.

(Continued from Section IV Sheet No. 3.1)

7. **Refusal of Service** The Company may refuse commencement of service to an Applicant for any of the following reasons:
 - a. **Proposed Service is not lawful.** The proposed service is not lawful under the current Statutes and Rules of the Commission, or
 - b. **Conditions not yet met.** A condition of the Service Availability Policy, Service Contract, Developer's Agreement or Refundable Advance Agreement has not yet been met, or
 - c. **Adverse effects on existing customers.** The proposed service would adversely affect the quality or reliability of service to existing customers (e.g. capacity of existing Company facilities is insufficient), or
 - d. **Economic feasibility.** The proposed service is not economically feasible as defined in Chapter 25-30.515, Florida Administrative Code (Commission Rules), or
 - e. **Property outside certificated service area.** Property for which service is requested is outside of the Company's certificated service area and the Company has determined that extension of its certificated service area is not economically justified.

V. **MAIN EXTENSION RULES** Where there is not an existing main available, the Company will extend its main to provide service, except for lots described in Parts IV-1 and IV-2 of the SPECIAL PROVISIONS section, provided the Applicant has first entered into a Commission-approved Service Contract, Developer's Agreement or Refundable Advance Agreement with the Company.

1. **Applications for Main Extensions** Whenever an extension to one of the Company's mains is involved, it shall be in accordance with the following rules:

Any Applicant shall, in addition to the general application for service, make a written request regarding the specific main extension desired from the Company. Said application, as required by Commission Rules (Chapter 25-30.525, Florida Administrative Code) shall include, but not be limited to the following information, if applicable:

- a. A legal description of the property including reference to section, township and range.
- b. A drawing of the property showing its boundaries.
- c. The present zoning classification of the property.
- d. A plat map.
- e. Three sets of a site and utility plan (and floor plan for commercial developments).
- f. The intended land use of the development, including densities and types of use.
- g. The name and address of the person or entity making the application for extension of service.

- h. The nature of the Applicant's title to or interest in the described property.
 - i. The date, or estimated date, service will be needed.

- 2. **Rules for Extending Mains to a Single Residence or a Single Commercial Facility**
Where an extension of the Company's facilities is required to provide service to a single residence or a single commercial facility, the Company will furnish a cost estimate of the proposed extension, a preliminary sketch of the extension, and the terms and conditions to be contained in the Service Contract necessary for service to be extended.

- 3. **Rules for Extending Mains to Developer Facilities** Service to a developer requiring an extension of the Company's facilities will be conducted under the terms and conditions of a Developer's Agreement or a Refundable Advance Agreement wherein the Company will negotiate with the developer whether it will design, construct and install extensions from existing facilities to the property to be served or have the developer undertake these activities. If the company installs the necessary facilities, it will prepare a Developer's Agreement detailing the cost estimate and other items necessary for such extensions to be made. If the developer is to perform the design, construction and installation, the developer must obtain approval of the Company as outlined in the Commission's Rules. Developer's Agreements are subject to the approval of the Commission and shall be in accordance with the following:
 - a. **Existing facilities to a development.** If the request is for service to a development, and the provision of service will be by the extension of existing facilities through Company investment, the Company shall be responsible for all engineering, planning, design, and construction.

 - b. **Developer providing facilities.** If the request is for service to a development and the developer will be providing the necessary facilities for the extension, or will be paying for the construction of the facilities, the developer shall be responsible for the planning, design, and development of construction drawings needed to extend the existing facilities to serve the proposed development. The plans, designs and development drawings shall be in accordance with applicable laws or ordinances. The Company will furnish general construction specifications, an estimate of all costs to be borne by the developer (including all applicable Service Availability Charges) that are in addition to the costs of the facilities the developer is to construct, and a quotation of advances to be made upon execution of a Developer's Agreement. By way of further explanation, the Developer will be responsible for the following:

- (1) **Design of new facilities.** The developer will retain the services of a registered professional engineer to prepare all plans and specifications for water facilities (hereinafter "facilities") to connect to the Company's facilities at points designated by the Company. Said plans and specifications must be approved by the Company prior to submission to any regulatory agency for review.
- (2) **Approvals and permits.** The developer shall be required to obtain all necessary approvals and permits for construction of the new facilities from the appropriate regulatory agencies.
- (3) **Construction of facilities.** The developer will, at its own expense, construct and install all facilities in accordance with the plans and specifications as approved by the Company. Additionally, the developer shall be responsible for certifying to the appropriate regulatory agency that the facilities have been installed and tested in accordance with the plans and specifications prepared by the developer's engineer.
- (4) **Warranty on workmanship.** The developer shall warrant all facilities against defect in materials and workmanship for a period of one year from the date of acceptance of said facilities by the Company.
- (5) **Inspection of facilities.** The Company shall have the right to inspect the construction of the facilities and to recommend reasonable changes. Additionally, within sixty (60) days after the completion and certification of the facilities, the Company may perform an inspection of the facilities. The developer shall reimburse the Company for all costs associated with the performance of these inspections, as provided for in this tariff.
- (6) **Conveyance of title.** Prior to a letter of acceptance being issued by the Company, the developer shall immediately convey title of the facilities to the Company, and before accepting the responsibility for operation and maintenance of the facilities, the developer shall provide, without charge to the Company, the following information:

- (a) Cost Report - which shall detail, as provided for in the National Association of Regulatory Commissioners (NARUC) Uniform System of Accounts, all costs incurred in the construction of the facilities, including engineering, inspection, and administrative costs,
 - (b) Three copies of "As-Built-Plans" - Shall be 24"x36" Mylar, showing precise location of all lines and appurtenances in relation to an identifiable property line or referenced monument,
 - (c) Easements - as required,
 - (d) Contractor's waiver and release of lien,
 - (e) Contractor's Letter of Warranty or Developer's Contract Bond,
 - (f) Absolute Bill of Sale,
 - (g) All required fees and charges.
4. **Company Extends for Its Own Future Benefit** If the company installs (or has installed) facilities for its future benefit capacity in excess of what would normally be required for the requested extension, the incremental cost for this excess capacity shall not be included in cost estimates to Applicants; and shall be the Company investment or recovered by a Refundable Advance Agreement.

VI. **SERVICE AVAILABILITY CHARGES** The following charges will be applied, if applicable. The charges are subject to change from time to time as deemed necessary by the Company and the Commission. These charges are defined as a CIAC, and do not entitle the Applicant to any rights of ownership. The Company will own and maintain the facilities for which these charges are levied. The specific charges, as approved by the Commission and provided in the rates portion of this tariff, are described as follows:

- 1. **Plant Capacity Charges** The Company will collect a fee, designed to defray a portion of the cost of the facilities not covered in other Service Availability Charges.
- 2. **Meter Installation Charges** The Company will collect, for water service installations, a fee to cover the costs required to install a meter, including meter boxes, fittings, etc. at the point of delivery.

(Continued from Section IV Sheet No. 3.7)

3. **Service Installation Charges** The Company will collect a fee to cover the costs required to install a service line from the Company's main to the point of delivery.
 - a. **Short Service** - Tapping into the main line, which would be located on the same side of the street as property to be served and putting in the service line.
 - b. **Long Service** - Tapping into the main line, which would be located on the opposite side of an "unpaved" road of the property to be served and putting in the service line.
 - c. **Long Service** - Tapping into the main line, which would be located on the opposite side of "paved" road of property to be served. Putting in the service line by method of jacking or boring the service line under the street.

