Re: Approval of Amendment to the Interconnection, unbundling, resale and collocation Agreement between BellSouth Telecommunications, Inc. ("BellSouth") and IDS Telcom Corp.

Dear Mrs. Bayo:

Please find enclosed for filing and approval, the original and two copies of BellSouth Telecommunications, Inc.'s Amendment to Interconnection, unbundling, resale and collocation Agreement with IDS Telcom Corp.

The underlying agreement was filed on February 14, 2006 in docket 060135-TP.

If you have any questions, please do not hesitate to call Robyn Holland at (850) 577-5551.

Very truly yours,

A handwritten signature in cursive script that reads "Jerry D. Hendrix".
Regulatory Vice President

DOCUMENT NUMBER-DATE

02050 MAR-9 8

FPSC-COMMISSION CLERK

**Amendment to the Agreement
Between
IDS Telcom Corp.
and
BellSouth Telecommunications, Inc.
Dated 03/09/2006**

Pursuant to this Amendment, (the "Amendment"), IDS Telcom Corp. ("IDS"), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated 03/09/2006 ("Agreement") to be effective on March 10, 2006

WHEREAS, BellSouth and IDS entered into the Agreement on 03/09/2006, and;

WHEREAS, BellSouth and IDS desire to amend the Agreement to add additional rates, terms and conditions;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Parties agree to added the language below to Attachment 2, Section

6.9 Rearrangements

6.9.1 Rearrangement of a dedicated transport or combination that includes dedicated transport that requires a CFA change: A request to move a working IDS circuit from one CFA to another IDS CFA, where both CFAs terminate in the same BellSouth Central Office (Change in CFA), shall not constitute the establishment of new service. The applicable rates set forth in Exhibit A. Requests to reterminate one end of a facility that is not a Change in CFA constitute the establishment of new service and require disconnection of existing service and the applicable rates set forth in Exhibit A shall apply.

6.9.2 Requests to reterminate one end of a facility that is not a Change in CFA constitute the establishment of new service and require disconnection of existing service and the applicable rates set forth in Exhibit A shall apply.

6.9.3 Upon request of IDS, BellSouth shall project manage the Change in CFA or retermination of Dedicated Transport and combinations that include transport as described in Sections 6.10.1 and 6.10.2 above and IDS may request OC-TS for such orders.

6.9.4 BellSouth shall accept a LOA between IDS and another carrier that will allow IDS to connect Dedicated Transport or Combination that includes Dedicated Transport to the other carrier's collocation space or to another carrier's CFA associated with higher bandwidth transport.

6.9.5 Rearrangement of an EEL to a standalone UNE-L that requires a CFA change: IDS may utilize the EEL to UNE-L retermination process, as described in

Re-termination amendment

BellSouth's guides available on its web site, to disconnect an EEL circuit and reterminate the Loop portion of the former EEL circuit to a collocation arrangement in the End User Serving Wire Center as a standalone UNE Loop. When using this process, the existing Loop portion of the EEL will be re-used and the resulting standalone Loop will be subject to the rates, terms and conditions for that particular Loop as set forth in this Attachment. This process will apply only to EELs that include as a part of its combination a DS1 Loop, UVL-SL2 Loop, 4-Wire UDL Loop (64, 56 kbs) and a 2-Wire ISDN Loop.

- 6.9.6 BellSouth shall charge the applicable EEL to UNE-L retermination rates found in Exhibit A. IDS shall also be charged applicable manual service order, collocation cross-connect and EEL disconnect charges as set forth in Exhibit A of this Attachment.
- 6.9.7 The EEL to UNE-L retermination process is not available when the rearrangement requires a dispatch outside the serving wire center where the Loop terminates. If an outside dispatch is required, or if IDS elects not to utilize the EEL to UNE-L retermination process, IDS must submit an LSR to disconnect the entire EEL circuit, and must submit a separate LSR for the requested standalone Loop. In such cases, IDS will be charged the EEL disconnect charges and the full nonrecurring rates for installation of a new Loop, as set forth in Exhibit A.
2. The Parties agree to add to the rates in Exhibit A of Attachment 2, the rates set forth in Exhibit 1 of this Amendment, attached hereto and incorporated herein by this reference.
 3. All of the other provisions of the Agreement, dated 03/09/2006, shall remain in full force and effect.
 3. Either or both of the Parties are authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.
