In re: Energy Conservation Cost Recovery Clause Docket No. 060002-EG

Filed: September 15, 2006

PETITION OF FLORIDA POWER & LIGHT COMPANY FOR APPROVAL OF ITS CONSERVATION COST RECOVERY FACTORS

Florida Power & Light Company ("FPL"), pursuant to Section 366.82(2), Florida Statutes (2001), Rule 25-17.015, Florida Administrative Code, Order No. PSC-93-0709-FOF-EG, and Order No. PSC-98-1084-FOF-PU, hereby petitions the Florida Public Service Commission ("Commission") for approval of the conservation cost recovery factors shown on Appendix I, attached hereto and incorporated by reference, to be applied during the January 2007 through December 2007 billing period and to continue in effect thereafter until modified by the Commission. The grounds for this Petition are:

1. The name and the address of the affected agency are:

Florida Public Service Commission 2540 Shumard Oak Boulevard Tallahassee, Florida 32399-0850

2. FPL's address is 9250 West Flagler Street, Miami, Florida 33174. Correspondence, notices, orders, motions and other documents concerning this petition should be

3. FPL is an investor-owned electric utility regulated by the Commission pursuant to Chapter 366, Florida Statutes. FPL is subject to the Florida Energy Efficiency Conservation Act ("FEECA"), and its Energy Conservation Cost Recovery ("ECCR") clause is subject to the Commission's jurisdiction. By rule, Florida Administrative Code 25-17.015(1)(d), and Order Nos. PSC-93-0709-FOF-EG, PSC-93-1845-FOF-EG, and PSC-98-1084-FOF-PU (among others), the Commission has authorized conservation cost recovery factors. FPL's substantial interest in the recovery of its conservation-related expenditures will be affected by this proceeding.

4. FPL's conservation cost recovery factors were calculated consistent with the order establishing annual conservation cost recovery factors, Order No. PSC-93-0709-FOF-EG, and the order establishing the ECCR cost of service methodology, Order No. PSC-93-1845-FOF-EG. The factors are designed to recover the projected conservation program expenses for the period January 2007 through December 2007 adjusted for (a) the estimated true-up for the period January 2006 through December 2006, and (b) the final conservation true-up for the period January 2005 through December 2005, as well as an interest provision for both true-ups. The calculation of these factors and the supporting documentation are contained in the prepared testimony of FPL witness Kenneth Getchell and in Exhibit KG-2, which are being filed with and are incorporated by reference in this Petition. Exhibit KG-2 consists of the conservation cost recovery forms that FPL and other utilities were directed to file by the Commission's Electric and Gas Department memorandum dated June 17, 1982.

5. FPL projects total conservation program costs, net of all program revenues, of \$175,303,326 for the period January 2007 through December 2007. The net true-up is an over recovery of \$4,662,647, which includes the final conservation true-up over recovery for January

2005 through December 2005 of \$5,849,271 that was reported in FPL's Schedule CT-1 filed May 1, 2006. Decreasing the projected costs of \$175,303,326 by the net true-up over recovery of \$4,662,647 results in a total of \$170,640,679 of conservation costs (plus applicable taxes) to be recovered during the January 2007 through December 2007 period. Total recoverable conservation costs and applicable taxes, net of program revenues and reflecting any applicable over or under recoveries are \$170,705,441, and the conservation cost recovery factors for which FPL seeks approval are designed to recover this level of costs and taxes.

6. FPL is not aware of any disputed issues of fact. This petition is not in response to a prior agency decision, so the petitioner cannot state when and how it "received notice of the agency decision." The Commission should approve the conservation cost recovery factors shown on Appendix I. FPL is entitled to relief pursuant to Section 366.82(2), Florida Statutes (2003), Rule 25-17.015, Florida Administrative Code, Order No. PSC-93-0709-FOF-EG, and Order No. PSC-98-1084-FOF-PU.

WHEREFORE, FPL respectfully petitions the Commission to approve for the billing period January 1, 2007 through December 31, 2007, and to continue in effect thereafter until modified by the Commission, the conservation cost recovery factors shown on Appendix I.

Respectfully submitted,
