

VOTE SHEET

March 7, 2006

Docket No. 060158-TL - Investigation of protection of customer proprietary network information by incumbent local exchange companies.

Issue 1: Should the Commission order the ILECs to implement additional measures to secure CPNI information and provide a report by May 1, 2006, to staff containing a description of the additional security measures and the date the measures were implemented?

Recommendation: Yes.

MODIFIED

The ILECs are required to review their current security measures, taking into consideration the suggestion of the Attorney General's office, and report their findings back to the Commission for further discussion. ILECs will not be ordered to implement additional security measures at this time.

COMMISSIONERS ASSIGNED: All Commissioners

Docket No. 060158-TL – Investigation of protection of customer proprietary network information by incumbent local exchange companies.

(Continued from previous page)

Issue 2: Should this docket be closed?

Recommendation: This docket should remain open pending the receipt of reports from the ILECs on progress of implementing additional CPNI security measures. Staff will continue to test various websites to determine if the security measures are successful. If staff determines the security measures are adequate, this docket should be closed administratively.
