PLANTATION BAY UTILITY CO.
WASTEWATER TARIFF

MISCELLANEOUS SERVICE CHARGES

Reconnection:

	During Regular Business Hours	After Regular Business Hours	Holidays, Saturdays and Sundays
Initial Connection	\$15.00	\$15.00	\$15.00
Normal Reconnection	\$15.00	\$15.00	\$15.00
Violation Reconnection	\$15.00	\$15.00	\$15.00
Premise Visit Charge In Lieu of Disconnection	\$10.00	-	-

The following definitions of the foregoing charges are provided for clarification:

The Company may charge the following miscellaneous service charges in accordance with the terms stated herein. If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company requires multiple actions.

1. INITIAL CONNECTION - This charge may be levied for service initiation at a location where service did not exist previously.
2. NORMAL RECONNECTION - This charge may be levied for transfer of service to a new Customer account at a previously served location or reconnection of service subsequent to a Customer requested disconnection.
3. VIOLATION RECONNECTION - This charge may be levied prior to reconnection of an existing Customer after disconnection of service for cause, including a delinquency in bill payment.
4. PREMISES VISIT CHARGE (IN LIEU OF DISCONNECTION) - This charge may be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill and does not discontinue service because the Customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.

Late Payment Charges:

A \$5.00 late payment charge will be added to a bill if the bill is not paid within twenty (20) days after the billing date.

EFFECTIVE DATE - July 26, 2006

RULES AND REGULATIONS

(Continued from Sheet No. 10.0)

- 13.0 ACCESS TO PREMISES - The duly authorized agents of the Company shall have access at all reasonable hours to the premises of the Customer for the purpose of installing, maintaining and inspecting or removing the Company's property, reading meters and other purposes incident to performance under or termination of the Company's agreement with the Customer and in such performance shall not be liable for trespass.
- 14.0 RIGHT-OF-WAY OR EASEMENTS - The Customer shall grant or cause to be granted to the Company, and without cost to the Company, all rights, easements, permits, and privileges which are necessary for the rendering of wastewater service.
- 15.0 BILLING PERIODS - Bills for wastewater service will be rendered monthly. Bills are due when rendered and shall be considered as received by the Customer when delivered or mailed to the water service address or some other place mutually agreed upon.

Non-receipt of bills by the Customer shall not release or diminish the obligation of the Customer with respect to the payment thereof.

- 16.0 DELINQUENT BILLS - Bills are due when rendered, and if not paid within twenty (20) days thereafter, a late payment charge of \$5.00 shall be added to the bill, and the bill shall become delinquent. If the bill is not paid after the Company gives five (5) days written notice to the Customer, service may be discontinued. Service will be resumed only upon payment of all past due bills and late payment charges and other penalties, together with the appropriate reconnection fee.

No partial payment of any bill rendered will be accepted by the Company, except by agreement with the Company, or by order of the Commission.

- 17.0 PAYMENT OF WATER AND WASTEWATER SERVICE BILLS CONCURRENTLY - When both water and wastewater service are provided by the Company, payment of any wastewater service bill rendered by the Company to a wastewater service Customer shall not be accepted by the Company without the simultaneous or concurrent payment of any water service bill rendered by the Company. If the charges for wastewater service are not so paid, the Company may discontinue both water and wastewater service to the Customer's premises for non-payment of the wastewater charges or, if the charges for wastewater service are not paid,

PLANTATION BAY UTILITY CO.
WASTEWATER TARIFF

SERVICE AVAILABILITY POLICY

1.0 **PURPOSE**

The Utility hereby establishes this policy for the purpose of creating a uniform method of determining the contribution in aid of construction (hereinafter "CIAC") to be borne by property owners, builders, or developers (hereinafter sometimes referred to as Contributor) within the certificated area of the Utility.

1.1 **General Policy**

The Utility adopts and incorporates herein by reference Chapter 25-30, Florida Administrative Code "F.A.C." concerning Service Availability for Water and Sewer System of the Florida Public Service Commission. Utility will make available service and extensions of service under said Rules, subject to matters of economic feasibility as defined in Rule No. 25-30.515, F.A.C. The word "person" as used in Rule 25-30.515 (4), F.A.C. shall mean and include "political subdivision".

