Re: Fair Lane Acres, Inc. Exemption From Commission Regulation

Dear Ms. Daniel:

Please be advised that this firm represents Fair Lane Acres, Inc., a Florida not-for-profit corporation. I am in receipt of your May 24, 2005 letter to Harry Wiggins and have been authorized by Fair Lane Acres, Inc. to respond to the concerns in your letter.

In response to your May 24, 2005 letter, the Association has always provided utility services to members of the not-for-profit Association. Over the last several years, the Association has sought to obtain written documentation from each owner. Upon a recent audit of Fair Lane Acres, Inc.'s records it was discovered that, of the 680 units within the community, Fair Lane Acres, Inc. did not have written documentation from four (4) unit owners. Fair Lane Acres, Inc. attempted to obtain written documentation from these four unit owners who now assert that they are not members.

The current membership status of these four unit owners is presently being litigated in the Twelfth Judicial Circuit in and For Manatee County, Florida. As I am sure you are aware, Fair Lane Acres, Inc. desires to have written documentation from the four unit owners in support of its exempt status. However, these four unit owners now contend that they are not members and their current membership status will effectively be determined by the Court.

If I can be of any further assistance, please do not hesitate to contact me.

Very truly yours,

David C. Meyer, Esquire

Please be advised that Steven Gregory has consulted with this law office in reference to the above-mentioned matter and I am writing this letter in his behalf. Specifically, this deals with the erroneous charges regarding ILD Teleservices in the amount of \$338.39 and the problems Mr. Gregory is encountering regarding resolution/deletion from the above SBC account.

- CMP | Mr. Gregory has informed me that on his SBC monthly telephone statement (September 11 –
- COM | October 10 2004) he was billed \$338.39 for ILD Teleservices. Neither Mr. Gregory nor any
- CTR | one else in his household has made any charges with ILD Teleservices. Furthermore,
- ECR | Mr. Gregory has caller ID with selective blocking and therefore has absolutely no idea as to
- GCL | how/why these charges were billed to the above SBC account.
- OPC | After conducting some simple research I have literally discovered hundreds of complaints
- MMS | filed against ILD Teleservices, primarily for fraudulent billing for services not requested.
- RCA | If the \$338.39 charges attributed to ILD Teleservices are not credited/deleted from
- SCR | Mr. Gregory's SBC account, a criminal complaint may be filed with the appropriate
- SEC | authorities.

Re: 305-554-8116

Gentlemen:

Back in September, at the end of our initial period with AOL we called your office to find out the type of service you offer, fees, etc.

My husband ordered the service with the understanding that we will pay \$99.95 which will be refunded at a later date and you will install the equipment mailed to us at no charge. Days went by and nobody contacted us even though we called your office twice, besides being charged \$35.92 monthly internet connection that WAS NEVER INSTALLED OR USED.

CMP 1

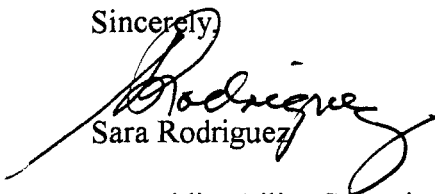

COM _____ At this point we decided to cancel this connection, return the device that you mailed us and keep our old web and we were told by one of your customer service reps. that we
CTR _____ must pay the \$99.95 and if in the future we will accept it you will give us a partial credit
ECR _____ and that the monthly fee cannot be removed regardless it was not used.

GCL 1 I find this totally unacceptable since to start with, you did not install the equipment, the
OPC _____ line was never connected and you keep charging for monthly fees for unused service,
MMS _____ which is fraudulent.

RCA _____ The rep. stated she will discontinue the monthly charge as of the day of my last call and
SCR _____ gave me a lot of technical details which were not provided in writing and we are not in
SEC _____ the telephone or computer business to handle these matters.

OTH _____ I am requesting a refund of the \$99.95 installation fee and the \$107.76 monthly internet access for a 3 months period that lasted all this dispute.

Sincerely,

Sara Rodriguez

RE: Permission to Access Confidential DN 00908-05

I understand that the above referenced document was filed by BellSouth at your request, in conjunction with an un-docketed matter. In reviewing several BellSouth promotional tariffs filed in December of 2004, staff became concerned about how BellSouth ensures that various promotions, when used in combination, yield compensatory rates. This document purportedly describes the company's internal process for ensuring that the various possible combinations of promotions are compensatory. Therefore, I am granting permission for you to access Confidential DN 00908-05.

Yes. I've already e-mailed the company for its intentions about the RAF but have not received a response yet. I'll let you know something as soon as I know or will open the dockets when payment is received. Thanks.

No, they didn't mention bankruptcy at all. I'm sorry, they did mention the IXC Cert too.

AAV cert - 4707
ALEC cert - 4804
IXC cert - 4850

I'll fax you a copy of the letter.

This is a tough call without talking with them. This company has filed for bankruptcy. Did they happen to mention they are requesting cancellation due to the bankruptcy? Also, I'm coming up with three certificates (TA051, TJ262, and TX322). Did they only mention the AAV and the CLEC? They either should have paid the 2004 RAFs for each certificate OR requested cancellation due to the bankruptcy. Can you fax me a copy of

the letter before I respond to you?

Hi Paula,

We have received a letter from Teligent Services, Inc. notifying the Commission of its desire to surrender both its local and long distance certificates of authority, effective 12/31/04. I don't see any indication that any RAFs have been paid. How should I proceed?

Thanks for your help!

January 28, 2005

Dear Sir or Madam:

Attached, kindly find a letter (with attachments) sent to BellSouth twelve days ago. I have not yet been contacted by them to resolve the matter and would like my response documented with the PSC at this time. I do want to make clear that I am not registering a formal complaint to the PSC, but merely want it noted that I have made a sincere effort to open a dialogue with BellSouth.

In advance, thank-you for your attention to this matter.

Sincerely,

January 16, 2005

Dear Ms. Crocker:

I am responding to my recently received letter from the Claims Bureau (attached). Sadly, I must start with expressing my profound outrage at BellSouth's tone and handling of a situation I must bring to your (and the Florida PSC's) attention.

This past November, our existing privacy fence was replaced as a result of the two hurricanes we experienced in September. BellSouth phone lines were cut in two places, which resulted in two bills for damage being generated from the Claims Bureau. Although I have a major difference of opinion as to the accuracy and fairness of the billing, the purpose of my letter is to notify you of the good-faith efforts made since receipt of the very first bill and the highly unsatisfactory manner this agency communicates (or doesn't) with its long-standing customers.

The attached letters bear a **stamped** (not signed) signature. Upon receipt of the initial bill, we have made numerous attempts to get in touch with anyone to resolve this matter. Although she presumably sent the letter, we learned Ms. Cartwright has been out of the office for medical leave. We have tried numerous times over many days to speak with Mr. Bob Tinsman in Stuart, always getting his voicemail with never a returned call as a result. Obviously, it's hard to do business without effective communication.

I run a large, successful organization and personally know there are better ways to relate to my customers to resolve problems than writing threatening letters. At the very least, it would be proper to ensure an effective, easy line of communication was functioning properly on all levels. As the phone company, I might even try calling if I had received no response, giving the benefit of doubt to my customer.

I respectfully seek your support to provide the name and phone number of a responsible individual able to resolve this matter. In advance, I thank you for your assistance.

Sincerely,

To Whom It May Concern:

I have filed electronic complaints regarding a company by the name of ILD Teleservices Incorporated with the State of Florida Attorney Generals Office and the FCC. I have written and telephoned ILD and Sprint. I am consistently being advised that my complaint does not fall under the jurisdiction of any complaint department. I am not sure if it is considered "slamming." My tracking number is 0016604 filed 01/16/05 with your office (see attached).

On November 26th, 2004 I received a collect call from a relative who was hospitalized. He had no money so he had to call collect from a pay telephone. He had to call back twice because the first time his father was not at home and we were unable to reach him at the pay telephone number he had left us from the hospital. The hospital has a policy of no phones in individual patient rooms to ensure the patient gets rest. I received a bill of \$63.02 for 10 minutes worth of telephone conversations. (please see copy of bill enclosed). As with all collect calls you are asked whether you will accept the charges...I did thinking it was from Sprint my long distance carrier. I have a huge concern that this is price gouging (\$6.03 per minute) and not a charge from my long distance company!

I have not paid the bill. When I called ILD stated they would decrease the bill by 40%. Why would they decrease the bill by 40% if the billing was correct? I have written them regarding this matter. I have also written Sprint and advised them I deducted the amount from their bill. I received a call from Sprint on Friday and they stated they subtracted the \$63.02 from my bill. They will also advise ILD I refuse to pay them.

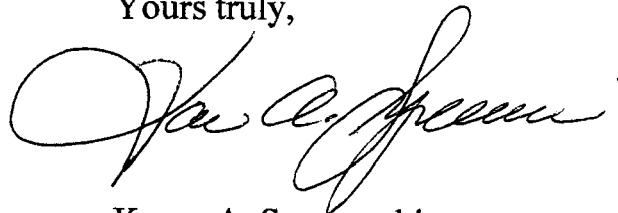

ILD has multiple complaints filed against them. If I had not carefully reviewed my telephone bill I never would have known about these

outrageous costs! I have a huge concern for the elderly, people who are uneducated or unknowledgeable regarding their rights. Do other people just pay? What is being done about unfair practices such as these? I am sure the next correspondence I will receive will be how ILD Teleservices Inc. will notify a collections agency regarding my not paying my bill. I have excellent credit. I am tired of being ripped off and then "held hostage" under the guise of either pay the bill or we'll report you and it will destroy your credit rating.