4. **Main Extension Charges** The Company will collect a fee to offset a portion of the cost of the mains. Where there is an existing main available, the charges to the Applicant will be the charges as provided in this tariff. Where there is not an existing main available, the charges to the Applicant for the Company to extend its main to service the Applicant will be the actual cost, which will be recovered either through a Service Contract, Developers Agreement or Refundable Advance Agreement, all of which are subject to prior Commission approval. See Section IV - SPECIAL PROVISIONS of this policy for an explanation on those extensions of mains for which Topeka has agreed to fund extensions to certain lots sold or to be sold by the Deltona Corporation or the circumstances where any Utility Service Fee paid by the lot owner will be applied against the required tariffed Service Availability Charges.

5. **Allowance for Funds Prudently Invested (AFPI)** The Company will collect commission-approved fee designed to cover the carrying costs of actual company investment in plant prudently constructed for future customer use. Such investment will include plant and may include distribution lines, and will be applicable to all NEW connections utilizing such plant. When application is made for service, AFPI charges will be collected at the same time that payment(s) are made for other Service Availability Charges. The AFPI charge will increase for the maximum period allowed by the Commission, after which time it will remain constant. It will continue to be charged to all NEW connections until such time as the total Equivalent Residential Connections (ERC's) equal or exceed the capacity of the plant for which the charge is being collected.

6. **Inspection Fee** - See Sub-section V-3-b.

(Continued from Section IV Sheet No. 3.8)

VII. **SPECIAL CONDITIONS** Under certain circumstances, as outlined below, special funding arrangements will be necessary or have been arranged for payment of the charges described in this Service Availability Policy.

1. **Refundable Advances** Where extensions are required for contiguous properties for which service has not yet been provided (hereinafter "Qualified Property") and, where the Company determines that an extension is economically justified or is appropriate to improve system reliability or enhance the quality of service to existing customers; a separate Refundable Advance Agreement may be undertaken by the Applicant and the Company, at the time of the request for service, temporarily defray the cost of any off-site extension of mains and other facilities necessary to provide service to the Applicant's property.
 - a. **Basis of Refundable Advance.** The amount of the refundable advance will be based on the actual cost of the off-site mains and other facilities. Such facilities shall be designed and constructed in accordance with the Company's plans for service to the immediate surrounding area.
 - b. **Charges Paid by the Applicant.** Charges paid by the Applicant over and above the Applicant's hydraulic share of the facilities shall be refunded, interest free, in accordance with the terms and conditions of a Commission-approved Refundable Advance Agreement which the Company will execute with the Applicant.
 - c. **Prorated Share of the Capacity.** The Company will collect fees from other Applicants of the Qualified Property based upon their prorated hydraulic share of the facilities. Within sixty (60) days of collection of said fees by the Company, a refund of said fees shall be made to the Applicant in accordance with the Refundable Advance Agreement.
 - d. **Limits on Refund.** Notwithstanding any other provisions of this section, the life of the Refundable Advance Agreement shall be as provided in the Agreement, after which time the balance of any possible refund not already made to the Applicant pursuant to the terms and conditions of the Refundable Advance Agreement will be retained by the Company and such Refundable Advance Agreement will be canceled. In no event shall an Applicant recover an amount (without interest) greater than the difference between the capitalized cost of such improvements and the Applicant's own hydraulic share of the cost of such improvements.

2. **Deferring or Waiving Service Availability Policies and Charges** If allowed by the Commission, the Company may defer or waive, with or without conditions, all or portions of its service availability charges and service availability policies for a prospective customer or group of customers in cases where exceptional circumstances exist. Exceptional circumstances are evaluated on a case-by-case basis. By Order No. PSC-97-0932-S-WS, issued August 5, 1997, in Docket No. 960907-WS, the Commission agreed exceptional circumstances existed as to the current connections within the Burnt Store Colony mobile home park in Charlotte County and that plant capacity charges were appropriately waived where: (1) the park's treatment plant failed, (2) the park's distribution facilities were transferred to the Company and the value thereof booked as contributions, (3) the park paid for the interconnection to the Company's existing lines, (4) the park retained ownership of and dismantled its treatment plant, (5) the Company had sufficient existing supply and treatment capacity to serve the park, and (6) the Company's existing customer base would benefit from the transaction with the park.

MISCELLANEOUS SERVICE CHARGES

APPLICABILITY: For the following services to all customers within the certificated service areas of the Company. See SECTION II - TERRITORY SERVED for a list of all applicable systems.

1. **Initial Connection** - This charge would be levied for service initiation at a location where service did not exist previously.
2. **Normal Reconnection** - This charge would be levied for transfer of service to a new customer account at a previously served location, or reconnection of service subsequent to a customer requested disconnection.
3. **Violation Reconnection** - This charge would be levied each time service has to be disconnected or reconnected for existing customers who have been disconnected for cause according to Rule 25-30.320(2), Florida Administrative Code, including a delinquency in bill payment.
4. **Premise Visit Charge (In Lieu Of Disconnection)** - This charge would be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.

If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company require multiple actions.

CHARGES: The charges assessed for these services will be in accordance with the most recent revision of FPSC Staff Advisory Bulletin No. 13.

<u>Type of Service</u>	<u>Fee</u>

RULES AND REGULATIONS

TECHNICAL TERMS & ABBREVIATIONS

- 1.0 **"APPLICANT"** - Any person, firm, association, corporation, governmental agency, or similar organization that has applied (completed appropriate Company forms and paid the necessary fees) for service with the Company; or who has applied (completed appropriate Company forms and paid the necessary fees) to have a main extended to make service available to property not presently being served by the Company.
- 2.0 **"BFC"** - "BFC" is the abbreviation for "Base Facility Charge" which is the minimum charge to the Company's customers and is separate from the amount billed for water consumption on the Company's bills to its customers.
- 3.0 **"CERTIFICATE"** - A document issued by the Commission authorizing the Company to provide service in a specific territory.
- 4.0 **"CERTIFICATED AREA"** - The specific area in which the Company is granted exclusive authority by the Commission to provide services.
- 5.0 **"COMMISSION"** - "Commission" refers to the Florida Public Service Commission.
- 6.0 **"COMMUNITIES SERVED"** - The term "Communities Served", as mentioned in this tariff, shall be construed as the group of consumers or customers who receive water service from the Company and whose service location is within a specific area or locality that is uniquely separated from another area or locality.
- 7.0 **"COMPANY"** - AQUA UTILITIES FLORIDA, INC.
- 8.0 **"CONSUMER"** - Any person, firm, association, corporation, governmental agency or similar organization supplied with water service by the Company.
- 9.0 **"CUSTOMER"** - Any person, firm, or corporation who has entered into an agreement to receive water service from the Company and who is liable for the payment of that water service.
- 10.0 **"LETTER OF ACCEPTANCE"** - The letter sent by the Company, after the developer completes the Company's application for extension and supplies all supporting documents for said application, in which the Company states the terms and conditions under which it will allow the developer to connect to its mains.
- 11.0 **"MAIN"** - A pipe, conduit, or facility used for conveying water service to individual service lines or to other mains.
- 12.0 **"METER"** - Any device used to measure service rendered to a Customer by the Company.