2.0 **AVAILABILITY**

The provisions of this Policy are available to property owners, builders and developers throughout the certificated area subject only to matters of economic feasibility.

2.1 **Service Outside Certificated Area**

Owners, builders or developers being potential consumers whose property lies outside the Utility's certificated area may apply to the Utility for the extension of water distribution and/or sewage collection mains to said property.

Providing service outside the Utility's territory involves formal notice and formal proceedings before the Florida Public Service Commission and therefore entails engineering, administrative and legal expenses in addition to costs incurred by the Utility in providing service within its territory. Therefore, the Utility will not be obligated to provide its services outside the territory unless the contributor agree, in advance, to defray those additional expenses and pay to the Utility the estimated cost thereof. The advance payment will be adjusted to conform with the

PLANTATION BAY UTILITY CO.
WASTEWATER TARIFF

7.0 CONTRIBUTIONS-IN-AID-OF-CONSTRUCTION - TREATMENT FACILITIES AND MAIN EXTENSIONS

The Utility requires that all contributors pay contributions based in part on a pro rata share of the cost of treatment plant facilities and main extensions whether or not the facilities have been constructed or may be constructed to continue to render service. Such payments are herein defined as contributions-in-aid-of-construction (“CIAC”) and shall be made to all contributors upon approval of the governmental agency having jurisdiction over this Policy where water or wastewater service is available or agreed to be made available in the territory.

Utility further declares that these contributions shall be uniform among all contributors notwithstanding provisions of prior developer agreements or the practices and procedures pertaining to the charges as established prior to the adoption of Chapter 25-30, F.A.C.

It is the further purpose of this section to resolve inequities and discriminatory practices regarding contribution by placing all owners, builders and developers in parity with regard to such charges.

7.1 Schedule of CIAC for Treatment Facilities and Main Extensions - System Capacity Charge.

The following is the schedule of CIAC for treatment facilities and main extensions to be paid prior to the commencement of water and/or wastewater service as a prerequisite for such service.

<u>Water (1)</u>	<u>Per ERC</u>	<u>Per Gallon</u>
System Capacity Charge	N/A	N/A

<u>Wastewater (1)</u>	<u>Per ERC</u>	<u>Per Gallon</u>
System Capacity Charge	N/A	N/A

Charges to contributors pursuant to this Policy are calculated on a cost based upon the estimated demand of the contributor’s proposed installation upon the transmission and treatment facilities of the Utility. It is computed by multiplying the above rates by the daily rates (gallons of demand) in use or as calculated by the Utility provided, however, that no user of water and/or wastewater service shall pay less than the amount due for one ERC.

(1) Based upon an average daily demand of 350 gallons for water and 280 gallons for wastewater disposal for a single family residence (“ERC”).

RULES AND REGULATIONS

(Continued from Sheet No. 10.0)

- 12.0 PROTECTION OF COMPANY'S PROPERTY - The Customer shall exercise reasonable diligence to protect the Company's property on the Customers premises, and shall knowingly permit no one but the Company's agents or persons authorized by law, to have access to the Company's pipes and apparatus.

In the event of any loss or damage to property of the Company caused by or arising out of carelessness, neglect, or misuse by the Customer, the cost of making good such loss or repairing such damage shall be paid by the Customer.

- 13.0 ACCESS TO PREMISES - The duly authorized agents of the Company shall have access at all reasonable hours to the premises of the Customer for the purpose of installing, maintaining and inspecting or removing the Company's property, reading meters and other purposes incident to performance under or termination of the Company's agreement with the Customer and in such performance shall not be liable for trespass.

- 14.0 RIGHT-OF-WAY OR EASEMENTS - The Customer shall grant or cause to be granted to the Company, and without cost to the Company, all rights, easements, permits, and privileges which are necessary for the rendering of water service.

- 15.0 BILLING PERIODS - Bills for water service will be rendered monthly. Bills are due when rendered and shall be considered as received by the Customer when delivered or mailed to the water service address or some other place mutually agreed upon.