I would appreciate a response from your commission. I am requesting something more than a form letter in response. I understand you have time constraints and staffing issues, however I need to know how to proceed.

PROBLEM INFORMATION

Problem Type: Improper Billing

Complaint Detail: On 11/26/04 we received a telephone call from a family member who was hospitalized in Buffalo, New York. He was concerned we did not know his whereabouts so he called us collect. There are no telephones in patients rooms where he was hospitalized to provide optimal rest. He had to use a pay telephone in the hallway to call us collect. The bill for 2 telephone calls totaling 10 minutes was \$63.02. We telephone the company who advised us they would reduce the cost by 40%. First of all they are not my long distance carrier. I was advised by Sprint they were billing me for this company. The cost is outrageous. If I had not thoroughly scrutinized my phone bill I would have just paid it. I have sent in my Sprint telephone bill minus the amount of \$63.02. I notified the attorney general of the state of Florida who requested I send this complaint to you. I would appreciate any assistance you can give me. I feel like I am being taken advantage of. I do not know how the company can say these are appropriate charges when they almost immediately want to decrease the cost by 40%. I look forward to your response. Multiple web sites give the name of this company and there have been multiple complaints filed against them. I have also sent the V.P. and Sprint letters regarding this matter. Karen A. COMMISSION
CLERK

I don't even know where to start to tell you how irritated, discussed, frustrated and disappointed I am in your customer service or rather your lack there of. I have a few questions? Do you all have a plan where you self govern? Where you set a blind test for your employees and watch to see what happens in any areas? Apparently not!! I have had nothing but frustrations since the day I have started using you're so called service. My last frustration is a recent 1 where I was told I would have a phone by Monday January 17, 2005 between 11:00am - 1:00pm, as of Monday January 24, 2005 I still have yet to have a phone. I instead have received one excuse after another, after another, nothing but excuses. First it was that there are a lot of turn off service in our area and those take priority, next your technicians are 1 day behind, then 2 days behind, by Thursday January 20th, 2005 I was told that I could not be given an estimated time of installation. Friday January 21st, 2005 I decided I needed yet again to gain the help of your Consumer Services, I received Beverly, Beverly as I believed tried to gain some information. She returned my call and I was told that a technician would be out by the end of the day or Saturday January 22nd, 2005. In fact a technician did come out on Friday evening to tell me I could not have a phone, that there were no telephone lines installed in our area. I find this very strange since, I live in a community and there are in fact other permanent residents with local phone service, not to mention a community office, a gate house, a club house, a bait house and other structures with phone service within the gated community. The young man who came out told me he would have to get in touch with the Manager on Monday who would have to get in touch with the engineer, both of whom were gone by 4:00pm Friday when this technician was at my door, so I was told that yet again I could not be given an estimate of when the phone would in fact be installed, but I would be contacted on Monday January 24, 2005, well that didn't happen either, so yet again at 4:00pm I called the Consumer Services, where the person I spoke to had Beverly call me back to make sure I understood why I couldn't have a "LIFELINE" telephone in a reasonable amount of time. The sad part of this is, that I know by the time you receive this letter and it goes from 1 hand to another hand sits on a desk of 1 person and then a desk of another person then get buried in someone's pile of complaints by the time they get to my complaint at the bottom of the list I still won't have a phone or even an estimated time of installation.

I am not the only person waiting for a phone on this property, I am in lot 124, the people in lot 002 were also told they would have a phone installed on January 17, 2005, they are also having the same problems and as of today January 24, 2005 still don't have any land line phone service. I could go on and on about problems I have had in the past with your company, these include but are not limited to turning the phone on at the wrong address took 10 days to fix, long wait times for service transfer, takes up to 2 weeks, paying for private phone service where other people are using my phone service and answering my phone from another location took 12 days to fix, promised transfer date that are never met, noise on the line took 7 days to fix.

Unfortunately, your company has the monopoly in this area and nobody else offers service here because I would certainly be doing business with them, but I guess

this is why you can offer lousy service and get away with it...and charge \$60.00 for it!
Do I give you the impression I am livid? Well I surly am.
Shortly I will be contacting the Florida Public Service Commission to see if in fact they
can get you all to do what must be done for service paying customers, which is you need
to hire more people to handle the work load you are placing upon the workers that are
already over worked because they are responsible for far to many customers in a far to
large an area. 3 technicians for a 3 County area, far too unreasonable.

If in fact you get this letter and anybody plans on following up on it, this is a
number I can be contacted on 954-232-4827 only because I have no estimated time of
installation on my 863-946-0992 to give you so that I may be able to give you a working
home "LIFELINE" phone number which by the way is suppose to be changed to a new
number. I don't have that number either but what is the difference, I have no
"LIFELINE" phone to answer anyway.

Have a wonderful day, Juan Torres

Subject: SMTP blockage on DSL line by Verizon

05 FEB -4 PM 1:49

COMMISSION
CLERK

This is a complaint against Verizon Internet Solutions in Tampa, Florida. Recently a STMP block has been placed on our DSL internet line, blocking mail.americuslab.com. We have notified Verizon of the blockage and requested that it be removed. After two weeks the blockage is still now the line. No one contacted about the blockage will admit to it's placement or reason therefore. Please have someone contact the undersigned about this problem.

Sincerely,
Robert M. Leigh

Dear Ms. Bayo:

It has been brought to my attention that the contact information for tariff filings contained in the Commission's master files for Saturn Telecommunication Services Inc. d/b/a STS Telecom (Company Code TI292) is out of date. Nancy Adler is no longer the tariff contact, which should be changed to:

Tel: 407-740-8575
Fax: 407-740-0613
tmi@tminc.com

Sharon Thomas, Consultant
Technologies Management, Inc.
P.O. Drawer 200
Winter Park, FL 32790-0200

Additionally, the footers contained in the Company's Florida Tariff No. 1 are also out of date. I have enclosed stickers to reflect the correct information regarding the tariff issuer.

Should you have any questions or require additional information, please feel free to contact me at (407) 740-8575 or sthomas@tminc.com.

Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it in the self-addressed, stamped envelope enclosed for this purpose.

Thank you for your assistance.

Jeff, we treated that letter as simply a possible address update. There were no stickers or labels attached; only a copy of the labels.

If you look at the bottom of the letter under the cc:, it shows "entire package with original labels" going to Beth Salak.

The letter from TMI is dated 2/18 and it was received by the Commission yesterday: 9:54 AM in the mail room, 10:06 in CCA, and 3:08 PM in CMP.

The letter doesn't have a "document stamp" but does have a routing stamp on it.

Kim,

Technologies Management sent a letter correcting the contact information for the above company. In addition, they enclosed labels to correct the footer information on the company's' tariff. As far as I can tell, the labels did not make it from CCA to CMP to be included in the tariff filing that is to be opened.

Are these labels still available? If so, can you please send them up via interoffice mail so I can include with the filing?

Thanks.

Ms. Foy, Ms. Bayo has referred your request to me for response.

We don't have any type of notification list regarding applications for certificates or for extension of service areas for water and wastewater entities. What may be helpful is the Weekly Report of New Dockets which lists all new dockets opened by week. This report will allow you to review titles of dockets just opened. The Report is available on our web site, <http://www.floridapsc.com>. It is listed under the tab "Dockets and Filings"; click on that, then scroll down until you see the title "Weekly Report of New Dockets and Summary of Orders"; click on that, then click on the week that you need to review.

If I can be of any further assistance, please call me at the number listed below.

Thank you.

Ms. Foy, we do not have any type of notification list regarding new applications or extention of service areas for the water and wastewater entities by counties. The only thing that could be of help is the Weekly Report of New Dockets", which lists all new dockets opened for each entity. This is a paid subscription for \$20.00 per calendar year. After January 1, this is prorated at 20 cents per week for the rest of the year. The Report is available on our web page, <http://www.floridapsc.com> at no charge. It is listed under the tab "Dockets and Filings"; click on that, then scroll down until you see the title "Weekly Report of New Dockets and Summary of Orders"; click on that, then click on the week that you need to review. This utility provides only nonpotable water. They got a certificate in 1996, but in 2002 the legislature added a new exemption, 367.022(11), FS for utilities providing only nonpotable water when there is another potable water provider. As soon as their letter is scanned in, I'll give them a call. Do I tell them to file some sort of application?

We represent Tri-M Communications d/b/a TMC Communications (TJ101-04-0-R). Tri-M received a letter (dated 2/18/05) from the FL PSC saying they had not paid their Regulatory Assessment Fees. We prepared the report for Tri-M and Tri-M claims they filed the report with payment. So, could somebody explain why they were sent the aforementioned letter? Thanks.

