RECEIVED FPSC

Dear Sirs:

We are in receipt of you letter and wish to object to allowing the "Four Points Utility Corporation" to be in charge of our utilities. This corporation is also owned by the same company presently in charge of our utilities. They are using another name to cover-up who they really are.

In the past, we homeowners of Island Club West have experienced innumerable problems with them. Their current billing system includes receiving bills once or twice a year, if you're lucky. Some people still have never received a bill ever. Then they put a lien on your property for non-payment. The shoddy construction has also caused us problems in the maintenance of our plumbing/sewer systems. According to Progress Energy we have all been over-billed for services.

Because of this and many other issues inflicted upon us, my husband and I strongly object to "Four Points Utility Corporation" being allowed to be in charge of our utility bills. We want them all to come to us individually. We are tired of being swindled out of our money.

Sincerely,

Nelsa and Hermilo Rivera
