Good Morning,

This is a quick follow up to staff's e-mail below. Staff is requesting that it be allowed to make the following oral modification to its recommendation:

Issue 1, Recommendation Statement

Delete the period and add as follows: ", except for the language in Section 3.11.2.1.5, where per the letter filed March 2, 2006 in this docket, the parties have subsequently agreed to different contract language."

Attachment A

Delete Exhibit A shown on pages 40 and 41.

Let me know if I need to do anything further. Thanks.

Good Morning Betty,

Staff is requesting that it be allowed to make an oral modification to its recommendation statement for the above-referenced docket. I have been advised that there is at least one other small change in the body of this recommendation. There may be other changes also. One of the staff members on this recommendation is out today so it may be Monday morning before I know about all of the changes. If they are numerous, staff would be amenable to filing an errata memo.

Please confirm how we should proceed. Thanks.