Dear Sir:

I have cancelled my service due to extremely bad customer service. Back in October 2004 I paid my bill with Check No. 1492 in the amount of \$90.00 drawn on my Wachovia account. Bright House processed the check for only \$9.00 and placed my account on past due status with monthly late charges. I notified Wachovia and they immediately made an electronic adjustment. I then contacted Bright House several times and provided them with the information, including, the fax number for Wachovia so that the electronic adjustment could be verified. Bright House refused to verify and acknowledge the payment, despite my best efforts.

I am enclosing a copy of my cancelled check. Please remove all charges from my account and any derogatory information reported to any credit reporting agency immediately since my account was NEVER PAST DUE and the FULL PAYMENT WAS MADE ON TIME.

Thank you,

I have a problem that I have never had in the past and I do not know what to do.

One of my water customers has a fenced in yard with a huge dog in the yard. I have given him a final notice regarding his account, I have asked them to read the meter and call me the readings all with no avail.

I have estimated his bill for the last three months, I waited until Sunday night to prepare the bills hoping he would call me the reading but until today I have heard nothing. He owes \$45.05 at the present time and

I can't cut his water off as I cannot go in the yard where the meter is. I HAVE DONE ALL I KNOW TO DO BUT I CAN'T

AFFORD TO LET THIS GO ON. CAN YOU HELP ME?

Will you please send me a letter as to what I can do?

Maybe if he realizes you control my rules he will change.

Kay, Beth will be out of the office until Thurs.

Jim is correct, the filing is required per the certification the Commission made to the SEC allowing TECO Power Services to invest in foreign utility companies

we need to keep the filing (and I'll need to review it), Tim has already sent one memo to Mary authorizing me and others to view confidential materail in reference to this matter; I'm sure he'll submit another memo if it's necessary

this was not a docketed matter, we handled it at Internal Affairs. It's your call whether it should be docketed or not but the certification the Commission granted Tampa Electric on behalf of TECO Power Services is good for 3 years, TECO will petition to have it renewed at the end of that time.

we will be receiving annual reports as well as periodic updates (we will be served with any thing the company files with the SEC)

both Tim and Beth are out till Thurs. so if it can wait till then I would prefer it

Beth - We received from TECO Power Services Corporation (Jim Beasley) a

letter requesting confidentiality of a "Schedule of Direct and Indirect Ownership Interest Pursuant to paragraph 2 of 'FUCO Certification'" and indicates the attached report is submitted in compliance with Item No. 6 of the Foreign Utility Company Certification dated 2/2/99 which the PSC issued and filed the SEC. My question is: Does the PSC need to keep this material? If so, we will need to open a docket. Also, I'll need a memo from Tim to Mary Bane ok'ing access to the material by staff since it's not docketed with a CASR.

Please advise!

Subject: Additional administrative information on Winter Park Utility

I was reminded by some of our admin folks that we need to get the new utility into the computer system. The utility will be assigned a PSC code and the contact information entered into the official Master Commission Directory. Could you provide (or have the utility provide me directly) the following information? Thanks

The official name of the utility:

Official Mailing Address:

Physical/Location Address:

Liaison Name: [this is the primary regulatory contact for the utility - the person we call if we have questions or concerns and the person to whom correspondence is generally addressed. It can be anyone in the utility, but for munis, it's typically the utility manager. The system allows for two contacts to be shown if desired, but only one is required]

Liaison Title:

Liaison e-mail address: [if available]

Phone: [this can be the liaison's direct number or a general utility contact number]

Fax: [this can be the liaison's direct fax or a general utility fax number]

Utility web address: [if it has one]:

FEID no. (Federal Employment Identification number): [if it has one]

Dear Patrick Flynn Regional Director:

This letter is dealing with a quote to have a second water meter placed on our irrigation system in Pennbrooke Fairways. The quote was for \$540.28. It is my understanding that you have been charging to little for this service (\$98.00) and that you have changed the cost to reflect this.

You certainly have opened a can of worms by raising the price greater then 500%. If the meter cost \$98.00 then you are asking us to pay \$442.28 for installation and tax. Even at the highest labor charges this seems to be excessive. I was also told that we could not purchase a water meter and have it installed by someone else since it is your line.

You have a community of mostly retired people that want two meters, one on the water entering the house and one on the irrigation system. By so doing this we would save ourselves money in not having to pay sewage fees on water that is not used in our home.

It seems to me that you have decided that you will lose revenue and are trying to make up for it by holding a community hostage over this issue. If we can't do it ourselves and we can't afford to pay your exorbitant price then we continue to pay a monthly fee that is much higher then necessary.

I sincerely think that a more reasonable price could be set, one that would make everyone happy.

Dear MR. HILL:

Thank you for contacting the Florida Public Service Commission. We have reviewed and referred your complaint to UTILITIES, INC. OF PENNBROOKE. Your case reference number is 647311W.

What you can expect now that your complaint has been filed.

The utility will be contacting you to address your concerns and must respond directly to you within three weeks from the date we received your complaint. The utility will attempt to resolve the matter directly with you and is required to notify us regarding the resolution of the complaint.

How the Commission can assist you and what action you can take.

The Florida Public Service Commission only regulates matters that fall within the scope of our jurisdiction. We will review your complaint and the utility's response to your case to ensure the utility has complied with the applicable statutes, rules and regulations of the Florida Public Service Commission and the utility's tariff. Please allow the utility to work directly with you to resolve your complaint.

Matters like these are usually resolved quickly and effectively, requiring no further Commission intervention. However, if you need further assistance from the Commission after receiving the utility's response, please contact the Commission's Bureau of Complaint Resolution by telephone at 1-800-342-3552 or in writing at the postal or email address shown below. *If we do not hear from you within 30 calendar days from the date of this letter, we will presume that you are in agreement with the company's proposed resolution or plan of action.*

Thank you for the opportunity to assist you in this matter. If you would like to know more about the Public Service Commission, please visit our Web site at www.floridapsc.com.

RE: Case Number 21838
Ken Carlson vs Credit Data System/Supra Telecom

To whom it may concern;

Please be advised the Mr. Carlson was already advised that the account has been removed from collection in our system and that all he needed to do was contact the credit bureau (Equifax) and dispute the item to have it removed.

To date we have not received any notification from the credit bureau that the item has been disputed and therefore it still stand in Mr. Carlson's credit report.

Please contact this office as soon as possible should you have any further questions.

Dear Sir/Madam:

I appreciate your time in assisting me solving the problem with Sprint PCS.

On May 5, 2005, I notified Sprint PCS in writing canceling my service, effective the billing period ending on May 17, 2005 (Account No.0048292276-4). I received May 19, 2005 invoice, and the payment was mailed today. (Copies of my notice and payment attached.)

I have two reasons to cancel my service: 1. My cell phone does not work in coastal areas. 2. The AC cord was broken. I took the cell phone to the local Sprint PCS store. The clerk there told me my plan does not have ROM service for the coastal area. I was also told that my cell phone was too old, and parts are not available. Their interest is in selling me a more expensive calling plan.

On Saturday, May 28, 2005, I received a letter dated, May 19, 2005, from Ms. Dawn Larkin, Sprint PCS Written Correspondence Department. (Copy attached) In her letter, she stated that the calling service I used required a one-year agreement, and a \$150.00 cancellation fee is assessed. I have Sprint PCS service since 2001. A letter from Dan Alcazar, Vice President, National Consumer Organization of Sprint, dated August 15, 2001, is a proof. (Copy attached). I also made copies of invoice statements from January, 2004 to May 2005 and attached with my letter to Ms. Larkin for additional evidence that I had more than one year of service. (Invoice copies are too many pages and not attached with this letter)

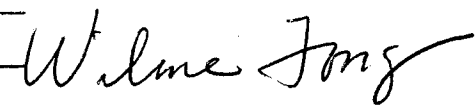

I have paid the May 2005 payment, and do believe that I have fulfilled my obligation and the account should be closed. I have subscribed four years of Sprint PCS service; therefore, the cancellation fee is not applicable in my case.

Dear Sir/ Madam:

For several days I try to report that I need you to cancel my cell phone service. I called three numbers and use your website and email, but no one could help me. I certainly hope that this office is the right place.

Please cancel my cell phone service at the end of this billing period. May 17th, 2005. My cell phone number is 850.321.9576, and my account number is 0048292276-4.

Your assistance is appreciated.

Re: Sprint PCS Customer Account # 0048292276

Dear Ms. Fong,

We have attempted to contact you by phone to discuss your recent request to cancel your PCS Account and were unsuccessful. Per your request, your account will be cancelled effective the last day of your billing cycle. The calling plan you were on prior to canceling service required a one-year agreement, which was not fulfilled resulting in a \$150 cancellation charge. This fee will be applied on your final invoice from Sprint. If you have any questions, please contact Customer Service at 1-888-211-4727.

We regret losing your business and would love to serve you as a customer in the future.

Dear Ms. Larkin:

On Saturday, May 28, 2005, I received your letter dated May 19, 2005. Your letter is in response to my May 5, 2005 notice to Sprint PCS canceling my Sprint PCS service, effective the billing period ending on May 17, 2005. I received May 19, 2005 invoice, and the payment was mailed today. (Attachment A)

I have two reasons to cancel my service: 1. My cell phone does not work in coastal areas. 2. The AC cord was broken. I took the cell phone to the local Sprint PCS store. The clerk there told me my plan does not have ROM service for the coastal area. I was also told that my cell phone was too old, and parts are not available. Therefore, I decided to cancel my Sprint PCS service. Please tell me where I can return my old cell phone. It is no use for me. The AC cord is broken; therefore, the battery cannot be charged.