Non-receipt of bills by the Customer shall not release or diminish the obligation of the Customer with respect to the payment thereof.

- 16.0 DELINQUENT BILLS - Bills are due when rendered, and if not paid within twenty (20) days thereafter, a late payment charge of \$5.00 shall be added to the bill, and the bill shall become delinquent. If the bill is not paid after the Company gives five (5) days written notice to the Customer, service may be discontinued. Service will be resumed only upon payment of all past due bills and late payment charges and other penalties, together with the appropriate reconnection fee.

SERVICE AVAILABILITY POLICY

1.0 **PURPOSE**

The Utility hereby establishes this policy for the purpose of creating a uniform method of determining the contribution in aid of construction (hereinafter "CIAC") to be borne by property owners, builders, or developers (hereinafter sometimes referred to as Contributor) within the certificated area of the Utility.

1.1 **General Policy**

The Utility adopts and incorporates herein by reference Chapter 25-30, Florida Administrative Code "F.A.C." concerning Service Availability for Water and Sewer System of the Florida Public Service Commission. Utility will make available service and extensions of service under said Rules, subject to matters of economic feasibility as defined in Rule No. 25-30.515, F.A.C. The word "person" as used in Rule 25-30.515 (4), F.A.C. shall mean and include "political subdivision".

2.0 **AVAILABILITY**

The provisions of this Policy are available to property owners, builders and developers throughout the certificated area subject only to matters of economic feasibility.

2.1 **Service Outside Certificated Area**

Owners, builders or developers being potential consumers whose property lies outside the Utility's certificated area may apply to the Utility for the extension of water distribution and/or sewage collection mains to said property.

Providing service outside the Utility's territory involves formal notice and formal proceedings before the Florida Public Service Commission and therefore entails engineering, administrative and legal expenses in addition to costs incurred by the Utility in providing service within its territory. Therefore, the Utility will not be obligated to provide its services outside the territory unless the contributor agree, in advance, to defray those additional expenses and pay to the Utility the estimated cost thereof. The advance payment will be adjusted to conform with the

PLANTATION BAY UTILITY CO.
WATER TARIFF

7.0 CONTRIBUTIONS-IN-AID-OF-CONSTRUCTION - TREATMENT FACILITIES AND MAIN EXTENSIONS

The Utility requires that all contributors pay contributions based in part on a pro rata share of the cost of treatment plant facilities and main extensions whether or not the facilities have been constructed or may be constructed to continue to render service. Such payments are herein defined as contributions-in-aid-of-construction (“CIAC”) and shall be made to all contributors upon approval of the governmental agency having jurisdiction over this Policy where water or wastewater service is available or agreed to be made available in the territory.

Utility further declares that these contributions shall be uniform among all contributors notwithstanding provisions of prior developer agreements or the practices and procedures pertaining to the charges as established prior to the adoption of Chapter 25-30, F.A.C.

It is the further purpose of this section to resolve inequities and discriminatory practices regarding contribution by placing all owners, builders and developers in parity with regard to such charges.

7.1 Schedule of CIAC for Treatment Facilities and Main Extensions - System Capacity Charge.

The following is the schedule of CIAC for treatment facilities and main extensions to be paid prior to the commencement of water and/or wastewater service as a prerequisite for such service.

<u>Water (1)</u>	<u>Per ERC</u>	<u>Per Gallon</u>
System Capacity Charge	N/A	N/A
<u>Wastewater (1)</u>	<u>Per ERC</u>	<u>Per Gallon</u>
System Capacity Charge	N/A	N/A

Charges to contributors pursuant to this Policy are calculated on a cost based upon the estimated demand of the contributor’s proposed installation upon the transmission and treatment facilities of the Utility. It is computed by multiplying the above rates by the daily rates (gallons of demand) in use or as calculated by the Utility provided, however, that no user of water and/or wastewater service shall pay less than the amount due for one ERC.

(1) Based upon an average daily demand of 350 gallons for water and 280 gallons for wastewater disposal for a single family residence (“ERC”).