TECHNICAL TERMS & ABBREVIATIONS (Cont.)

(Continued from Section III Sheet 2.0)

- 14.0 **"POINT OF DELIVERY"** - The "point of delivery" for service shall be the outlet connection of the Company's meter, except in cases where 1) there is no meter, 2) the meter is not located at the property boundary, or 3) the meter is located within a multi-family dwelling unit. In each of these three exceptions, the "point of delivery" for service shall be the point at which the Company's piping connects with the on-site pipes at or near the property boundary.
- 15.0 **"QUALIFIED PROPERTY"** - The (off-site) property or properties through which an extension has been made in accordance with a Refundable Advance Agreement in order to extend facilities to the Applicant's (on-site) property; and for which the Applicant may be due a refund under the terms and conditions of the Service Availability Policy, Service Contract, or Developer's Agreement.
- 16.0 **"RATE SCHEDULE"** - The rate(s) or charge(s) for a particular classification of service plus the several provisions necessary for billing, including all special terms and conditions under which service shall be furnished at such rate(s) or charge(s).
- 17.0 **"RATE STRUCTURE"** - Refers to the classification system used in justifying different rates and, more specifically, to the rate relationship between various customer classes as well as the rate relationship between members of a customer class.
- 18.0 **"SERVICE"** - Service, as mentioned in this tariff and in agreement with customers, shall be construed to include, in addition to all water service required by the Customer, the readiness and ability on the part of the Company to furnish water service to the Customer. Service shall conform to the standards set forth in Section 367.111 of the Florida Statutes.
- 19.0 **"SERVICE AVAILABILITY POLICY"** - The section of the Company's tariff which sets forth a uniform method of determining the charges to be paid and the conditions to be met by applicants in order to obtain service from the Company.
- 20.0 **"SERVICE CONNECTION"** - The point of connection of the Customer's piping with the meter or service pipe owned by the Company.
- 21.0 **"SERVICE CONTRACT"** - A written agreement setting forth in detail the terms and conditions under which the Company will render service to a single residence or single commercial facility.
- 22.0 **"SERVICE LINES"** - The pipe between the Company's mains and the point of delivery and shall include all of the pipe, fittings and valves necessary to make the connection to the Customer's premises excluding the meter.
- 23.0 **"SINGLE RESIDENCE OR SINGLE COMMERCIAL FACILITY"** - A Customer with an end use of less than three (3) ERC's.

RULES AND REGULATIONS

- 1.0 **GENERAL INFORMATION** - The Company's Rules and Regulations, insofar as they are inconsistent with any Statute, Law, Rule or Commission Order shall be null and void. These Rules and Regulations are a part of the rate schedules, applications and contracts of the Company and, in the absence of specific written agreement to the contrary, apply without modifications or change to each and every Customer to whom the Company renders water service.

In the event that a portion of these Rules and Regulations is declared unconstitutional or void for any reason by any court of competent jurisdiction, such decision shall in no way affect the validity of the remaining portions of the Rules and Regulations for water service unless such court order or decision shall so direct.

The Company shall provide service to all customers requiring such service within the territory described in its certificate upon such terms as are set forth in this tariff pursuant to Chapters 25-9 and 25-30, Florida Administrative Code, and Chapter 367, Florida Statutes.

- 2.0 **POLICY DISPUTE** - Any dispute between the Company and the Customer or prospective customer, or competing utility regarding the meaning or application of any provision of this tariff shall upon written request by either party shall be resolved by the Florida Public Service Commission.
- 3.0 **WATER SERVICE** - To obtain water service, application should be made at the office of the Company.
- 4.0 **SIGNED APPLICATION REQUIRED** - Water service is furnished only after a signed application or agreement and payment of the initial connection fee are accepted by the Company. The conditions of such application or agreement are binding upon the Customer as well as upon the Company. A copy of the application or agreement for water service accepted by the Company will be furnished to the Applicant on request. The Applicant shall furnish to the Company the correct name and street address or lot and block number at which water service is to be rendered.
- 5.0 **APPLICATIONS BY AGENTS** - Applications for water service requested by firms, partnerships, associations, corporations, and others shall be rendered only by duly authorized parties. When water service is rendered under agreement or agreements entered into between the Company and an agent of the principal, the use of such water service by the principal shall constitute full and complete ratification by the principal of the agreement or agreements entered into between the agent and the Company and under which such water service is rendered.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.0)

- 6.0 **WITHHOLDING SERVICE** - The Company may withhold or discontinue water service rendered under application made by any member or agent of a household, organization, or business unless all prior indebtedness to the Company of such household, organization, or business for water service has been settled in full in accordance with Rule 25-30.320, Florida Administrative Code.

Service may also be discontinued for any violation made by the Customer or Consumer of any Rule or Regulation set forth in this tariff.

- 7.0 **EXTENSIONS** - Extensions will be made to the Company's facilities in compliance with Commission Rules and Orders and the Company's tariff.

The Company will make such extensions to its existing facilities as may be required by one or more Customers provided the revenues to be derived therefrom shall be sufficient to afford a fair and reasonable return on the cost of providing and rendering the water service. Otherwise, the Company will require from the Customer or future Customer pre-payments, cash advances, minimum guarantees, service guarantees, contribution in aid of construction, or other arrangements with the Customer, whereby the Company will be enabled to earn a fair and reasonable return on the cost of providing and rendering the required water service. Required pre-payments, cash advances, other guarantees or contribution in aid of construction will be approved by the Commission.

- 8.0 **FILING OF CONTRACTS** - Whenever a Developer Agreement or Contract, Guaranteed Revenue Contract, or Special Contract or Agreement is entered into by the Company for the sale of its product or services in a manner not specifically covered by its Rules and Regulations or approved Rate Schedules, a copy of such contracts or agreements shall be filed with the Commission prior to its execution in accordance with Rule 25-9.034 and Rule 25-30.550, Florida Administrative Code. If such contracts or agreements are approved by the Commission, a conformed copy shall be placed on file with the Commission prior to its effective date.

- 9.0 **TAX CLAUSE** - A municipal or county franchise tax levied upon a water or wastewater public utility shall not be incorporated in the rate for water or wastewater service but shall be shown as a separate item on the Company's bills to its Customers. This charge must be approved by the Commission before being incorporated in the Customers' bills.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.1)

- 10.0 **LIMITATION OF USE** - Water service purchased from the Company shall be used by the Customer only for the purposes specified in the application for water service and the Customer shall not sell or otherwise dispose of such water service supplied by the Company.

Water service furnished to the Customer shall be rendered directly to the Customer through the Company's individual meter and may not be remetered by the Customer for the purpose of selling or otherwise disposing of water service to lessees, tenants, or others, and under no circumstances shall the Customer or Customer's agent or any other individual, association or corporation install meters for the purpose of so remetering said water service.

In no case shall a Customer, except with the written consent of the Company, extend his lines across a street, alley, lane, court, property line, avenue, or other way in order to furnish water service to the adjacent property through one meter, even though such adjacent property may be owned by him. In case of such unauthorized extension, remetering, sale, or disposition of service, the Customer's water service will be subject to discontinuance until such unauthorized extension, remetering, sale or disposition of service is discontinued and full payment is made to the Company for water service rendered by the Company (calculated on proper classification and rate schedules) and until reimbursement in full is made in full to the Company for all extra expenses incurred for clerical work, testing, and inspections.