In your letter, you stated that the calling service I use required a one-year agreement, and a \$150.00 cancellation fee is assessed. I do not understand what you mean. I have Sprint PCS service since 2001. The letter, dated August 15, 2001, from Dan Alcazar, Vice President, National Consumer Organization of Sprint, is a proof that I have the service since that time. (Attachment B) I do have all invoices and statements since the beginning of my service. Copies of invoice statements since January, 2004 are attached for additional evidence. (Attachment C)

Since I have paid the May 2005 payment, I have fulfilled my obligation and the account should be closed. I have subscribed four years of your service; therefore, the cancellation fee is not applicable in my case.

Ms. Larkin, I hope you will be able to resolve this problem. If you do not have the authority, please inform me to whom I should address this letter. In the meantime, a copy of this letter will be submitted to the Florida Public Service Commission.

Thank you for your attention.

Sincerely,

Dear Valued Sprint Customer,

As we have previously notified you, there is a recent change in federal law regarding long-distance companies and their customers that you should be aware of. Rest assured that your current Sprint service will not change. And there's nothing you need to do.

In the past, all long-distance companies were required to file their rates, terms and conditions for long-distance services with the Federal Communications Commission (FCC). However, beginning August 1, 2001, Sprint and other long-distance companies will no longer be able to file their state-to-state long-distance rates and conditions with the FCC, and instead will be required to post them on their Web sites. (For the convenience of our customers, Sprint will begin posting our international long-distance rates as well.) This means it will be easier for you to get the most current version of the rates, terms and conditions being provided to you.

To that end, we're also enclosing a booklet listing the terms and conditions of our state-to-state and international long-distance services. Please review it carefully. Additionally, we've included *Frequently Asked Questions* on the back of this letter to help answer some questions you might have.

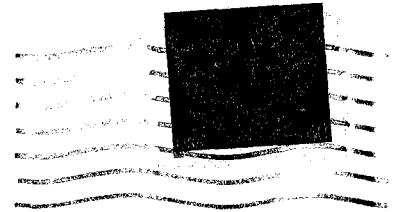

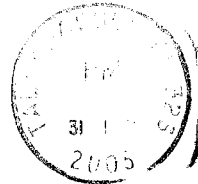

If you require any additional information, feel free to visit our Web site at www.sprint.com/ratesandconditions/, or call Sprint Customer Service at **1-866-779-7070** (if you have hearing or speech disabilities, call **1-800-877-8973**).

As always, we thank you for your business and remain committed to providing you with the same high standard of service — for all your communications needs.

Sincerely,

Dan Alcazar

Kay,

Apparently Toni has looked into this and reports what she found below. I agree with Toni. Now, granted, I have not read the document and am still willing to do so. But, based on the e-mail information, Toni's assessment appears to be correct.

Unless they do a name change, the matter does not need docketing.

Ray Ms. Wellstein called me today and I called Kay who said she called you about the below company's submitted information.

This is not a name change request only a notification of a share purchase 2 levels up with a parent company. Kay thought it might be, but Ms. Wellstein says no Certificate level/End user changes will occur, only the share purchase at the parent level. She apologizes if the letter was confusing.

Based on past discussions, I don't think we need to do anything other than acknowledge the information and send Ms. Wellstein an email in response to below.

Let me know,

Toni

Dear Ms. McCoy,

Thank you for your gracious attention to the Application form we sent in today and which was received in your mail room.

As I mentioned to you, there is only a transfer of control at the parent level (new parent control ownership at the upstream corporate level) so the certificate holder, A.Sur Net, remains the same. All the addresses and contact persons for the Florida licensee also remains the same and there is no affect to the end users.

Columbus now has ownership control of the parent company of the licensee, but there is no change or affect at the certificate holder level.

Please let me know if you need any other information. And again, I really appreciate your attention here.

With best regards,

Linda Wellstein

Re: Application For Approval of the Transfer of Control of A.Sur Net, Inc.

Dear Ms. Bayó:

A.Sur Net, Inc. ("A.Sur Net") and Columbus Communications Inc. ("Columbus" and, together with A.Sur Net, the "Applicants"), pursuant to Rule 25-24.730 of the Rules of the Florida Public Service Commission ("Commission"), hereby jointly submit an application on Commission Form PSC/CMU 43 (1/95) for approval to transfer control of A.Sur Net from Barclays Bank PLC to Columbus, a corporation organized under the laws of Barbados (the "Application"). Applicants respectfully request that the Application be granted expeditiously in order to permit Applicants to complete the transaction described herein as soon as possible.

DESCRIPTION OF THE APPLICANTS

A.Sur Net is a corporation organized and existing under the laws of the State of Delaware and is a wholly-owned subsidiary of ARCOS-1 USA, Inc. ("ARCOS-1 USA") a Delaware corporation. In turn, ARCOS-1 USA is a wholly-owned subsidiary of New World Network, Ltd. ("New World Network"), a Bermuda company. New World Network is a wholly-owned subsidiary of New World Network International, Ltd. ("NWN International"), a Bermuda company. In turn, NWN International is a wholly-owned subsidiary of New World Network Holdings, Ltd. ("NWN Holdings"), a Bermuda company.

On March 15, 2001, the Florida Public Service Commission issued an order¹ granting Com Tech (now A.Sur Net) authority to provide Alternative Vendor Services in the State of Florida (the "AAV Certificate"). A description of the A.Sur Net's authorized services and facilities is part of the record of that proceeding.

¹ In re: *Application for Certificate to Provide Alternative Access Vendor Services by Com Tech International Cable Corporation*, Docket No. 010150-TA, Order No. PSC-01-0647-PAA-TA (the "Order"). On April 9, 2001, the Order became final (see Order No. PSC-01-0896-CO-TA.).

DOCUMENT NUMBER-DATE

05419 JUN-6 03

Columbus is a corporation organized under the laws of Barbados. Columbus is controlled by Ironbound Holdings (Barbados) Limited, a corporation organized under the laws of Barbados. Ironbound is controlled primarily by Canadian citizens and corporations and owned as detailed herein. Columbus controls Caribbean Crossings, which operates the Bahamas Internet Cable System between the United States and the Bahamas, and thus has demonstrated the resources and ability to manage a telecommunications company..

THE TRANSACTION

Under the proposed transaction, Columbus² will acquire control of New World Network, Ltd., and thereby acquire control over A.Sur Net. The precise details of the purchase have not yet been finalized. Closing of the acquisition of control over New World Network, Ltd. is conditioned on, *inter alia*, receipt of all necessary regulatory approvals. In light of New World Network Ltd.'s control over A.Sur Net, a holder of a Florida AAV license, prior Commission approval on an expedited basis is being requested.

DESIGNATED CONTACTS

For the purposes of the Application, contacts for the Applicants are as follows:

For A.Sur Net:

For Columbus Communications Inc.:

² It is possible that all or part of the A.Sur Net shares to be acquired by Columbus will be held by a yet-to-be-formed wholly-owned subsidiary of Columbus (the "Subsidiary"). The insertion of a wholly-owned subsidiary as the holder of all or part of the stock of A.Sur Net will not affect the ultimate control of Columbus as described in this Application. To the extent any ownership interests of A.Sur Net will be ultimately held by such a Subsidiary, the parties will promptly notify the Commission prior to the Closing.

**THE COMMISSION SHOULD APPROVE THE TRANSFER OF CONTROL
OF A.SUR NET**

The proposed transaction is in the public interest because it will enhance competition in Florida by strengthening the financial and competitive position of A.Sur Net by enabling it to continue to operate its facilities in the State of Florida in a more efficient and cost-effective manner. Moreover, the proposed transaction is not expected to affect the day-to-day operations of A.Sur Net and will be transparent to A.Sur Net's customers in Florida. A.Sur Net's customers in Florida are mainly other authorized domestic and international carriers and some large corporate users. Finally, the proposed transaction will not negatively affect competition in the Florida telecommunications market. Therefore, the Commission should approve the transfer of control of A.Sur Net.

A.Sur Net previously obtained the AAV Certificate from the Commission and has a significant operating history in Florida. Thus, its qualifications to provide telecommunications services are a matter of public record. The proposed transaction will not affect the qualifications of A.Sur Net and the services provided by A.Sur Net, but rather will allow A.Sur Net to be controlled by an ownership group focused on the long-term growth potential of A.Sur Net.

The proposed transaction will result in an indirect transfer of control of A.Sur Net from Barclays to Columbus. The direct shareholding of A.Sur Net will not change. Applicants do not expect that the current management and personnel of A.Sur Net will change

Blanca S. Bayo
June 3, 2005
Page 4

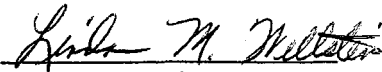

substantially upon closing of the proposed transaction. Applicants expect that upon closing, A.Sur Net's customers will continue to receive telecommunications services at the same rates, terms and conditions offered by A.Sur Net prior to closing. In short, Applicants do not anticipate any immediate changes in the day-to-day operations of A.Sur Net in Florida as a result of the proposed transaction. The proposed transaction therefore will be transparent to A.Sur Net's customers and will not adversely affect the provision of telecommunications services in Florida.

