My husband and I object to any change in our water and waste water systems. The cost of our present systems is extremely low and no cost to us if we leave for an extended period. We understood that the minimum cost was even raised to the people presently on this system. We are retired and on a fixed income. Charley, Frances, Jean, and Wilma brought enough upheaval to our lives, we need no further costs! We didn't receive the notice from Maltese Development to respond in 30 days until October 29th and it was sent directly to our residence with no dated postmark.