- 11.0 **CONTINUITY OF SERVICE** - The Company will at all times use reasonable diligence to provide continuous water service and, having used reasonable diligence, shall not be liable to the Customer for failure or interruption of continuous water service. The Company shall not be liable for any act or omission caused directly or indirectly by strikes, labor troubles, accidents, litigations, breakdowns, shutdowns for emergency repairs, or adjustments, acts of sabotage, enemies of the United States, wars, United States, State, Municipal or other governmental interference, acts of God or other causes beyond its control.

If at any time the Company shall interrupt or discontinue its service, all Customers affected by said interruption or discontinuance shall be given not less than 24 hours written notice, unless interruption is caused by sudden, accidental and/or unforeseen occurrence.

- 12.0 **TYPE AND MAINTENANCE** - The Customer's pipes, apparatus and equipment shall be selected, installed, used and maintained in accordance with standard practice and shall conform with the Rules and Regulations of the Company and shall comply with all Laws and Governmental Regulations applicable to same. The Company shall not be responsible for the maintenance and operation of the Customer's pipes and facilities. The Customer expressly agrees not to utilize any appliance or device which is not properly constructed, controlled and protected or which may adversely affect the water service or which may in any manner become a cross connection of other water source to the Company's water system; the Company reserves the right to discontinue or withhold water service to such apparatus or device and to charge customer accounts with costs of remedial action.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.2)

13.0 **CHANGE OF CUSTOMER'S INSTALLATION** - No changes or increases in the Customer's installation, which will materially affect the proper operation of the pipes, mains, or stations of the Company, shall be made without written consent of the Company. The Customer shall be liable for any change resulting from a violation of this Rule.

14.0 **INSPECTION OF CUSTOMER'S INSTALLATION** - All Customer's water service installations or changes shall be inspected upon completion by a competent authority to ensure that the Customer's piping, equipment, and devices have been installed in accordance with accepted standard practice and such local Governmental or other rules as may be in effect. Where Municipal or other Governmental inspection is required by local Rules and Ordinances, the Company cannot render water service until such inspection has been made and a formal notice of approval from the inspecting authority has been received by the Company.

Notwithstanding the above, the Company reserves the right to inspect the Customer's installation prior to rendering water service, and from time to time thereafter, but assumes no responsibility whatsoever for any portion thereof.

15.0 **INDEMNITY TO COMPANY** - The Customer shall indemnify, hold harmless and defend the Company from and against any and all liability, proceedings, suits, cost or expense for loss, damage, or injury to persons or property, in any manner directly or indirectly connected with, growing out of the transmission and use of water by the Customer at or on the Customer's side of the Point of Delivery.

16.0 **PROTECTION OF COMPANY'S PROPERTY** - The Customer shall exercise reasonable diligence to protect the Company's property on the Customer's premises and shall knowingly permit no one, but the Company's agents or persons authorized by law, to have access to the Company's pipes and apparatus.

In the event of any loss or damage to property of the Company caused by or arising out of carelessness, neglect, or misuse by the Customer, the cost of making good such loss or repairing such damage shall be paid by the Customer.

17.0 **ACCESS TO PREMISES** - The duly authorized agents of the Company shall have access at all reasonable hours to the premises of the Customer for the purpose of installing, maintaining, inspecting, or removing Company property; reading the meter; temporarily shutting off service at the meter or at any point of the Company's property while repairs or investigations are performed; or for performance under or termination of the Company's agreement with the Customer; and in so doing, the Company shall not be liable for trespass. This shall include the right of access to individual units, for any of the purposes stated above, where the meter is or will be located within a unit of a condominium, apartment, cooperative or multi-family complex.

18.0 **RIGHT OF WAY OR EASEMENTS** - The Customer shall grant or cause to be granted to the Company, and without cost to the Company, all rights, easements, permits, and privileges which are necessary for the rendering of water service.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.3)

- 19.0 **METERS** - All water meters shall be furnished by and remain the property of the Company and shall be accessible and subject to its control. The Customer shall provide meter space to the Company at a suitable and readily accessible location; and when the Company considers it advisable, within the premises to be served, the Customer shall also provide adequate and proper space for the installation of the meter and other similar devices.
- 20.0 **ALL WATER THROUGH METER** - That portion of the Customer's installation for water service shall be so arranged to ensure that all water service shall pass through the meter. No temporary pipes, nipples or spaces are permitted and under no circumstances are connections allowed which may permit water to by-pass the meter or metering equipment.
- 21.0 **EVIDENCE OF CONSUMPTION** - When water service is measured by meters, the Company's accounts thereof shall be accepted and received at all times, places and courts, as prima facie evidence of the quantity of water used by the Customer.
- 22.0 **BILLING PERIODS** - Bills for water service will be rendered - Monthly, Bimonthly, or Quarterly - as stated in the rate schedules and are due when rendered and shall be considered as received by the Customer when delivered or mailed to the water service address or some other place mutually agreed upon. Non-receipt of bills by the Customer shall not release or diminish the obligation of the Customer with respect to payment thereof.
- 23.0 **ADJUSTMENT OF BILLS** - When a Customer has been overcharged or undercharged as a result of incorrect application of the rate schedules, incorrect reading of the meter, incorrect connection of the meter, or other similar reasons, the amount may be credited or billed to the Customer as the case may be in pursuant to Rule 25-30.350, Florida Administrative Code.
- 24.0 **BACKBILLING** - The Company may backbill Customers for a period of no greater than twelve (12) months for any undercharge in water billing which is the result of the Company's mistake. The Company shall allow the Customer to pay for the unbilled water service over the same time period as the time period during which the underbilling occurred or some other mutually agreeable time period.
- 25.0 **MULTIPLE SERVICE ON SINGLE SERVICE** - When one water service is to supply more than one house and/or store, as subdivided by partitioning walls, billing will be in accord with existing Commission's orders, Rules or Regulations, or rate schedules filed by the Company.
- 26.0 **REIMBURSEMENT FOR EXTRA EXPENSES** - The Customer shall reimburse the Company for all extra expenses (such as special trips, inspections, additional clerical expenses, etc.) incurred by the Company on account of the Customer's violation of the contract for service or of the Company's rules and regulations.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.4)

- 27.0 **DELINQUENT BILLS** - Bills for water service are due when rendered. However, the Company shall not consider the Customer delinquent in paying any bill until the twenty-first (21) day after the Company has mailed or presented the bill to the Customer for payment. Water service may then be discontinued only after the Company has mailed or presented within five (5) working days a written notice to the Customer in accordance with Rule 25-30.320, Florida Administrative Code. Water service shall be restored only after the Company has received payment for all past-due bills and penalties, and reconnect charges from the Customer.

There shall be no liability of any kind against the Company for the discontinuance of water service to a Customer for that Customer's failure to pay the bills on time.

- 28.0 **NO PARTIAL PAYMENT** - Partial payment of a bill for water service rendered will not be accepted by the Company, except by the Company's agreement thereof or by direct order from the Commission.