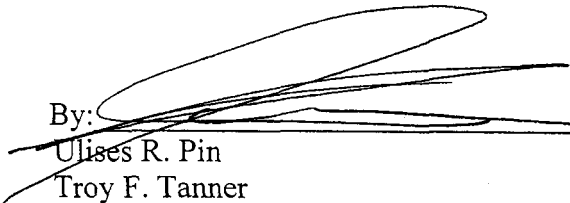

CONCLUSION

For the reasons set forth above, the Applicants urge the Commission to grant the attached Application for approval of the transfer of control of A.Sur Net, Inc. on an expedited basis and grant such other relief as appropriate. An original and six (6) copies of this Application are enclosed. Also enclosed is a filing fee check payable to the Florida Public Service Commission in the amount of \$250.00. Please date-stamp the enclosed extra copy of this filing and return it in the attached self-addressed, stamped envelope.

Respectfully submitted,

**A.Sur Net, Inc. and

Please be advised that North American Telecom does not concur with the findings of BellSouth's rejection of our escalated Billing Adjustment Request (BAR, attached). As such, North American Telecom rejects your findings effective immediately and considers this matter still in dispute. In preservation of our rights, we have forwarded a copy of our response to the Director of Records & Reporting at the Florida Public Commission. Advice from our attorney will follow.

Re: Order Number - PSC-04-0712-PAA-WS
Rose, Sundstrom & Bentley, LLP, F. Marshall Deterding Letter of June 10, 2005
And attached Aloha Utilities Project Status Report

Dear Ms. Bayo,

I am a customer of Aloha Utilities, who resides at 1543 Haverhill Road in New Port Richey, FL 34655.

I have recently come across a Project Status Report Filed by Aloha Utilities in response to Order No PSC 04-0712-PAA-WS, whose subject matter is "Seven Springs Water System Improvements-2004.

This is the tenth Status Report submitted to the PSC, but does not significantly differ from previous reports and therefore suggest little progress. It does not contain any significant or meaningful information from which a customer, like myself, who ultimately might have to pay for any improvements implemented, can determine whether progress is being made.

I have some concerns specifically related to the possibility that an oxidative method using hydrogen peroxide might replace the current method of the sole use of chlorination. Aloha customers understand that FDEP has not so far received or approved a permit for the use of hydrogen peroxide which is currently not used for processing drinking water anywhere in the United States. An Ad Hoc Committee of the Pasco County appointed under the authority of House Bill 0897 has adopted the FDEP Rule 62-555.315(5) as the most relevant recommendations for the Control of Copper Corrosion and Black Water. On June 9, 2005 the Pasco County Board of Commissioners unanimously adopted an ordinance establishing this technological standard for the treatment of black water and rotten egg odor in drinking water in domestic plumbing.

I would appreciate receiving some information from the PSC, FDEP or the Utility itself whether the use of hydrogen peroxide is likely to be approved for use and if so whether the FDEP has received appropriate pilot study data that might be used for permitting such use. Customers are anxious to get an expert peer review of the data, if such has been submitted, so that they can obtain a pre-implementation prudent review to ensure that the method has at least a reasonable chance of significantly reducing the incidence of black water and rotten egg smell in our plumbing.

Mr. Ivan Seidenberg, President
Verizon Communications
1095 Ave. Of the America, 39th floor
New York, N.Y. 10036

Dear Mr. Seidenberg, President:

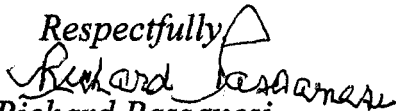

I am writing to you as an exasperated, valued customer of Verizon. I would appreciate your having the patience to read this letter.

On June 8th 2005, I purchased a monthly cellular plan from T-Mobile. The salesman talked me into transferring my Verizon local home phone number, which I have had for 13 years, to the new cell phone. Upon getting home, a couple of hours later. I realized this is not what I really wanted. I wanted to stay a customer of Verizon local and DSL internet service. I immediately called the T-Mobile salesman, and instructed him to cancel, the transferring of my phone number. He informed me he would take care of this immediately. I also called Verizon to tell them what happened and I would appreciate if they disregarded any transfer that may be presented to them. The very next day, June 9th, 2005 I visited the

CMP | T-Mobile location to return the cell phones. At that time I inquired if they had cancelled the
COM | transferring of my Verizon phone number. I was assured it had been done.
CTR | On June 11th, my local phone service with Verizon was cancelled. I could no longer have
ECR | telephone service. Upon calling Verizon, customer relations, I was told a request came in
GCL | from T-Mobile that had to be honored. I would consider this "slamming".
DPC | Upon hearing my story, I was told by your customer relations department, not to worry
RCA | that an order was being submitted for my phone service to be reactivated on Monday June
SCR | 17th. I was advised to please stay home to receive the technician, and that there would be a
SGA | service charge, which I think, is ludicrous. I stayed home Monday and Tuesday to no avail.
IEC | On calling customer relations again on Wednesday the 19th, I was informed just because it
JTH | was scheduled, it did not mean it would done that day. After numerous phone calls, and
each call usually takes an hour to speak to a live person, I was informed the service would
be activated on July 11th, one month after it was terminated. As I write this letter the
service still has not been restored, and we do not have telephone privileges. I am a 76-
year-old senior citizen, not in good health, imagine my concern of living without telephone
service. I cannot fathom why it would take a month to activate my original telephone
number.

I have to say the only employee of Verizon that has shown any interest in our problem was your service technician Mr. Dan Sumner of your Tampa, Florida Branch.

I don't know what I expect from you, but I had to write to someone at Verizon, to tell them of our dilemma. To verify all that I have written, it is on record at our account #15 1317 0620216824 09. Phone number 813-633-3871.

Subject: ITC DeltaCom (Discontinuance of local phone service)

There is no reason to docket ITC's filing. They are simply getting out of the residential local phone service business. They will retain both IXC and CLEC certificates and will retain their fictitious names.

I have advised Nanette Edwards that this will not be docketed and we will retain the filing in an undocketed status. I have copied Rhonda because, down the road, if a customer fails to select a new carrier and their service is terminated, we will know why. Nanette said that they will give a second notice to the customers as well.

Overall ITC has 11,000 customers, many of which are in Florida.

Rhonda, disconnect for those who have not selected a new local provider will occur in late November.

First No refund would your telephone give back when not in use.
Second I talked to a Mr. Paul Hayes who directed me to you for a
refund.

Your pay telephone off Hyw 110 cut off on Scenic Hyw telephones attache
to the grocery, gas station, didn't return my 3 quarters on my first
attempt. Then my wife used the same phone and her 3 quarters were
taken and no return. Had to use inside cell phone to get our party

At just before 5 pm, we have received 5 RFPs. I'm attaching the list as it stands now.

The 5 sets (3 in boxes, 2 in envelopes) will be locked in the confidential room until Mark comes to pick them up Tuesday morning. I'll put a copy of the final list on top of the stack of RFPs, and if you'll just have him write "Received" with his signature and date and time on the list and put that back on my desk. Make a copy of the list with his signature for him, however.

I believe that will cover it, but I'll be at home (call my cell phone) if you have any problems or if you have any questions!

Thanks, Hong.

P.S. Mark, let me know if questions too! You'll need to bring a cart to pick up the sets.

Mark, per our discussion, in addition to 10.04, APM, you should also look at Rule 25-25.009 to determine whether it would apply to the bids you're soliciting.

So far we have established:

Bids will be filed with CCA by 5 p.m. on Friday 9/2.

All bid filings will be date and time-stamped as they are received; sealed bid envelopes will be date and time-stamped.

CCA/Records will create a list of all bids, to include name of bidder and date and time received.

You will come to CCA/Records at 8:30 Tuesday 9/6 to collect the bids for review, and it will be decided beforehand if there must be a formal bid opening process at the time you collect the bids.

We are preparing to issue an RFP for a financial consultant.

When you have a few minutes, I need to discuss the arrangements for receiving and processing the proposals.

Kay,

I can't give you a docket title today. It will either be a request for cancellation title or it will be a bankruptcy cancellation. I talked with Ms. Pringle from Comm Southj. She is inclined to request it as a bankruptcy cancellation, however, since the bankruptcy court is in charge and their is a court appointed trustee, she has to get direction from the trustee. We have no choice but to wait for the trustee in this matter.

It will be next week before we get the answer. So, just lleave it in undocketed for the time being. Will that work for you?

Ray, we received a letter today from Comm South Companies, Inc. d/b/a Florida Comm South saying they provide pre-paid resold residential and long distance service per Cert 4757 (they may mean Cert 7742 since 4757 is an inactive CLEC cert that was assigned to Onyx d/b/a Florida Comm South); they give the company codes TX531 and TJ480. They say they also provide service to a pay telephone provider

in FL. Also, they're in Chapter 7 bankruptcy protection and are liquidating business and assets.

They make some requests in their letter as to what action they need taken and when. I will fax the letter to you for review and assistance in titling a docket. Thank you in advance!

Mr. Carr:

I am writing in response to your request to receive notice of future permitting proceedings for the Seminole Generating Station. It is my understanding that Seminole plans to file its Petition for a Determination of Need with the Commission pursuant to Section 403.519, Florida Statutes, in March of 2006.

