Re: Brentwood Lakes Subdivision – 290 Bending Branch Lane, Palm Bay, Florida
32907

Dear Mrs. Bayó:

It is our understanding that Brentwood Lakes subdivision is a DR Horton development that will include approximately 450 single family residences and that residents are expected in/about the third quarter of 2006.

DR Horton has informed BellSouth that it has entered into an agreement with another provider for the installation of communications infrastructure and that provision of communications services to residents over the infrastructure will be pursuant to bulk agreements with service providers other than BellSouth. The developer further informed BellSouth that private communications easements have been granted to the other providers and that BellSouth can only install facilities in dedicated public rights-of-ways. However, the subdivision has private roads, and BellSouth cannot reach residences by installing facilities only in public rights-of-way. The contact information for the developer is as set forth in the "cc" line below.

- CMP _____
- COM _____
- CTR _____
- ECR _____
- GCL _____
- OPC _____
- RCA _____
- SCR _____
- SGA _____
- SEC 1
- OTH _____

Pursuant to Section 364.025(6)(b)(1) and (6)(b)(3), Florida Statutes, we are writing to inform the Commission that BellSouth has been restricted from installing its communications facilities during the construction phase of the above property and of the collection from residents of fees for communications service through bulk arrangements with another service provider. Accordingly, BellSouth is relieved of its carrier of last resort obligation at the property, effective as of the date of the agreement(s) with the other provider(s), and will not be providing service to residents at the property.

Sincerely,

Nancy H. Sims
Nancy H. Sims