- 29.0 **PAYMENT OF WATER AND WASTEWATER SERVICE BILLS CONCURRENTLY** - When both water and wastewater service are provided by the Company, payment of any water service bill rendered by the Company to a Customer shall not be accepted by the Company without the simultaneous or concurrent payment of any wastewater service bill rendered by the Company. The Company may discontinue both water service and wastewater service to the Customer's premises for non-payment of the water service bill or wastewater service bill or if payment is not made concurrently.

The Company shall not reestablish or reconnect water service and/or wastewater service until such time as all water and wastewater service charges and all the other expenses or charges established or provided for by these Rules and Regulations are paid.

- 30.0 **TEMPORARY DISCONTINUANCE OF SERVICE** - If service is terminated and resumed at the same address to the same Customer within twelve (12) months or less from the date of termination, a monthly standby charge equivalent to the Base Facility Charge, will be collected by the Company as a condition precedent to restoration of service to that Customer. If the Base Facility rate structure is not in effect, one half of the approved minimum bill will be charged for each billing period. The standby charge will be collected for each month, not to exceed twelve (12) months.

During a period that service is not being furnished to the premises, upon application to the Company by the Customer, as confirmed by the Company, a standby charge will be made.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.5)

- 31.0 **CHANGE OF OCCUPANCY** - When a change of occupancy takes place on any premises supplied by the Company with water service, written notice thereof shall be given at the office of the Company not less than three (3) days prior to the date of change by the outgoing Customer. The outgoing Customer shall be held responsible for all water service used on such premises until such written notice is so received by the Company and the Company has had reasonable time to discontinue the water service. However, if such written notice has not been received, the application of a succeeding occupant for water service will automatically terminate the prior account. The Customer's deposit may be transferred from one service location to another, if both locations are supplied water service by the Company; the Customer's deposit may not be transferred from one name to another.

Notwithstanding the above, the Company will accept telephone orders, for the convenience of its Customers, to discontinue or transfer water service from one service address to another and will use all reasonable diligence in the execution thereof. However, oral orders or advice shall not be deemed binding or be considered formal notification to the Company.

- 32.0 **UNAUTHORIZED CONNECTIONS - WATER** - Connections to the Company's water system for any purpose whatsoever are to be made only by employees of the Company. Any unauthorized connections to the Customer's water service shall be subject to immediate discontinuance without notice. Water service shall not be restored until such unauthorized connections have been removed and until settlement is made in full to the Company for all water service estimated by the Company to have been used by reason of such unauthorized connection.

- 33.0 **SHUT OFF OF SERVICE** - The Company will shut off the water service if the Customer so requests in writing.

- 34.0 **CUSTOMER DEPOSITS - ESTABLISHMENT OF CREDIT** - Before rendering service, the Company will require an Applicant for service to establish credit satisfactorily, but such establishment of credit shall not relieve the Customer from complying with the Company's rules for prompt payment of bills. Credit will be deemed so established, in accordance with Rule 25-30.311(1), Florida Administrative Code, if:

- (a) the Applicant for service furnishes a satisfactory guarantor to secure payment of bills for the service requested,
- (b) the Applicant pays a cash deposit,
- (c) the Applicant for service furnishes an irrevocable letter of credit from a bank or a surety bond.

The amounts of initial deposit are shown in the Schedule of Customer Deposits in Section VII.

(Continued from Section III Sheet No. 3.6)

- 35.0 **ADDITIONAL DEPOSIT** - Under Rule 25-30.311(7), Florida Administrative Code, the Company may require a new deposit, where previously waived or returned, or an additional deposit, in order to secure payment of current bills. The Company shall provide the Customer with reasonable written notice of such deposit of not less than 30 days, such request or notice being separate and apart from any bill for service. The total amount of the required deposit shall not exceed an amount equal to the average actual charge for water service for two monthly billing periods for the 12-month period immediately prior to the date of notice. In the event the Customer has had service less than 12 months, the Company shall base its new or additional deposit upon the average actual monthly billing available.
- 36.0 **INTEREST ON DEPOSIT** - The Company shall pay interest at a rate of 6% per annum (8% for Spruce Creek in Marion/Sumter County and Stonecrest in Marion County) on Customer deposits pursuant to Rule 25-30.311(4), Florida Administrative Code. The Company shall pay interest at a rate of 7% per annum (9% for Spruce Creek in Marion/Sumter County and Stonecrest in Marion County) on deposits of non-residential customers qualifying under Rule No. 37.0 below when the Company elects not to refund such a deposit after 23 months. The deposit interest shall be simple interest in all cases, and payment of interest shall be made once each year as a credit on regular bills or, when service is discontinued, as a credit on final bills. No Customer depositor will receive interest on his or her deposit until and unless a Customer relationship and the deposit have been in existence for a continuous period of six (6) months. At such time, the Customer depositor shall be entitled to receive interest from the day of the commencement of the Customer relationship and the placement of the deposit.
- 37.0 **REFUND OF DEPOSIT** - Pursuant to Rule 25-30.311(5), Florida Administrative Code, after a Customer has established a satisfactory payment record and has had continuous service for a period of 23 months, the Company shall refund the residential Customers' deposits and shall, at its option, either refund or pay the higher rate of interest specified above in Rule No. 36.0 for non-residential deposits, providing the Customer has not, in the preceding 12 months:
- (a) made more than one late payment of a bill (after the expiration of 20 days from the date of mailing or delivery by the Company),
 - (b) paid with a check refused by a bank,
 - (c) been disconnected for non-payment,
 - (d) at any time, tampered with the meter, or
 - (e) at any time, used service in a fraudulent or unauthorized manner.

Nothing in this rule shall prohibit the Company from refunding at any time a Customer's deposit with any accrued interest.

Pursuant to Rule 25-30.311(6), Florida Administrative Code, upon termination of service, any remaining deposit and accrued interest may be credited against the final account, and the balance, if any, shall be returned to the Customer no later than fifteen (15) days after service is discontinued.

RULES AND REGULATIONS (Cont.)

(Continued from Section III Sheet No. 3.7)

38.0 **PROPERTY GRADE** - On the initial application for connection and turn on of water, the Customer shall furnish the Company with the final grade of the property, and the Company shall set the meter box and meter accordingly. If, when the final grade is made of the Customer's property, the meter and/or the meter box are incorrectly set, due to the Customer's not having given the Company any finished grade at the time of application, or due to the Customer's having given the Company the wrong finished grade, the Company will reset the meter and/or meter box, and the Customer shall pay the actual cost for said work.

39.0 **RATES** - The Company reserves the right to revise the rates and charges for water service as approved by the Commission.

40.0 **MISCELLANEOUS SERVICE CHARGES** - The Company may charge the following miscellaneous service charges in accordance with the terms stated herein. If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company require multiple actions.

A. INITIAL CONNECTION - This charge would be levied for service initiation at a location where service did not exist previously.

B. NORMAL RECONNECTION - This charge would be levied for transfer of service to a new customer account at a previously served location or reconnection of service subsequent to a customer requested disconnection.

C. VIOLATION RECONNECTION - This charge would be levied each time service has to be disconnected or reconnected for existing customers who have been disconnected for cause according to Rule 25-30.320(2), Florida Administrative Code, including a delinquency in bill payment.

D. PREMISES VISIT CHARGE (IN LIEU OF DISCONNECTION) - This charge would be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.

These charges are shown in the Miscellaneous section.

41.0 **METER ACCURACY REQUIREMENTS** - All meters used for measuring quantity of water delivered to a customer shall be in good mechanical condition and shall be adequate in size and design for the type of service which they measure. Before being installed for the rendering of water service to a Customer, every water meter, whether new, repaired, or removed from service for any cause, shall be adjusted to register within prescribed accuracy limits as set forth in Rule 25-30.262, Florida Administrative Code.

SERVICE AVAILABILITY POLICY

TERMS & ABBREVIATIONS

- 1.0 **"ACTIVE CONNECTION"** - Means a connection to the Company's system at the point of delivery of service, whether or not service is currently being provided.
- 2.0 **"BACK FLOW PREVENTOR"** - Means a valve or device installed in order to prevent contamination of the potable water in the lines of the Company by virtue of a cross connection or flow from the Customers' property into the Company's system.
- 3.0 **"CONTRIBUTION(S)-IN-AID-OF-CONSTRUCTION" (CIAC)** - Means any amount or item of money, services, or property received by the Company from an Applicant, any portion of which is provided at no cost to the Company, which represents an addition or transfer to the capital of the Company, and which is utilized to offset the acquisition, improvement, or construction costs of the Company's property, facilities, or equipment used to provide utility services to the public. The term includes plant capacity charges, main extension charges, meter and service installation charges.
- 4.0 **"CONTRIBUTOR"** - Means a person, builder, developer or other entity who makes a contribution-in-aid-of-construction.
- 5.0 **"CUSTOMER CONNECTION CHARGE"** - Means any payment made to the Company for the cost of installing a connection from the Company's water or wastewater lines, including but not limited to the cost of piping and the meter installation fee.
- 6.0 **"CUSTOMER INSTALLATION"** - Means all pipes, shut-offs, valves, fixtures, and appliances or apparatus of every kind and nature which are located on the Customer's side of the "Point of Delivery" and used in connection with or forming part of the installation necessary for rendering water service to the Customer's premises regardless of whether such installation is owned by the Customer or used by the Customer under lease or other agreement.
- 7.0 **"DEVELOPER'S AGREEMENT"** - Means a written agreement setting forth in detail the terms and conditions under which the Company will render services to a developer's property.
- 8.0 **"ECONOMIC FEASIBILITY"** - Means a test by which the operating income of the Company to be earned from prospective customers within the area to be served by a proposed expansion of facilities is divided by the investment in such facilities to determine if the Company will earn a fair return on its investment in the proposed extension.
- 9.0 **"EQUIVALENT RESIDENTIAL CONNECTION" (ERC)** - Means (a) 3 50 g allons per day, (b) the number of gallons the Company demonstrates is the average daily flow for a single residential unit, or (c) the number of gallons which has been approved by the Department of Environmental Regulation for a single residential unit.

TERMS & ABBREVIATIONS (Cont.)

(Continued from Section IV Sheet No. 2.0)

- 10.0 **"GUARANTEED REVENUE AGREEMENT"** - Means a written agreement by which an applicant agrees to pay a charge designed to cover the Company's costs including, but not limited to, the cost of operation, maintenance, depreciation, and any taxes, and to provide a reasonable return to the Company, for facilities that are subject to the agreement, a portion of which may not be used and useful to the Company or its existing customers.
- 11.0 **"HYDRAULIC SHARE"** - Means the pro rata share of the capabilities of the Company's facilities to be made available for service to the contributor. The pro rata share is multiplied by the unit cost (per gallon) of providing the facilities to determine the proportional share of the cost to be borne by the contributor.
- 12.0 **"INSPECTION FEE"** - Means either the actual or the average cost to the Company of inspecting, or having inspected, the facilities constructed by a contributor or by an independent contractor for connection to the facilities of the Company.
- 13.0 **"MAIN EXTENSION CHARGE"** - Means a charge made by the Company for the purpose of covering all or part of the Company's capital costs in extending its off-site water or wastewater facilities to provide service to specified property. The charge is determined on the "Hydraulic Share" basis or other acceptable method reasonably related to the cost of providing the service.
- 14.0 **"METER INSTALLATION FEE"** - Means the amount authorized by the Commission which is designed to recover the cost of installing the water measuring device at the Point of Delivery including materials and labor required.
- 15.0 **"OFF-SITE FACILITIES"** - Means either the water transmission mains and facilities or the wastewater collection trunk mains and facilities, including, but not limited to, manholes, wastewater force mains and wastewater pumping stations, the purpose of which is either to provide water service to properties within the service territory of the service Company or to collect wastewater received from properties within the territory.
- 16.0 **"ON-SITE FACILITIES"** - Means the portion of the water distribution system or the wastewater collection and treatment system that has been, or is to be, located wholly within the property to which service is to be extended. If off-site facilities cross the property of the Customer via an easement, the on-site facilities shall mean the water distribution system or the wastewater collection system that is located on the Customer's property, exclusive of the off-site facilities.
- 17.0 **"REFUNDABLE ADVANCE"** - Means money paid or property transferred to the Company by the Applicant for the installation of facilities which may not be used and useful for a period of time. The advance is made to temporarily defray the Company's costs so that the proposed extension may be rendered economically feasible and, in turn, so that service may be obtained. As additional Customers connect to the system, portions of the advance will be returned to the Applicant over a specified period of time in accordance with a written agreement.

SERVICE AVAILABILITY POLICY

- I. **PURPOSE** The Company is implementing this Service Availability Policy (hereinafter "Policy") to set forth the terms and conditions under which the Company will be the sole provider of service from Company facilities to individual or developer Applicants within its certificated area; and describes the charges which are intended to defray portions of the costs associated with existing and new facilities of the Company in a fair and nondiscriminatory manner.
- II. **APPLICABILITY** The provisions of this policy are applicable to all Customers and potential customers within the Certificated Service Area of the Company, except Buenaventura Lakes in Osceola County. Buenaventura Lakes is governed by the Service Availability Policy set forth in Paragraph VIII below.
- III. **GENERAL PROVISIONS** The following provisions apply, except where Order No. 22307 mandates the Company to honor commitments to lots sold by Deltona Corporation as outlined in Sub-section IV-SPECIAL PROVISIONS, to all extensions to the Company's facilities. No service will be provided until the Company receives the Commission's approval, as provided below, and where applicable, all terms of Section 367.045, Florida Statutes are met. The Applicant must agree to pay all costs associated with a request for service that requires an expansion of the Company's exclusive service area which is set forth in its Certificate of Authorization.
 1. **Commission Approval** The terms and conditions of the Company's Service Contracts, Developer's Agreements and Refundable Advance Agreements are subject to the approval of the Commission as outlined below:
 - a. Extensions that are in accordance with the Standard Service Contract, Standard Developer's and/or Standard Refundable Advance Agreements, approved by the Commission for use with this Service Availability Policy, will not need additional Commission approval.
 - b. Where situations exist that are not provided for in the Company's standard agreements, the Company may enter into a Special Service Availability Contract with a developer provided, however, that the Commission approve said Special Service Availability Contract before any extension is made.
 - c. Approval of a developer's agreement does not preclude the Commission from affecting its provisions in the future if, pursuant to Commission approval, the terms and conditions of the Company's service availability policy are changed.