Until the petition is filed, the Commission has no internal procedure to track who should receive notices or filings in the proceeding. I invite you to monitor our web site to watch for the filing of the petition. The PSC's web site is: www.psc.state.fl.us. Once you are on the site, you have several search options. There is a global search on the main page of the web site. In addition, under the Dockets and Filings tab, there is a link to a weekly report of new docket that are opened during any given week. Finally, you can search by docket title under the docket link under the Dockets and Filings tab.

A docket will be opened when the petition is filed. Once the docket is opened, you may request our clerk to designate you as an interested person, which would entitle you to automatically receive copies of non-procedural orders and notices of Commission proceedings. In addition, if you have standing, you may petition to intervene under Chapter 120, Florida Statutes, and Rule 25-22.039, Florida Administrative Code. Intervenors are served all filings, orders, and notices. You can also access all documents filed within a docket on our web site at the above link.

Please let me know if you have any questions.

Florida Public Service Commission

Tallahassee, FL 32399-0850

Dear Sirs:

This is in regard to a complaint with your case no. of 665902T which I filed electronically with the PSC on September 3, 2005 regarding "phone slamming" by AT&T against my telephone number 941-794-8208 for service at 113 Tidy Island Blvd., Bradenton, FL 34210. Specifically, this is in reply to a letter from Jayme Rhodes of AT&T to you dated September 14, 2005.

Mr. Rhodes claims that the selection of AT&T to provide local toll service was "reconfirmed" on 7/14/04. I categorically deny any such action. I never received a letter, phone call, or any other form of contact requesting any such "reconfirmation" and if I had I would have immediately disavowed it. Indeed, the primary reason I dropped AT&T for telephone service in the first place was that their rates were approximately twice as high as Sprint. It would make absolutely no sense whatsoever for me to request a change to Sprint for my long distance calls but specifically keep AT&T for in-state toll calls. AT&T is being disingenuous in claiming that they received no notice of being disconnected from in-state toll calls, inasmuch as they do not deny being removed from long distance service

In the absence of AT&T's ability to demonstrate any substantive evidence that I specifically elected to retain them as a provider of in-state toll calls when I dropped them from long distance service, I respectfully request that the Commission uphold my complaint and order AT&T to drop its claim for \$19.19.

Sincerely yours,

Michele Denber

Re: 239-275-8268

Dear Sir or Madam:

I am requesting information and disputing some information regarding the above phone number. On July 5, 2005 I requested a change of address on my phone. I went without service from July 5 to July 10. On July 21, 2005 my phone was shut-off for non-payment (although I had never received a bill). My mother, Jeri Gifford, who is listed as a contact person on my phone service, paid by phone a payment of \$120.43 on July 21, 2005. She was told that my phone would be re-connected on July 22, 2005 and the service was paid up to the date of July 21, 2005.

On August 9, 2005 I made a payment of \$36.07. I called Sprint and was told that \$36.07 was the total amount I currently owed.

On September 23, 2005 my phone was disconnected. When my mother, Jeri Gifford, called Sprint she was told that I owed \$173.39. I only have basic local service. She was told there was a past due balance of \$119.51 which consisted of the following:

Local Service	\$17.55	Aug. 19-Sept. 18
Local Service	\$23.82	July 22-Aug.18
*69	\$ 8.75	
Connection	\$62.25	
Taxes	\$15.84	

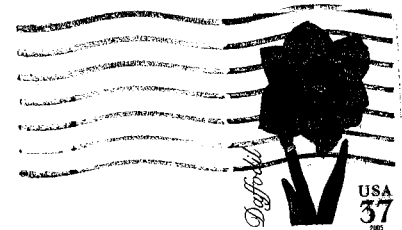

#1 this amount does not total \$119.51 and #2 I paid \$36.70 for service from July 22-Aug. 18. I do not understand why this is being charged twice. When my mother made the payment of \$120.34 she was told that there may be a \$15 re-connect fee. No one ever stated there would be another \$62.25 connection fee. I do not think it is fair that you have charged me twice for a connection fee on July 5 and also on July 22. The entire bill was paid on July 21, 2005 and now I am being told that my \$36.70 payment applies to charges from before July 22.

- CMP | I also do not understand how taxes of \$15.84 can be charged to \$41 in local service billing. That is approx. 38% of the bill. And my current bill is being charged \$12.58 in taxes which is 73% of my bill for local service of \$17.55.
- COM _____ This does not make sense but no one could explain it to me on the phone.
- CTR _____ I have not received any bills from the time I moved on July 5. I believe there should be a credit of \$47.25 on the connection fee (I should only be charged \$15 re-connection fee). I also believe that \$36.70 should be applied to my Aug. 19 bill leaving a balance of \$44.26 (\$119.51-\$47.25-\$36.70). I should only owe \$44.26 plus the current bill of \$53.88 for a total of \$98.14.
- ECR _____
- GCL | My mother spoke to accounts receivable and I spoke to them but they have told us both that they must collect \$173.39 and cannot explain the payments of \$120.34 or \$36.70. They told us customer service would have to explain those payments but when we each called customer service we were told that they could not explain what those charges applied to and the only thing that they could see was that I owed \$173.39.
- OPC _____
- RCA _____
- SCR _____ I am a student in college and my mother is disabled so we both have limited incomes. I cannot afford to pay \$173.39 and wait for a credit of a bill that I have already paid. Enclosed please find payment of \$98.14. Please reconnect my phone and I should be paid until Oct. 18. Thank you.

Dear Neil,

You left a message for me on my N.Y. telephone (516 536 5054), which I accessed remotely. However, I am not in N.Y. so kindly call my cell phone # 516 521 8424 from now on should you want to reach me.

In response to your message, it is well past five p.m. on October 10th, and my complaint remains unresolved. Moreover, I honestly don't see how it can be resolved with Elaine Render handling the case. She has agreed on several occasions to provide me with certain data. however, she does not follow through, making it impossible to resolve the issue at hand.

I have only been dealing with City Gas of Florida since January, 2004. Since inception, I have received a total of 18 bills, however, my meter was only read 7 times. (2-25-04, 6-1-04, 9-24-04, 11-29-04, 1-27-05, 7-27-05, and 9-15-05) On September 15th, (almost one month ago)I asked Elaine to send me the "actual" meter readings on the seven dates that the meter was actually read, the total number of ccf's and therms used during each period, and the cost per period. Please, forgive my sarcasm, but it's not rocket science. Yet, I am still waiting for the data that I believe I am entitled to.

I have attached a copy of the email I had sent to Elaine on October 8th, and her response to that email, which follows below. You can tell from that email how she has mishandled my case and how much unnecessary frustration she has caused me. At this point, I am requesting that you escalate my case to her superior. Evidently, she is not capable of resolving a simple problem, and I honestly cannot afford to waste any more time.

Please contact me on 516 521 8424.

Thank you,

s/Maria J. Cass

Copy of Elaine's 10-10-05 email response to follow:

Hi Ms. Cass,

I had to make another adjustment on your account to see what the true balance will be. I went into more details and listed the actual bills, the estimated bills and all adjustments made. I will call you on Tuesday to go over the information with you. I also left you a message on your voice mail this morning.

Thank You

Elaine Render

Satellite Policy May Shift

By ANDY PASZTOR

In a potentially controversial policy shift affecting future government space programs, the Bush administration wants the U.S. intelligence community, the military and various domestic agencies to share many of the same satellite systems.

Plans to develop fleets of such multifunctional spacecraft—which for the first time would simultaneously serve a broad range of federal agencies—are partly intended to build political support for satellite projects. It also may benefit U.S. satellite makers such as Boeing Co., Lockheed Martin Corp. and Northrop Grumman Corp. Still, the initiative flies in the face of restrictions separating intelligence-gathering satellites from those designed for domestic or civilian purposes.

Joseph Rouge, a top Pentagon space official who is among those spearheading the changes, said the changes are slated to be spelled out publicly in coming weeks and have been presented to some Congressional committees already. The long-term goal, he said, is to save taxpayers billions of dollars by eliminating duplication of assets in orbit, while ensuring that homeland security and other domestic priorities benefit from common hardware and combined satellite operations.

"We obviously need to be providing capabilities for them all at the same time," Mr. Rouge said in an interview. As the No. 2 official in the Pentagon's

National Security Space Office, Mr. Rouge plays a big role in coordinating classified and nonclassified programs for Defense Secretary Donald Rumsfeld and intelligence agencies; his office also is responsible for evaluating their progress.

Expanding the scope of new systems conflicts with other U.S. Air Force desires to build smaller, less-complex satellites. Mr. Rouge said smaller satellites could be added, but he said it wasn't clear whether they could replace larger satellites.

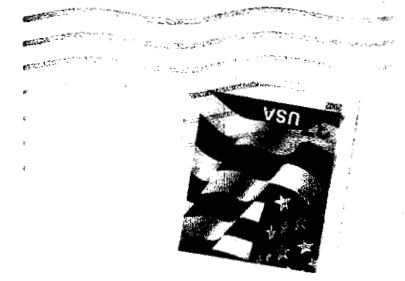

The proposal to develop government-wide satellite systems is likely to face criticism and opposition from two directions. Some military and intelligence bureaucracies, long used to controlling their own satellite constellations, are likely to balk at giving up that independence. A second set of critics is likely to raise privacy and Constitutional concerns. Mr. Rouge acknowledged that "there probably will be civil-liberty groups who will raise challenges" to systematically combining intelligence and domestic functions.

