**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

In re: Application for certificate  
to provide shared tenant telecommunications  
service by Four Points Utility Corporation

Docket No. 060405-TS

Filed: August 23, 2006

**REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Four Points Utility Corporation ("Utility"), by and through undersigned counsel, pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, requests that the Commission classify as confidential Exhibit "C" to the Utility's application for a certificate to provide shared tenant services within the State of Florida (the "STS Application").

In support of its request, the Utility states:

1. The Utility filed its original STS Application on May 18, 2006, on Commission Form PSC/CMP-37(01/06). The Utility subsequently filed its Amended STS Application on July 27, 2006. Part 19(c) of the STS Application Form requires that the applicant provide information concerning its financial capability to provide STS service. Pursuant to that requirement, on August 2, 2006, the Utility filed financial information as part of Exhibit "C" under cover of a Notice of Intent to Request Confidential Classification.
2. In its Notice, the Utility included within Exhibit "C" both an unaudited balance sheet as of July 31, 2006, as well as an unaudited personal financial statement dated June 1, 2006 of David Meadows, the sole shareholder of the Utility. Upon further review, the Utility has determined that the balance sheet is not confidential and therefore does not request the balance sheet be classified as confidential. In addition, the Utility has filed herein, as Confidential Exhibit "C", an updated personal financial statement of Mr. Meadows dated August 1, 2006, and therefore requests that the Commission return to the Utility the confidential financial statement of Mr. Meadows dated June 1, 2006.

3. Confidential Exhibit "C" contains the unaudited personal financial statement of the Utility's owner as of August 1, 2006. The information contained in Confidential Exhibit "C" is entitled to confidential classification pursuant to Section 364.183, Florida Statutes, and is exempt from Section 119.07(1), Florida Statutes, and Article I, Section 24(a) of the Florida Constitution because it is "proprietary confidential business information."

4. Section 364.183(3), Florida Statutes, defines "proprietary confidential business information" as:

. . . information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or a private agreement that provides that the information will not be released to the public.

5. The disclosure of the specified confidential financial information in Confidential Exhibit "C" could negatively affect other business ventures of Mr. Meadows -- the Utility's sole shareholder. This, in turn, could weaken the financial position of the Utility's owner to the detriment of the Utility and its ratepayers. The Commission has previously ruled that similar personal financial information was entitled to confidential classification because the release of the information could adversely impact the utility owner's other business ventures, weaken that owner's financial position, and thus indirectly harm the utility or its ratepayers. See *In re: Investigation into the level of water and sewer earnings of Hydratech Utilities, Inc., In Martin County*, 88 F.P.S.C. 10:380, Docket No. 861201, Order No. 20175 (October 17, 1988).

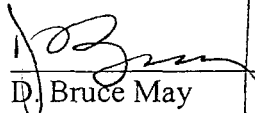

6. Pursuant to Rule 25-22.006(4)(b), Florida Administrative Code, the Utility affirms that the material identified as confidential in Confidential Exhibit "C" is intended to be and is treated by the Utility and Mr. Meadows as confidential.

7. Attached hereto in a sealed envelope is a copy of Confidential Exhibit "C" with the confidential information subject to this request highlighted in transparent ink. This information should be given confidential treatment by the Commission. There is only one copy of this Confidential Exhibit "C" which is attached to the original filing hereof. Also attached hereto are seven edited copies of Exhibit "C" on which the confidential material has been redacted. Because Confidential Exhibit "C" is confidential in its entirety, there is no basis for articulating a line-by-line justification for the confidential treatment of the information.

WHEREFORE, the Utility respectfully requests that the information contained in Confidential Exhibit "C" be classified as confidential and exempt from the Public Records Act, Chapter 119, Florida Statutes, and Article I, Section 24(a) of the Florida Constitution. The Utility further requests, pursuant to Section 367.156(4), Florida Statutes that the specified confidential information in Confidential Exhibit "C" be classified by the Commission as confidential for the maximum period of time allowed and the unredacted copy of the confidential exhibit be returned promptly to the Utility upon closure of this docket. Finally, the Utility respectfully requests that the Commission return the confidential financial statement of Mr. Meadows dated June 1, 2006, which was provided to the Commission on August 2, 2006.

Respectfully submitted this 23rd day of August, 2006.

Respectfully submitted,