(Continued from Section IV Sheet No. 3.0)

2. **Extension Only Within Certificated Service Areas** The Company will make extensions to its facilities, to all customers within its certificated service area as may be required by one or more customers, provided the revenues to be derived therefrom shall be sufficient to afford a fair and reasonable return on the Company's investment in providing the service. To this end the Company will require, depending upon the specific circumstances, conveyance of title as described in Section V-3-b of this Service Availability Policy, service availability charges, refundable advances, contributions-in-aid-of-construction (CIAC), and/or allowance for funds prudently invested (AFPI) charges be paid by the Applicant.
3. **Extensions Where Economically and Operationally Feasible** If service is requested for property not in the Company's existing Certificated Service Area, the Company may agree to provide service where economically and operationally feasible subject to appropriate approval(s) from regulatory authorities.
4. **Obligations of the Company** As provided in this policy, the Company's obligations are to extend its existing facilities within its Certificated Service Area, and to provide service to all customers within its certificated area under the terms and conditions herein. The Company will respond to each Applicant within 30 days. Where a proposed main extension is involved, only those services specifically provided for in the Company's Commission-approved Service Contracts, Developer's Agreements or Refundable Advance Agreements, which are properly executed by the Applicant and the Company, shall obligate the Company to perform any task, or furnish any service to an Applicant or any other party.
5. **General Application for Service** The Commission requires that all Applicants for utility services within its certificated area shall make a written request (Application) for the service desired from the Company. (The Company's Application Form is in SECTION VII - MISCELLANEOUS of this tariff). This application is notice to the Company that service is desired and an expression of the Applicant's willingness to conform to the Company's policies, tariffs, rules and regulations which are in effect and on file with the Commission.
6. **On-Site Facilities** The Company shall be entitled to inspect all connections (including on-site facilities) to Company facilities. The Applicant shall reimburse the Company for all costs associated with the performance of these inspections.

7. **Refusal of Service** The Company may refuse commencement of service to an Applicant for any of the following reasons:
- a. **Proposed Service is not lawful.** The proposed service is not lawful under the current Statutes and Rules of the Commission, or
 - b. **Conditions not yet met.** A condition of the Service Availability Policy, Service Contract, Developer's Agreement or Refundable Advance Agreement has not yet been met, or
 - c. **Adverse effects on existing customers.** The proposed service would adversely affect the quality or reliability of service to existing customers (e.g. capacity of existing Company facilities is insufficient), or
 - d. **Economic feasibility.** The proposed service is not economically feasible as defined in Chapter 25-30.515, Florida Administrative Code (Commission Rules), or
 - e. **Property outside certificated service area.** Property for which service is requested is outside of the Company's certificated service area and the Company has determined that extension of its certificated service area is not economically justified.

V. **MAIN EXTENSION RULES** Where there is not an existing main available, the Company will extend its main to provide service, except for lots described in Parts IV-1 and IV-2 of the SPECIAL PROVISIONS section, provided the Applicant has first entered into a Commission-approved Service Contract, Developer's Agreement or Refundable Advance Agreement with the Company.

1. **Applications for Main Extensions** Whenever an extension to one of the Company's mains is involved, it shall be in accordance with the following rules:

Any Applicant shall, in addition to the general application for service, make a written request regarding the specific main extension desired from the Company. Said application, as required by Commission Rules (Chapter 25-30.525, Florida Administrative Code) shall include, but not be limited to the following information, if applicable:

- a. A legal description of the property including reference to section, township and range.
- b. A drawing of the property showing its boundaries.
- c. The present zoning classification of the property.
- d. A plat map.
- e. Three sets of a site and utility plan (and floor plan for commercial developments).
- f. The intended land use of the development, including densities and types of use.
- g. The name and address of the person or entity making the application for extension of service.

- h. The nature of the Applicant's title to or interest in the described property.
 - i. The date, or estimated date, service will be needed.
2. **Rules for Extending Mains to a Single Residence or a Single Commercial Facility**
Where an extension of the Company's facilities is required to provide service to a single residence or a single commercial facility, the Company will furnish a cost estimate of the proposed extension, a preliminary sketch of the extension, and the terms and conditions to be contained in the Service Contract necessary for service to be extended.
3. **Rules for Extending Mains to Developer Facilities** Service to a developer requiring an extension of the Company's facilities will be conducted under the terms and conditions of a Developer's Agreement or a Refundable Advance Agreement wherein the Company will negotiate with the developer whether it will design, construct and install extensions from existing facilities to the property to be served or have the developer undertake these activities. If the company installs the necessary facilities, it will prepare a Developer's Agreement detailing the cost estimate and other items necessary for such extensions to be made. If the developer is to perform the design, construction and installation, the developer must obtain approval of the Company as outlined in the Commission's Rules. Developer's Agreements are subject to the approval of the Commission and shall be in accordance with the following:
- a. **Existing facilities to a development.** If the request is for service to a development, and the provision of service will be by the extension of existing facilities through Company investment, the Company shall be responsible for all engineering, planning, design, and construction.
 - b. **Developer providing facilities.** If the request is for service to a development and the developer will be providing the necessary facilities for the extension, or will be paying for the construction of the facilities, the developer shall be responsible for the planning, design, and development of construction drawings needed to extend the existing facilities to serve the proposed development. The plans, designs and development drawings shall be in accordance with applicable laws or ordinances. The Company will furnish general construction specifications, an estimate of all costs to be borne by the developer (including all applicable Service Availability Charges) that are in addition to the costs of the facilities the developer is to construct, and a quotation of advances to be made upon execution of a Developer's Agreement. By way of further explanation, the Developer will be responsible for the following:

- (1) **Design of new water facilities.** The developer will retain the services of a registered professional engineer to prepare all plans and specifications for water facilities (hereinafter "facilities") to connect to the Company's facilities at points designated by the Company. Said plans and specifications must be approved by the Company prior to submission to any regulatory agency for review.
- (2) **Approvals and permits.** The developer shall be required to obtain all necessary approvals and permits for construction of the new facilities from the appropriate regulatory agencies.
- (3) **Construction of facilities.** The developer will, at its own expense, construct and install all facilities in accordance with the plans and specifications as approved by the Company. Additionally, the developer shall be responsible for certifying to the appropriate regulatory agency that the facilities have been installed and tested in accordance with the plans and specifications prepared by the developer's engineer.
- (4) **Warranty on workmanship.** The developer shall warrant all facilities against defect in materials and workmanship for a period of one year from the date of acceptance of said facilities by the Company.
- (5) **Inspection of facilities.** The Company shall have the right to inspect the construction of the facilities and to recommend reasonable changes. Additionally, within sixty (60) days after the completion and certification of the facilities, the Company may perform an inspection of the facilities. The developer shall reimburse the Company for all costs associated with the performance of these inspections, as provided for in this tariff.
- (6) **Conveyance of title.** Prior to a letter of acceptance being issued by the Company, the developer shall immediately convey title of the facilities to the Company, and before accepting the responsibility for operation and maintenance of the facilities, the developer shall provide, without charge to the Company, the following information:

- (a) Cost Report - which shall detail, as provided for in the National Association of Regulatory Commissioners (NARUC) Uniform System of Accounts, all costs incurred in the construction of the facilities, including engineering, inspection, and administrative costs,
 - (b) Three copies of "As-Built-Plans" - Shall be 24"x36" Mylar, showing precise location of all lines and appurtenances in relation to an identifiable property line or referenced monument,
 - (c) Easements - as required,
 - (d) Contractor's waiver and release of lien,
 - (e) Contractor's Letter of Warranty or Developer's Contract Bond,
 - (f) Absolute Bill of Sale,
 - (g) All required fees and charges.
4. **Company Extends for Its Own Future Benefit** If the company installs (or has installed) facilities for its future benefit capacity in excess of what would normally be required for the requested extension, the incremental cost for this excess capacity shall not be included in cost estimates to Applicants; and shall be the Company investment or recovered by a Refundable Advance Agreement.
- VI. **SERVICE AVAILABILITY CHARGES** The following charges will be applied, if applicable. The charges are subject to change from time to time as deemed necessary by the Company and the Commission. These charges are defined as a CIAC, and do not entitle the Applicant to any rights of ownership. The Company will own and maintain the facilities for which these charges are levied. The specific charges, as approved by the Commission and provided in the rates portion of this tariff, are described as follows:
- 1. **Plant Capacity Charges** The Company will collect a fee, designed to defray a portion of the cost of the facilities not covered in other Service Availability Charges.
 - 2. **Meter Installation Charges** The Company will collect, for water service installations, a fee to cover the costs required to install a meter, including meter boxes, fittings, etc. at the point of delivery.

3. **Service Installation Charges** The Company will collect a fee to cover the costs required to install a service line from the Company's main to the point of delivery.
 - a. **Short Service** - Tapping into the main line, which would be located on the same side of the street as property to be served and putting in the service line.
 - b. **Long Service** - Tapping into the main line, which would be located on the opposite side of an "unpaved" road of the property to be served and putting in the service line.
 - c. **Long Service** - Tapping into the main line, which would be located on the opposite side of "paved" road of property to be served. Putting in the service line by method of jacking or boring the service line under the street.

4. **Main Extension Charges** The Company will collect a fee to offset a portion of the cost of the mains. Where there is an existing main available, the charges to the Applicant will be the charges as provided in this tariff. Where there is not an existing main available, the charges to the Applicant for the Company to extend its main to service the Applicant will be the actual cost, which will be recovered either through a Service Contract, Developers Agreement or Refundable Advance Agreement, all of which are subject to prior Commission approval. See Section IV - SPECIAL PROVISIONS of this policy for an explanation on those extensions of mains for which Topeka has agreed to fund extensions to certain lots sold or to be sold by the Deltona Corporation or the circumstances where any Utility Service Fee paid by the lot owner will be applied against the required tariffed Service Availability Charges.

5. **Allowance for Funds Prudently Invested (AFPI)** The Company will collect commission-approved fee designed to cover the carrying costs of actual company investment in plant prudently constructed for future customer use. Such investment will include plant and may include distribution lines, and will be applicable to all NEW connections utilizing such plant. When application is made for service, AFPI charges will be collected at the same time that payment(s) are made for other Service Availability Charges. The AFPI charge will increase for the maximum period allowed by the Commission, after which time it will remain constant. It will continue to be charged to all NEW connections until such time as the total Equivalent Residential Connections (ERC's) equal or exceed the capacity of the plant for which the charge is being collected.

6. **Inspection Fee** See Sub-section V-3-b.

7. **Backflow Prevention Device** Customers who wish to have reclaimed water service must pay a fee for a backflow prevention device which the Company will install on the Customer's water service line. This requirement is mandated by the Florida Department

of Environmental Protection to prevent any possible cross-connection or backflow from contaminating the water supply line with reclaimed water. The Company may also require Customers with other cross-connection hazards to install and pay for a backflow prevention device as specified by Company engineers.

VII. **SPECIAL CONDITIONS** Under certain circumstances, as outlined below, special funding arrangements will be necessary or have been arranged for payment of the charges described in this Service Availability Policy.

1. **Refundable Advances** Where extensions are required for contiguous properties for which service has not yet been provided (hereinafter "Qualified Property") and, where the Company determines that an extension is economically justified or is appropriate to improve system reliability or enhance the quality of service to existing customers; a separate Refundable Advance Agreement may be undertaken by the Applicant and the Company, at the time of the request for service, temporarily defray the cost of any off-site extension of mains and other facilities necessary to provide service to the Applicant's property.

a. **Basis of Refundable Advance.** The amount of the refundable advance will be based on the actual cost of the off-site mains and other facilities. Such facilities shall be designed and constructed in accordance with the Company's plans for service to the immediate surrounding area.

b. **Charges Paid by the Applicant.** Charges paid by the Applicant over and above the Applicant's hydraulic share of the facilities shall be refunded, interest free, in accordance with the terms and conditions of a Commission-approved Refundable Advance Agreement which the Company will execute with the Applicant.

c. **Prorated Share of the Capacity.** The Company will collect fees from other Applicants of the Qualified Property based upon their prorated hydraulic share of the facilities. Within sixty (60) days of collection of said fees by the Company, a refund of said fees shall be made to the Applicant in accordance with the Refundable Advance Agreement.

d. **Limits on Refund.** Notwithstanding any other provisions of this section, the life of the Refundable Advance Agreement shall be as provided in the Agreement, after which time the balance of any possible refund not already made to the Applicant pursuant to the terms and conditions of the Refundable Advance Agreement will be retained by the Company and such Refundable Advance Agreement will be canceled. In no event shall an Applicant recover an amount (without interest) greater than the difference between the capitalized cost of such improvements and the Applicant's own hydraulic share of the cost of such improvements.

(Continued from Section IV Sheet No. 3.9)

2. **Deferring or Waiving Service Availability Policies and Charges** If allowed by the Commission, the Company may defer or waive, with or without conditions, all or portions of its service availability charges and service availability policies for a prospective customer or group of customers in cases where exceptional circumstances exist. Exceptional circumstances are evaluated on a case-by-case basis. By Order No. PSC-97-0932-S-WS, issued August 5, 1997, in Docket No. 960907-WS, the Commission agreed exceptional circumstances existed as to the current connections within the Burnt Store Colony mobile home park in Charlotte County and that plant capacity charges were appropriately waived where: (1) the park's treatment plant failed, (2) the park's distribution facilities were transferred to the Company and the value thereof booked as contributions, (3) the park paid for the interconnection to the Company's existing lines, (4) the park retained ownership of and dismantled its treatment plant, (5) the Company had sufficient existing supply and treatment capacity to serve the park, and (6) the Company's existing customer base would benefit from the transaction with the park.

MISCELLANEOUS SERVICE CHARGES

APPLICABILITY: For the following services to all customers within the certificated service areas of the Company. See SECTION II - TERRITORY SERVED for a list of all applicable systems.

1. **Initial Connection** - This charge would be levied for service initiation at a location where service did not exist previously.
2. **Normal Reconnection** - This charge would be levied for transfer of service to a new customer account at a previously served location, or reconnection of service subsequent to a customer requested disconnection.
3. **Violation Reconnection** - This charge would be levied each time service has to be disconnected or reconnected for existing customers who have been disconnected for cause according to Rule 25-30.320(2), Florida Administrative Code, including a delinquency in bill payment.
4. **Premise Visit Charge (In Lieu Of Disconnection)** - This charge would be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.

If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company require multiple actions.

CHARGES: The charges assessed for these services will be in accordance with the most recent revision of FPSC Staff Advisory Bulletin No. 13.