U.S. law prohibits using spy satellites or other intelligence systems to observe American citizens on U.S. soil, though the U.S. president can sign directives lifting those restrictions for specified periods and methods. Pentagon officials said that's what has happened, for example, before unmanned Predator aircraft have been used to detect illegal immigrants or drugs near U.S. borders.

Yesterday, after Wilma had gone through the state, and after the winds were completely gone (except a few breezes), our power went out. And as of 7AM this morning, it's still out. When I pulled out on to Ellenton-Gillette Road in Palmetto, I noticed that the houses on the next block had power.

My husband's cousin on the block east of us, has Peace River Electric and never loses power, yet every single storm, and I'm just referring to heavy thunderstorms, we lose our FP&L power. We have watched time after time as the power comes on at 3AM the next day. Almost like clockwork. It's like it's a scheduled event.

Our whole neighborhood is so sick of it.

But this time took the cake. There was no rain, no strong wind, yet our block's power went out. When we call FP&L, we all get the standard "Wilma hurt everyone, plan on your power being out for weeks". WEEKS?

Dear Mr. Grayl

I am sorry for any misunderstandings that might have happened. It is my understanding that the miscommunication was corrected in a timely manner by our manager, Jessica Sutherland and that you accepted that when you had left the kiosk. Jessica had told you she would issue credits on your account which at the time of you writing your letter was already on the account for \$140.00 I think there is a misunderstanding on how long these credits would go one for, as we cannot do them for 2 years. Jessica is fully aware of that and said that she did not offer doing credits for 2 years.

Our company and Jessica thought that when you accepted her offer of placing some credit on the bill and left that this was a closed issue. She was not sure why you would have thought she would do that for 2 more years. As of the writing of this letter we have credited your account \$140 as agreed upon. We cannot credit your account for 2 more years.

Again I am sorry for any problems that this has caused. We feel we made a very good offer and it was accepted. I do not see how we can continue placing credits on your account when that was not offered.

Sincerely
John Hartley

John Hartley

October 17, 2005

Mr. John Hartley,

On July 24, 2005, my niece, Maria, my wife, Mary, my sister, Pat and myself contracted for cellular phone service through Jo-Mar Cell Phones with Shawnda at the kiosk at Tyrone Square Mall in St. Petersburg, Florida.

At the time we signed the contract we were advised that the plan would include 6000 shared minutes with four (4) active cellular phones at a rate of \$175.00 per month plus \$5.00 for free roaming plus taxes.

The first bill that was directed to us was incorrect in that it was for \$321.80 for one and one half months of service. Included in the total charges was internet, ready link and text messaging which we did not contract for. Additionally, instead of being charged \$180.00, we were being charged for two (2) of the four (4) phones at \$20.00 each.

On August 2, 2005, my niece, Maria, again visited the kiosk for Jo-Mar Cell Phones at Tyrone Square Mall in St. Petersburg, Florida, and spoke to the manager, Jessica, and explained our situation. She informed Maria that she would contact Sprint and have the additional services cancelled and removed from the bill. She spoke to Shawnda in Maria's presence and told her that there was an extra monthly charge of \$20.00 for each additional phone after two (2). Shawnda did not know this. Jessica informed Maria that she would call Sprint and have \$80.00 of referral credits added to our bill every month for the term of our contract. \$40.00 for the two (2) phones that we were being charged for and \$40.00 for the inconvenience that this has caused.

We received our second bill dated on August 24, 2005 in the amount of \$288.32 for one months service and no adjustments were made. On September 2, 2005, Maria again visited the kiosk for Jo-Mar Cell Phones at Tyrone Square Mall in St. Petersburg, Florida, and again spoke to Jessica, showed her the bill and informed her that no adjustments were made to our account. Jessica again advised Maria that she would call Sprint and rectify it.

We received a third bill dated September 26, 2005, and again no adjustments had been made. On October 5, 2005, at 8:30 a.m. Maria called Sprint directly and spoke with a sales representative, Debra. She explained to Debra what had gone on with our billings so far and she removed the services which we wanted cancelled to begin with and adjusted our bill. However, Debra informed Maria that the additional monthly service charges of \$20 for each additional phone after two (2) would have to be credited by Jo-Mar Cell Phones.

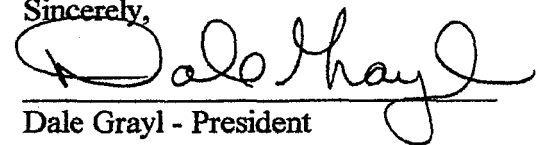

Accordingly, would you please see to it that our monthly bill be adjusted for the additional charges for two (2) of the four (4) cellular phones namely, the \$40.00 additional charge retroactively to the original date of the contract.

The four (4) phone numbers on our account are as follows:

1. 727-424-8936
2. 727-424-8937
3. 727-642-9815
4. 727-642-9879

In the absence of hearing from you prior to the next billing period, you will leave me no alternative but to pursue further action with the Federal Communications Commission.

Sincerely,

No, but I think we found out what happened...David Christian filed the Verizon Select IXC tariff on October 31st. In his cover letter he stated that "Confidential work papers attached to this letter illustrate that VSSI is required to flow through \$336,084.29 in annual revenues."

Apparently the confidential work papers were separated from the tariff filing and sent to CCA, and no letter requesting confidentiality was attached or received under separate cover. I spoke with Verizon this morning and they are faxing a letter requesting confidentiality for that document. They will follow that up with a hard copy. I advised Marguerite that it will be coming.

Dear Ms. Bayo:

Pursuant to Commission rules, I hereby request advance notice of any "pre-application meeting" which may be requested and or held between Commission staff and any of the proposed partners to what has been identified as the "North Florida Power Project." The proposed partners, at least as of this writing, are the Jacksonville Electric Authority (JEA), Florida Municipal Power Agency, Reedy Creek Improvement District and the City of Tallahassee. As a resident of the City of Tallahassee, I would be among the residents of this region that would be adversely effected if the proposed coal plant were constructed.

I note that Black and Veatch has presented the Jacksonville Electric Authority with a proposal to prepare a Need For Power application to the Commission and that Black and Veatch proposes not to identify carbon dioxide emissions which would be generated by such a plant unless "the public" requires that such data be provided. By this letter I request that Black and Veatch be required to include the carbon dioxide emissions data in any applications to be filed with the Commission.

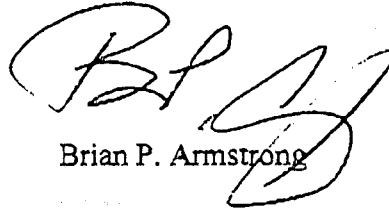

I also note that the allegedly "state of the art" Northside coal plant currently owned and operated by the Jacksonville Electric Authority has been identified, together with another of JEA's coal plants, as the biggest Mercury emissions polluters in the State of Florida. I request that the Commission insure that the JEA, through its engineer, Black and Veatch, identify the projected mercury emissions which would be generated by the proposed coal plant.

In order to avoid the waste of time and other resources on a proposed JEA application, I also request that the Commission require JEA to identify in its application the legal authority which would permit the Reedy Creek Improvement District and the Florida Municipal Power Agency to partner with each other to build the proposed JEA plant. Even a cursory review of the

respective laws creating these entities suggests that they are not authorized to partner in this venture.

Your assistance and cooperation in providing me with the requested notice of any pre-application meeting as well as complying with the other requests made in this letter is very much appreciated.

Kay,

The concerns the consumer addressed in case number 663875E, filed against PEF is a result of the following events:

The City of Winter Park purchased Progress Energy's electric facilities to provide service to some Winter Park commercial and residential customers.

PEF filed a petition with the PSC in Docket No. 050117-EI, to be relieved of its territorial obligation to provide electric service to certain customers in the City of Winter Park, FL.

The transition of electric service from PEF to the City of Winter Park took effect on June 1, 2005.

To continue to provide electric service to its customers in the neighborhood of complainant Danielle Dobbs, PEF had to install poles, wires and equipment on Waumpi Trail.

The consumer filing the complaint (D. Dobbs) and other neighbors want the service to be placed underground, but a no cost to them.

This is the reason why they are requesting a hearing before the Commissioners.

The consumer alleges that the attached letter is her official request for a hearing.

Is this letter acceptable or does she have to write a letter addressing this matter to CCA?

Thank you for your cooperation.

Subject: RE: letter from Progress Energy customer(s)

I contacted Paul Lewis about this last week, and he said that Progress's customer relations people would visit her to see if something could be done, but he didn't think it would be productive. Apparently, according to this lady, Progress never contacted the customers in the subdivision before they moved the lines. They reengineered the service to the area as a result of the Winter Park transfer. I don't think an informal conference would be productive, but I thought I would wait til midweek to hear back from Paul, and then docket the complaint after that. I planned to call or write Ms Dobbs when I had more information about when her complaint would go to the Commission, etc.

