RE: City of Homestead - EM861

Recently mailed out my request for "updated information" for all the Companies/Utilities under the FPSC jurisdiction. City of Homestead responded by advising that their name has changed to "Homestead Energy Services."

Forwarding copy of the "updated information" for your information and further handling. I know that the "Municipally Operated Electric Utilities" entity, can change their name without prior approval from the Commission. All other entities have to request for a docket to be opened and an order issued acknowledging their request.

If you could verify the new information with the City of Homestead, then let me know either by e-mail or memo that this is now their correct name. Once I hear back from you then I can update their name that we have listed in our Master Commission Directory (MCD.) Until then they will remain as originally listed in MCD.

I have made all of the other updates in MCD regarding the new contact person, title, etc.

Thanking you in advance for you help in this matter.
