**Re: Notice of Application for Transfer of Assets
Laurel Oaks Wastewater System to Forest Utilities
Fort Myers, Florida
Copy of notice attached**

As a Member (Owner) of the Laurel Oaks Home Owners Association, Inc., we object to the transfer of assets of the Laurel Oaks Wastewater System until such time as the operation, maintenance and cost of use fee structure have been described by Forest Utilities and approved by the LOPOA members. At this time this " Notice of Transfer " is the only communication from the LOHOA Property Manager, the LOHOA Board of Directors or Forest Utilities concerning this change in service of the Wastewater Disposal System in use at the Laurel Oaks Subdivision, Fort Myers, FL.

This Wastewater Disposal System is presently satisfactorily operated by the LOPOA in accordance with a permit from the Lee County DEP. The cost of this to the association members is included in quarterly maintenance fees that are reasonable. The physical plant is in good condition and with proper routine maintenance could last indefinitely.

Since the Wastewater Disposal System is part of the asset base of the association, disposal by transfer should be approved by the members of the LOPOA. Such approval has not been requested.

Respectfully Submitted by:

Jack and Sandra Thompson, property owners in the LOPOA