Martha, this is related to the removal of the city of Winter Park. Do you have time today to call this woman, to see whether we need to open a docket, or maybe we could have an informal conference? Kay says they are also unhappy because Kate Smith told them in a letter that they would have to pay for undergrounding. Kay could probably fax you the full letter.

11/15/2005

Mary Anne, RCA recently received a letter from Danielle Dobbs, spokesperson for residents of Dommerich Hills Subdivision, Maitland, requesting a hearing on a recent change to their power infrastructure by Progress (power poles were moved from backyards to front lawns and customers want underground lines put in).

This is apparently related to a recent docket, 050117-EI, that closed in June, just fyi.

Should we open a docket to address the customers' complaint/request for hearing?

This is the formal request of investigation of a fraud towards the elderly Residents of Hialeah Residence Apartments. Hialeah Residence is a community for low income elderly people. The majority of the Residents who live there, are very vulnerable and frail. One week after hurricane Wilma, these residents started to receive visits from Bellsouth sales representatives. They, the Bellsouth employees, went door by door offering a discount as a relief from hurricane Wilma, and made them sign two applications supposedly to be able to get that discount on their telephone bill. In several cases, Residents have reported that those Bellsouth employees asked them their Social Security Number and other private information.

In addition, the residents of this building are Hispanic, and none of them speak or understand English. They signed those forms trusting on the good faith of Bellsouth. On the other hand, I called to Bellsouth, I explain the situation and sent by fax the list of the victims of this fraud, and they said they were going to take care of that situation. However, as of today, my residents continue experience the new unauthorized services added to their telephone service, such as caller ID, call waiting deluxe, call return, call block and long distance package.

Also, they continue receiving letters from Bellsouth welcoming residents to those new services. Several times, I have tried to contact SILVIA PINOS ROQUE (Customer Service Manager in Miami Area to whom I submitted this claim initially) she does not return my calls or at least solve this matter. Moreover, when my residents try to call to the customer service line to cancel those services, they can spend more than 20 minutes waiting for a customer service representative without answer.

This is a very frail population, and it is a big concern that people can take advantage of elder just because they have a fragile health condition. I invite you to consider this case and stop the abuse of the elderly population.

Attached is a list of the people that so far have reported received this visit from Bellsouth representatives including name, address and phone number.

If you need more information or supporting material to document this case please let me know. This is very important for us. You can contact me anytime to (305) 819 6500

Dear Florida Public Service Commission,

case# 648480E

We are writing this letter as a follow up to the complaint against Florida Power and Light. Over the past several years we have been experiencing numerous power outages, surges, flickering of service (which FP&L calls momentaries) and brown outs in our area in Central Park at Jacaranda in Plantation, Florida.

We have sent in a petition earlier this year signed by Home Owners from a number of communities in the area. We have been contacted by FP&L on a number of occasions assuring us that these problems would be rectified. A list has been kept of the ongoing outages and reported monthly to Kelly Floyd at FP&L.

To this day the problem still exists. Increase after increase, surcharge afte surcharge and we still have constant service interuptions.

We find this extremely disheartening with FP&L's request for yet more surcharges due to the hurricanes. They do not deserve to recover any more money when they are still making a profit. We, the individuals, do not recover such losses, we just dig deeper and deeper into our pockets while FP&L continues to reap profits. This becomes even less palatable since the problems we have experienced for years have not been rectified.

When will you step in and help us to correct this problem and help the litle people?

Sincerely,

Richard Bernstein

Re: Riobe, et al. vs. Conklin Shows, Inc., et al. (11th Judicial Circuit, Case Nos. 04-7883 CA 32, et al.)

Dear Mr. Groves:

A subpoena duces tecum without deposition, referencing the above cases, was delivered to the Florida Public Service Commission's Division of the Commission Clerk and Administrative Services on November 28, 2005, at 8:40 a.m. The subpoena asks for "any and all records . . . with regard to: Date of Accident: 4-2-04; Place of Accident: Miami-Dade County Fair & Exposition; Location of Accident: Gravitron Ride."

The Florida Public Service Commission regulates electric, gas, telecommunications, and water and wastewater companies pursuant to chapters 366, 364 and 367, Florida Statutes. It has no oversight authority in the public exposition area that is apparently the subject of this suit. The Commission does not maintain the type of records described and is without knowledge of the accident you describe. Thus, I am writing to advise you that we will not be able to respond to the subpoena.

Please contact me if you need additional information.

Sincerely,

Kay Flynn, Chief

Non-Objection (select one)

 X SUBPOENA FOR PRODUCTION WITHOUT DEPOSITION: Pursuant to Florida Rule of Civil Procedure 1.351, which governs third party production without deposition in civil litigation in Florida, the undersigned attorney certifies that the rule has been fully complied with in that all parties to the above-styled litigation, including the above-named individual's representative, were given 15 days advance notice in writing that the enclosed subpoena(s) would be issued to the above entities with the requested information and that no written objections were timely received.

 NOTICE OF DEPOSITION: Pursuant to Florida Rules of Civil Procedure 1.310, 1.320 and 1.390, as applicable, which govern depositions in civil litigation in Florida, the undersigned attorney certifies that the applicable rule has been fully complied with in that all parties to the above styled litigation, including the individual's representative, were given reasonable advance notice in writing that the deposition(s) described in such notice would occur, including any duces tecum, and that no written objections were timely received.

HIPAA Compliance

Furthermore, as satisfactory assurance that the requirements Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), particularly 45 C.F.R. 164.512(e)(1)(ii)(A) & 164.512(e)(1)(iii), have been fully complied with, the undersigned hereby certifies that:

- A. The undersigned has made a good faith attempt to provide written notice to the above - named individual; AND,
- B. The notice included sufficient information about the litigation or proceeding in which the protected health information is requested to permit the individual to raise an objection to the court; AND,
- C. The time for the individual to raise objections to the court has elapsed; AND,
- D. No objections were filed, or all objections filed by the individual have been resolved by the court and the disclosures being sought are consistent with such resolution.

WE HEREBY CERTIFY that a true and correct copy of the foregoing was mailed to all
counsel on the attached list on this 20th day of Nov, 2005.

This is a formal complaint against Progress Energy.

1. I have been trying since February of 2005 to get some resolution to the over charged bills we received in January.
2. We have never received a bill of this magnitude before nor since January.
3. Installation of a new heat pump would not make the bills increase by three times the normal bill.
4. My grandson has lived upstairs in the office for more than a year. This did not cause the bill to elevate.
5. No one ever checked a meter in my presence, nor have I seen a person checking the meter.
6. If the January bill was due to the installation of a heat pump; wouldn't the February bill be equal since the weather was as cold?

My hope is not to punish the utility company but to get them to understand this bill is not correct and to have it adjusted according to other bills that have been received. I know this is not an accurate bill and I don't feel I need to give my money away because someone decides they can justify taking it with guidelines that are within the scope of the Commissions agreements. I trust the Commission will look at this from a personal point of view and agree with the fact that there is **no way** this bill could possibly be accurate. Thank you for your time.

Respectfully,

S W Ellis

Renewable Energy Generation Workshop Planned

TALLAHASSEE — The Florida Public Service Commission (PSC or Commission) took another step in its efforts to promote a balanced fuel supply for Florida. The Commission approved requests from the state's five investor owned utilities for standard contracts related to the purchase of capacity and energy fueled by renewable resources.

The Commission will also hold a workshop on how best to encourage renewable generation resources based on recently enacted legislation. The workshop will be open to the public and should be held early next year. By June 2006, the PSC is expected to make additional decisions regarding the purchase of renewable generation based, in part, on the information obtained at the workshop.

Subject: Documents to 050000-PU

Kim,

Document Nos. 10541-05 and 10543-05 are no longer in 030867-TL, 030868-TL, 030869-TL, and 030961-TI, they are now in the undocketed docket.
I'm not sure if copies were made for each of these dockets or not ??
but the original's should go in the undocketed docket.

I am deleting the document remark in the 4 dockets and placing the remark in only 050000-PU.

Timolyn,

please rescan-in & fix the top page of DNs 10541-05 and 10543-05,
with 050000-PU hand-written on the page.

thanks,

Marguerite.

RE: Verizon's Request for a Copy of MCI's Response to the 2005 CLEC Data Request

This is memo requests your permission for CCA to make a copy of confidential document numbers 06751-05 and 07106-05. These documents were filed by MCI as its response to the 2005 CLEC data request. Demetria Watts from Verizon called to ask for a copy of what MCI filed in response to the 2005 CLEC data request. She said that the employees who worked on the request are no longer with the company and a copy cannot be located. She requests the copy in order to aid in the completion of Verizon/MCI's response to this year's request.

If you have any questions, please let me know.

RE: Docket No. 050000-OT – Staff's compilation of confidential xDSL line data from
BellSouth's Document No. 07620-05, Part 2 of 2, Table-3

Pursuant to Section 11.04C.3.c.(2), Administrative Procedures Manual, I request that the attached six pages be destroyed because they contain confidential data from BellSouth's Document No. 07620-05, Part 2 of 2, Table-3.

The confidential data appearing on the prepared schedule is limited to the company name and number of xDSL lines for each exchange. The items are highlighted on each schedule but do not include the highlighted subtotals and totals. There is no ongoing need for the prepared document and, as requested above, I request that it be destroyed.

Thank you for your attention to this matter.
