BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: MCI Communications Services, Inc.) d/b/a Verizon Business Services) RAF January-June 2005–RCA No. 05-244-4-2) Undocketed Filed: November 13, 2006

MCI COMMUNICATIONS SERVICES, INC. D/B/A VERIZON BUSINESS SERVICES'S REQUEST FOR CONFIDENTIAL CLASSIFICATION AND <u>MOTION FOR PROTECTIVE ORDER</u>

Under Commission Rule 25-22.006, F.A.C., MCI Communications Services, Inc. d/b/a Verizon Business Services ("Verizon Business") seeks confidential classification and a protective order for information contained in audit workpapers and materials produced by Verizon Business in response to RCA No. 05-244-4-2. A substantial portion of these work papers and Verizon Business materials consists of or was derived from highly sensitive, proprietary financial information requested by staff auditors during their regulatory assessment fee audit of Verizon Business.

All of the information for which Verizon Business seeks confidential treatment

falls within Florida Statutes section 364.183(3), which defines "proprietary confidential

business information" as:

Information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

> DOCUMENT NUMBER-DATE 10413 NOV 13 8 FPSC-COMMISSION CLERK

Florida Statutes section 364.183(3)(a) expressly provides that "trade secrets" fall within the definition of "proprietary confidential business information." Florida Statutes section 364.183(3)(e), further provides that "proprietary confidential business information" includes "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of information."

If competitors were able to acquire the confidential information at issue, they could more easily develop entry and marketing strategies to ensure success in competing with Verizon Business. This would afford them an unfair advantage while severely jeopardizing the competitive position of the company whose confidential information is disclosed. In a competitive business, any knowledge obtained about a competitor can be used to the detriment of the entity to which it pertains, often in ways that cannot be fully anticipated. This unfair advantage skews the operation of the market, to the ultimate detriment of the telecommunications consumer. Accordingly, Verizon Business respectfully requests that the Commission classify the identified information as confidential and enter an appropriate protective order.

While a ruling on this request is pending, Verizon Business understands that the information at issue is exempt from Florida Statutes section 119.07(1) and Staff will accord it the stringent protection from disclosure required by Rule 25-22.006(3)(d).

In accordance with Rule 25-22.006(4), Verizon Business files herewith one set of the workpapers as to which it seeks confidential classification with the confidential portions highlighted, attached hereto as Exhibit A. Also included in Exhibit A are three computer discs as to which Verizon Business seeks confidential classification. Two sets of copies with the confidential portions redacted are attached hereto as Exhibit B. Exhibit C lists the specific workpapers and contains justification of the confidentiality of the information at issue.

Respectfully submitted on November 13, 2006.
