NOTICE OF COMMISSION HEARING AND PREHEARING
FLORIDA PUBLIC SERVICE COMMISSION DOCKET NO. 060220-EC

Petition for determination of need for Seminole Generating Station Unit 3 electrical power plant in Putnam County, by Seminole Electric Cooperative, Inc.

NOTICE IS HEREBY GIVEN that a hearing will be held before the Florida Public Service Commission in the above docket regarding the petition of Seminole Electric Cooperative, Inc. ("Seminole") for determination of need for an electrical power plant, at the following time and place:

Wednesday, June 7, 2006, 9:30 A.M.
Room 148, Betty Easley Conference Center
4075 Esplanade Way
Tallahassee, Florida

PURPOSE AND PROCEDURE

The purpose of this hearing will be for the Commission to take final action to determine the need, pursuant to Section 403.519, Florida Statutes, for Seminole's proposed 750 megawatt (MW) supercritical pulverized coal electrical power plant to be constructed at the Seminole Generating Station in Putnam County. This proceeding shall: (1) allow Seminole to present evidence and testimony in support of its petition for a determination of need for its proposed electrical power plant; (2) permit any intervenors to present testimony and exhibits concerning this matter; (3) permit members of the public who are not parties to the need determination proceeding the opportunity to present testimony concerning this matter; and (4) allow for such other purposes as the Commission may deem appropriate. Any member of the public who wishes to offer testimony should be present at the beginning of the hearing. By providing public testimony, a person does not become a party to the proceeding. All witnesses shall be subject to cross-examination at the conclusion of their testimony.

The proceedings will be governed by the provisions of Chapter 120, Florida Statutes, Section 403.519, Florida Statutes, and Chapters 25-22 and 25-106, Florida Administrative Code.

Under Section 403.519, the Commission is the sole forum for the determination of need for the proposed electrical power plant. In making its determination, the Commission must take into account the need for electric system reliability and integrity, the need for adequate electricity at a reasonable cost, the need for fuel diversity and supply reliability, and whether the proposed plant expansion is the most cost-effective alternative available. In addition, the Commission must expressly consider the conservation measures taken by or reasonably available to the applicants which might mitigate the need for the proposed plant and may consider other matters within its jurisdiction which it deems relevant. The Commission's determination of need for the proposed plant shall create a presumption of public need and necessity and shall serve as the Commission's report required by subsection 403.507(2)(a)2, Florida Statutes. An order entered by the Commission pursuant to this hearing shall constitute final agency action.

Only issues relating to the need for the proposed power plant will be heard at this hearing. Separate public hearings will be held before the Division of Administrative Hearings at a later date to consider environmental and other impacts of the proposed plant and associated facilities.

Members of the public who are not parties to the need determination proceeding will have an opportunity to present testimony regarding the need for the proposed plant. All members of the public who wish to offer testimony should be present at the beginning of the hearing, 9:30 a.m., Wednesday, June 7, 2006. All witnesses will be sworn in and will be subject to cross-examination at the conclusion of their testimony. Anyone wishing to become a party to this need determination proceeding should file an appropriate petition pursuant to Rule 25-22.039, Florida

Administrative Code, with the Director of the Commission's Division of the Commission Clerk and Administrative Services at the address listed below. Copies of the petition should be sent by mail to all parties. Those wishing to intervene in these proceedings, unless appearing on their own behalf, must be represented by an attorney or other person who can be determined to be a qualified representative pursuant to Chapter 120, Florida Statutes, and Rule 25-106.106, Florida Administrative Code. Petitions for leave to intervene must be filed at least five (5) days before the final hearing, must conform with Rule 25-106.201(2), Florida Administrative Code, and must include allegations sufficient to demonstrate that the intervenor is entitled to participate in the proceeding as a matter of constitutional or statutory right or pursuant to Commission rule, or that the substantial interests of the intervenor are subject to determination or will be affected through the hearing.

Written comments regarding the need for the proposed plant and associated facilities may be sent to the Commission at the following address:

Re: Docket No. 060220-EC

GENERAL LOCATION AND PROJECT DESCRIPTION

The proposed Seminole Generating Station Unit 3 ("SGS Unit 3") electrical power plant is a 750 megawatt supercritical pulverized coal unit to be located in Putnam County approximately five miles north of the City of Palatka at Seminole's existing Seminole Generating Station site. SGS Unit 3 is designed to burn 100% bituminous coal as well as a blend of bituminous coal and petroleum coke (petcoke) with a blend ratio of up to approximately 70% coal and 30% petcoke. The unit is expected to be placed in service by May 1, 2012.

PREHEARING CONFERENCE

A prehearing conference will be held at:
Tuesday, May 30, 2006, 1:30 P.M.
Room 148, Betty Easley Conference Center
4075 Esplanade Way
Tallahassee, Florida

The purpose of the conference is to: (1) define and limit, if possible, the issues; (2) determine the parties' positions on the issues; (3) determine what facts may be stipulated; (4) dispose of any motions or other matters that may be pending; and (5) consider any other matters that may aid in the disposition of this case.

JURISDICTION

This Commission is vested with jurisdiction over the subject matter of this proceeding by the provisions of Chapter 366, and section 403.519, Florida Statutes. This proceeding will be governed by those statutes, in addition to Chapter 120, Florida Statutes, and Rules 25-22, and 25-106, Florida Administrative Code.

Any person requiring some accommodation at this hearing because of a physical impairment should call the Division of the Commission Clerk and Administrative Services at (850) 413-6770, at least 48 hours prior to the hearing. Any person who is hearing or speech impaired should contact the Florida Public Service Commission by using the Florida Relay Service, which can be reached at 1-800-955-8771 (TDD).

A copy of Seminole's petition for determination of need and supporting exhibits is available for public inspection during normal business hours at the following location:
