EPSC-COMMISSION CLERK

Audit Finding No. 1

The Utility agrees with audit finding number 1 and would propose the same entry as Staff, which is as follows:

<u>A/C #</u>	A/C Description	Debit	<u>Credit</u>
1032010 Plant Hel	ld for Future Use		200,004
1084005 A/D - Tr	eatment Plant		44,481
2151000 R/E		44,481	
3804005 Sewage	Freatment Plant	200,004	

Audit Finding No. 2

The Utility agrees with audit finding number 2 and would propose the same as Staff, which is that accumulated depreciation for water be reduced by \$3,968 and depreciation expense for water be reduced by the same amount. In addition, per Staff's schedule, accumulated depreciation for wastewater should be reduced by \$163, and depreciation expense for wastewater should be reduced by the same amount. The entry would be as follows:

<u>A/C #</u>	A/C Description	Debit	Credit
1083021	A/D - Structures & Improvements	3	
	A/D - Meters	26	
	A/D - Tools	19	
	A/D - Transportation	4,295	
	A/D - Wells	1,200	3
	A/D - Electric Pump		120
	A/D - Water Treatment Equpment		120
	A/D - Reservoirs		4
	A/D - Mains		22
	A/D - Service Lines		87
	A/D - Meter Installations		94
	A/D - Hydrants		2
	A/D - Office Structures		2
	A/D - Office Furniture		30
	Depreciation Expense - Wells	3	50
	Depreciation Expense - Electric Pump	120	
	Depreciation Expense - Water Treatment Equipment	120	
	Depreciation Expense - Reservoirs	4	
	Depreciation Expense - Mains	22	
	Depreciation Exense - Service Lines	87	
	Depreciation Expense - Meter Installations	94	
	Depreciation Expense - Hydrants	2	
	Depreciation Expense - Office Structures	2	
	Depreciation Expense - Office Furniture	. 30	
	Depreciation Expense - Structures & Improvements	. 50	3
	Depreciation Expense - Meters		26
	Depreciation Expense - Tools		20 19

	Depreciation Expense - Services		32,113
+055005	Depresiation Expense - Gewage Treatment Flatt		24,113

Audit Finding No. 3

The Utility agrees with audit finding number 3 in that cash working capital should be included in rate base. However, cash the utility did include it's working capital balance in Schedules A-1 and A-2 of the MFR, which is labeled as Exhibit 1 in Staff's audit report. The Utility believes no adjustment per this audit finding is necessary.

Audit Finding No. 4

The Utility agrees with audit finding number 4 in that the average WSC allocated utility plant in service balance should increase by \$2,503 (\$1,296 to water and \$1,207 to sewer) per the audit report in Docket No. 060253-WS. The Utility would also like to note that beginning June 30, 2006, it books WSC rate base to each affiliate company, in the respective rate base accounts.

Audit Finding No. 5

The Utility agrees with the reclassification of common plant to both water and wastewater based on the percentage of customers, and agrees that water and wastewater rate bases are overstated and understated by \$11,319, while water and wastewater depreciation expense balances are overstated and understated by \$1,601.

Audit Finding No. 6

The Utility has reviewed audit finding number 6 and has several comments. First, the Utility has confirmed that vehicle 0427 in the amount of \$17,763 mentioned in the audit report is indeed not being used in Cypress Lakes. However, this vehicle is being used in Labrador by a full time operator, Shantavious Rainey. Therefore, while this vehicle should come out of Cypress Lakes, it should be included in rate base for Labrador. Additionally, while the actual cost of the vehicle is \$17,763 as stated in the audit report, Staff neglected to remove the cost of the side box that is linked to this vehicle. The total cost to remove for vehicle 0427 is \$18,590, as shown on the attached depreciation schedule. Finally, the Utility agrees with Staff's adjustment to transportation expense in order to remove any transportation expense associated with vehicle 0427. However, the Utility notes that since this vehicle is being used in Labrador box 8 and MFR. The Utility would propose the following entry to its books:

A/C # A/C Description	Debit Credit
1083050 A/D - Transportation	6,198
3917000 Transportation Equipment	18,590
4032092 Depreciation Expense - Transportation	3,099
6501020 Transporation Expense - Gas	3,268
6501030 Transportation Expense - Repairs	2,080

Depreciation expense was calculated using the total cost of the transportation equipment multiplied by 16.67%. Accumulated depreciation was calculated at the same rate with 2 years depreciation.

The average amounts proposed by the Utility for ratemaking purposes are as follows:

<u>A/C #</u>	A/C Description	<u>2004</u>	<u>2005</u>	Average
1083050 A/D - T 3917000 Transpo	ransportation prtation Equipment	(24,843) 54,793	(13,270) 18.847	(19,057) 36,820
<i></i>		Water	Sewer	<u>Total</u>
Transportation Equi	pment adjustment per Audit	(26.627)	17 746	
• •	pment adjustment per Audit pment adjustment per Utility audit exceptions	(26,627) (26,843)	17,746 17,548	(8,881) (9,295)
Difference		(216)	(198)	(414)
A/D - Transportatio	n adjustment per Audit	11,722	(9,501)	2,221
A/D - Transportatio	n adjustment per Utility audit exceptions	12,182	(9,082)	3,099
Difference		460	419	878
Depreciation Expen	se - Transportation per Audit		9,020	
Depreciation Expen	se - Transportation per Utility audit exceptions	_	8,882	
Difference		_	(138)	

Finally, cash working capital should decrease by 1/8 of the amount in transportation expenses, or by \$669. However, this cash working capital allowance should be added to Labrador's cash working capital balance.

Audit Finding No. 7

The Utility disagrees with the adjustment to remove prior rate case expense. Although the yearly approved amortization was only \$14,236, the Utility would most certainly incur costs shortly before hearing, during the hearing, and post hearing. While these costs could not have been known and measurable at the time rate case expense from the prior case was approved, they are certainly known and measurable now, and are indisputably costs incurred in association with the prior rate case. Therefore, the additional rate case expense should be included as a part of amortization of rate case expense in this proceeding. The Utility proposes to include the expense of \$2,379 and \$2,311 for water and wastewater respectively in this proceeding.

Audit Finding No. 8

The Utility agrees with Staff's findings in number 8. However, the Utility would like to point out the amount of the purchased power invoice was actually \$630.66, not \$360.66. The journal entry is as follows:

<u>A/C #</u>	A/C Description	Debit	Credit
2151000 R/E		4,647	
6151010 Purchased Power			631
6759490 Miscellaneous - W	ater		34
7758490 Miscellaneous - S	ewer		3,982

Additionally, working capital should be reduced by 1/8 of the O&M reduction. Therefore the reduction to working capital is \$83 for water and \$498 for sewer.

Audit Finding No. 9

The Utility agrees with audit finding number 9 in that Cypress Lake's expenses from WSC are overstated by \$850 and \$1,074 for water and sewer respetively, and that working capital is overstated by \$106 and \$134 for water and sewer respectively. The breakdown is as follows:

<u>A/C #</u>	A/C Description	Debit	Credit
6329002 Aud	it Fees		565
6599090 Insu	rance		965
6759005 Post	age Fees		318
6369009 Am	ortization Expense - Computer		78
4032098 Dep	reciation Expense	2	
4191010 Inte	rest Income *	1	
4272090 Inte	rest Expense *	317	
2151000 R/E	-	1,606	

* Not included in net operating income

Audit Finding No. 10

The Utility disagrees with Staff's comments in audit finding number 10. Staff is correct in saying that the Utility provided the total invoice, but is incorrect in saying the allocations are all internally calculated. The Utility has enclosed the GE Capital Fleet invoice for reference. While the first two sheets of the invoice are internally created, they are only a reference to the actual GE Capital Fleet invoice. GE's actual invoice begins on the third page and continues through the rest of the invoice. GE tracks all fuel, maintenance and card fees separately for each company, and even breaks it down by each vehicle within each company. The Utility does not request the breakdown by vehicle to come in the mail with the actual invoice begins to show the the Utility receives the invoice in the mail, it is able to view backup for the invoice online to ensure that the invoice is correct. The Utility has enclosed the backup for the invoice the backup for the invoice begins on the Staff may view the same detail that the Utility has access to.

Audit Finding No. 11

The Utility recognizes Staff's comments in audit finding number 11.

Audit Finding No. 12

As of current, the Utility has not collected any monies from the developer in association with fire hydrant improvements. Therefore, any reduction to rate base at this time is unnecessary. However, if the developer does contribute any monies for this completed project in the future, the Utility would record these monies as CIAC.

Audit Finding No. 13

The Utility recognizes that there are certain assets that were contributed by a developer and in service that are not recorded in either CIAC or UPIS on the Utility's general ledger. Please see the attached lists of contributed property. The Utility will properly record these assets in UPIS and CIAC accordingly.

Audit Finding No. 14

The Utility agrees with the capital structure presented in audit finding number 9. This was the capital structure agreed upon in Docket No. 060253-WS.

Audit Finding No. 15

The Utility agrees with item (1) of audit finding number 10, and would propose the same entry as Staff, which is as follows:

<u>A/C #</u>	A/C Description	Debit	Credit
2151000 R/E		239	
1902031 State ADIT	- Depreciation		239

The Utility agrees with item (2) of audit finding number 10, and would propose the same entry as Staff, which is as follows:

<u>A/C #</u>	A/C Description	Debit	<u>Credit</u>
2151000 R/E			18,665
1901024 Federal ADI	T - Org Costs	18,665	

While the final audit requests surrounding ADIT were not complete for the audit reports, the Utility has now completed these per audit Staff's request and has provided them to Commission audit Staff for their use or for the use of testifying Staff. This satisfies item (3) of audit finding number 10.

The Utility recognizes Staff comments in item (4) of audit finding number 10.

The Utility recognizes Staff comments in item (5) of audit finding number 10.

The Utility recognizes Staff comments in item (6) of audit finding number 10.

# Re: Cost of Water and Sewer System

### Cvpress Lakes Phase 8

Dear Mr. Flynn:

In accordance with your request we are forwarding herewith the total cost for water and sewer in the Phase 8 section of Cypress Lakes. Please note these are the actual construction cost numbers from Lesters's Construction.

Other information is being forwarded under separate cover.

Very Truly Yours.

MICHAEL J. GAYLOR, P.E.

### BILL OF SALE

# KNOW ALL MEN BY THESE PRESENTS:

THAT, Cypress Lakes Associates, Ltd. (Owner) having his principal place of business at 10000 US 98 North, Lakeland (hereinafter referred to as "Seller"), for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) and other valuable considerations paid by Cypress Lakes Utilities, Inc., a Florida corporation, whose address is 200 Weathersfield Avenue, Altamonte Springs, Florida 32714, (herein referred to as "Purchaser"), the receipt of which is hereby acknowledged by the Seller, has granted, bargained, sold, transferred, set over and delivered by these presents does hereby grant, bargain, sell, transfer and set over and deliver to the Purchaser the following:

ALL UTILITY FACILITIES DESCRIBED IN THE ITEMIZED LIST OF MATERIALS USED IN CONSTRUCTION AS ATTCHED HERETO EXHIBIT "A".

The Seller covenants to and with the Purchaser and its successors and assigns, that the Seller is the lawful owner of said personal property; that said property is free from all liens and encumbrances except those described herein, if any; that the Seller has good right to sell said property to the aforesaid Purchaser; and that the Seller warrants and shall defend said property against the claims and demands of all persons whomsoever.

TO HAVE AND TO HOLD all said property as above described unto the Purchaser, its successors and assigns forever.

IN WITNESS WHEREOF, the Seller has executed this Bill of Sale as of the  $\frac{8}{2005}$ .

Signed, sealed and delivered	Cypress Lakes Associates, Ltd.
